The Padrone:

New Critical Approaches to the Short Stories of Ernest Hemingway Jackson J. Benson, 2013-07-12 With an Overview by Paul Smith and a Checklist to Hemingway Criticism 1975 1990 New Critical Approaches to the Short Stories of Ernest Hemingway is an all new sequel to Benson's highly acclaimed 1975 book which provided the first comprehensive anthology of criticism of Ernest Hemingway's masterful short stories Since that time the availability of Hemingway's papers coupled with new critical and theoretical approaches has enlivened and enlarged the field of American literary studies This companion volume reflects current scholarship and draws together essays that were either published during the past decade or written for this collection The contributors interpret a variety of individual stories from a number of different critical points of view from a Lacanian reading of Hemingway's *After the Storm* to a semiotic analysis of *A Very Short Story* to an historical biographical analysis of *Old Man at the Bridge* In identifying the short story as one of Hemingway's principal thematic and technical tools this volume reaffirms a focus on the short story as Hemingway's best work An overview essay covers Hemingway criticism published since the last volume and the bibliographical checklist to Hemingway short fiction criticism which covers 1975 to mid 1989 has doubled in size Contributors Debra A Moddelmog Ben Stotzfus Robert Scholes Hubert Zapf Susan F Beegel Nina Baym William Braasch Watson Kenneth Lynn Gerry Brenner Steven K Hoffman E R Hagemann Robert W Lewis Wayne Kvam George Monteiro Scott Donaldson Bernard Oldsey Warren Bennett Kenneth G Johnston Richard McCann Robert P Weeks Amberys R Whittle Pamela Smiley Jeffrey Meyers Robert E Fleming David R Johnson Howard L Hannum Larry Edgerton William Adair Alice Hall Petry Lawrence H Martin Jr Paul Smith The Collected Sicilian Folk and Fairy Tales of Giuseppe Pitre Jack Zipes, Joseph Russo, 2013-01-11 This two volume set collects 300 of the most entertaining and important folk and fairy tales of Giuseppe Pitre a nineteenth century Sicilian folklorist whose significance ranks alongside the Brothers Grimm In stark contrast to the more literary ambitions of the Grimms tales Pitre's possess a charming earthy quality that reflect the customs beliefs and superstitions of the common people more clearly than any other European folklore collection of the 19th century Edited translated and with a critical introduction by world renowned folk and fairy tale experts Jack Zipes and Joseph Russo this is the first collection of Pitre's tales available in English Carmelo Letterer's illustrations throughout the volume are as lively and vivid as the stories themselves illuminating the remarkable imagination captured in the tales *Reinventing Free Labor* Gunther Peck, 2000-05-22 One of the most infamous villains in North America during the Progressive Era was the padrone a mafia like immigrant boss who allegedly enslaved his compatriots and kept them uncivilized unmanly and unfree In this history of the padrone first published in 2000 Gunther Peck analyzes the figure's deep cultural resonance by examining the lives of three padrones and the workers they imported to North America He argues that the padrones were not primitive men but rather thoroughly modern entrepreneurs who used corporations the labour contract and the right to quit to create far flung coercive networks Drawing on Greek Spanish

and Italian language sources Peck analyzes how immigrant workers emancipated themselves using the tools of padrone power to their own advantage **Immigrant Institutions** George E.
