The Pacific:

The Pacific Islands Moshe Rapaport, 1999 Academic survey of the Pacific Islands Includes maps photographs tables diagrams atlas and detailed index Textiles in the Pacific, 1500-1900 Debin Ma, 2017-03-02 Textiles in the Pacific 1500 1900 brings together 13 articles which include both classics and lesser known but important works related to the trade and production of textiles in the Pacific region extending from the tip of Northeast Asia to the other end of South America and Australia Collectively these articles bring out two central themes as highlighted in the introduction First there is the leading role of textiles in linking up the economies across the Pacific in the era before the 19th century rise of steam engine powered global integration Second is the crucial role of textile manufacturing and trade in the early stage of industrialization for most of the developing Pacific economies after the 19th century The volume also reflects both revolutionary shifts in paradigms and revisions of traditional consensus and seeks to present a more balanced account of global trade and market integration in the early modern period **Security Cooperation in the Pacific Islands** Joanne Wallis, Henrietta McNeill, James Batley, Anna Powles, 2025-03-20 Wallis McNeill Batley Powles and the contributors examine the dynamics of Pacific Islands security cooperation analysing how it helps address regional security challenges amid the broader strategic competition between China and the United States that is increasingly playing out in the region Pacific Island countries do not want to become pawns in this competition but its impacts are inescapable and are creating additional security challenges Compounding these effects are climate change and COVID 19 both of which have intersected with existing traditional and non traditional security challenges facing the region In response Pacific Island leaders have vowed to pursue greater security cooperation amongst themselves and with partner states This book addresses partner states interests in the region how these interests and Pacific priorities align and if not what the possible consequences may be It also analyses successful areas of security cooperation and tackles how challenges may be improved Incorporating a range of perspectives from key leaders practitioners and scholars this is an empirically grounded analysis of security cooperation within the Pacific Islands region and by the region's major partners A vital resource for researchers and practitioners seeking to better understand Pacific Islands security collaboration and the inherent challenges it faces The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *Pacific* Hugh Ambrose, 2011-06-01 Private Sidney Phillips First Lieutenant Austin Shofner Ensign Vernon Micheel Private Eugene Sledge Sergeant John Basilone Through the eyes of these five fearless and devoted men Hugh Ambrose tells the epic story of the war in the Pacific It is an intimate personal history of a brutal unforgiving conflict Combatting Climate Change in the Pacific Marc Williams, Duncan McDuie-Ra, 2017-12-12 This book analyses the regional complexes of climate security in the Pacific Pacific Island States and Territories PICTs have long been cast as the frontline of climate change and placed within the grand architecture of global climate governance The region provides compelling new

insights into the ways climate change is constructed governed and shaped by and in turn shapes regional and global climate politics By focusing on climate security as it is constructed in the Pacific and how this concept mobilises resources and shapes the implementation of climate finance the book provides an up to date account of the way regional organizations in the Pacific have contributed to the search for solutions to the problem of climate insecurity In the context of the United Nations Climate Change Conference COP21 in Paris in 2015 the focus of this book on regional governance offers a concise and innovative account of climate politics in the prevailing global context and one with implications for the study of climate security in other regions particularly in the developing world

Asia in the Pacific Islands R. G. Crocombe, 2007 A spectacular transition is under way in the Pacific Islands as a result of which all our lives will be radically different In the last fifty years or so Asia has begun to play a bigger and bigger role in all aspects of Islands life migration trade and investment aid and development information and media religion culture and sport It is replacing the West The process is irreversible With his trademark breadth and depth of knowledge and understanding of the region based on over half a century of experience study and deliberation Ron Crocombe documents the early connections between Asia and the Pacific details recent and continuing changes and poses challenging theories about the future Publisher

Globalisation and Governance in the Pacific Islands Stewart Firth, 2006-12-01 The Pacific Islands are feeling the effects of globalisation Free trade in sugar and garments is threatening two of Fiji s key industries At the same time other opportunities are emerging Labour migration is growing in importance and Pacific governments are calling for more access to Australia s labour market Fiji has joined Samoa Tonga Tuvalu and Kiribati as a remittance economy with thousands of its citizens working overseas Meantime Papua New Guinea and Solomon Islands grapple with an older kind of globalisation in which overseas companies exploit mineral and forest resources The Pacific Islands confront unique problems of governance in this era of globalisation The modern democratic state often fits awkwardly with traditional ways of doing politics in that part of the world Just as often politicians in the Pacific exploit tradition or invent it to serve modern political purposes The contributors to this volume examine Pacific globalisation and governance from a wide range of perspectives They come from Papua New Guinea Solomon Islands Hawaii i the Federated States of Micronesia Samoa Fiji New Zealand and Jamaica as well as Australia Publisher s description
