comprehensive up to date account of the dynamics in the Palestinian political arena Ann M Lesch Villanova University This innovative study examines the internal dynamics of the Palestinian political elite and their impact on the struggle to establish a Palestinian state The PLO leadership has sought to prevent the rise of any alternative in the West Bank and Gaza Strip that can challenge its authority to represent Palestinian aspirations for self determination Drawing on Palestinian sources and interviews with Palestinian political leaders Jamal argues that the Fatah leadership has attempted to mobilize new social forces local secular nationalist and Islamist movements while undermining their ability to develop independent power structures This policy has served to radicalize the younger local elites contributing to the tensions that precipitated the first and second intifadas Israel s policies have undermined the legitimacy of the national elite while enhancing the Islamist opposition s ideological legitimacy In this way internal elite disunity and growing political differentiation have worked against development of a common Palestinian strategy of state building

**The Palestinian Left and Its Decline** Francesco Saverio Leopardi, 2020-07-06 This book examines the history of the Palestinian Left by focusing on the trajectory of the Popular Front for the Liberation of Palestine PFLP during its declining phase Relying on a substantial corpus of primary sources this study illustrates how the PFLP s political agency contributed to its own marginalisation within the Palestinian national movement Following the 1982 eviction of the Palestine Liberation Organisation PLO from Lebanon the bases of the PFLP s opposition to Fatah s primacy in the national movement were jeopardised This book argues that the PFLP s loyalty to the PLO institutional and political framework prevented the formulation of a real counterhegemonic political project This drove the PFLP s action to suffer a fundamental contradiction undermining its stance within the national movement In the attempt to continue its opposition to Fatah while maintaining integration in the Palestinian mainstream the PFLP s agency fluctuated compromising its effectiveness and credibility Apparently irreversible the PFLP s marginalisation is a factor fostering the current Palestinian impasse as no alternative is emerging to break the thirteen year long Hamas Fatah polarisation

**Continental Philosophy and the Palestinian Question** Zahi Zalloua,2017-02-23 From Sartre to Levinas continental philosophers have looked to the example of the Jew as the paradigmatic object of and model for ethical inquiry Levinas for example powerfully dedicates his 1974 book Otherwise than Being to the victims of the Holocaust and turns attention to the state of philosophy after Auschwitz Such an ethics radically challenges prior notions of autonomy and comprehension two key ideas for traditional ethical theory and more generally the Greek tradition It seeks to respect the opacity of the other and avoid the dangers of hermeneutic violence But how does such an ethics of the other translate into real everyday life What is at stake in thinking the other as Jew Is the alterity of the Jew simply a counter to Greek universalism Is a rhetoric of exceptionalism with its unavoidable ontological residue at odds with shifting political realities Within this paradigm what then becomes of the Arab or Muslim the other of the Jew the other of the other so to speak This line of ethical thought in its desire to bear witness to past suffering and come to terms with subjectivity after Auschwitz arguably brackets from analysis present operations of power Would then a more sensitive historical approach expose the Palestinian as the other of the Israeli Here Zahi Zalloua offers a challenging intervention into how we configure the contemporary **The Palestinian**

*The Use of New Media by the Palestinian Diaspora in the United Kingdom* Amira Halperin, 2018-11-07. This book presents pioneering research on the impact of new media on the Palestinian Diaspora and is the result of unprecedented access to the Palestinian community in the United Kingdom. It explores issues of politics, conflict resolution, new media and daily life experiences of the dispersed Palestinian people. The research is linked to the contemporary phenomenon of the large immigration wave from the Middle East and Africa to Europe and the increasing use of internet and smart phone applications by immigrants. As the book shows, new technology empowers the Palestinian people, enables their global visibility and strengthens democratic values in this society. It deals with the impact of new media on the Palestinian Diaspora from the emergence of satellite television channels and the internet to the development of social networks and smart phone applications. During the research period, internet and smart phone usage of Palestinians in the UK was higher than the usage in Gaza and the West Bank. In recent years, there has been a significant increase in the use of digital and information technology in Gaza and the West Bank. The book will primarily appeal to international scholars specializing in media, the Middle East diaspora and migration, political science and peace and conflict studies. It will also be of interest to those involved in politics and new media as well as government decision makers and legislators.

[The Palestinian Strategic Report 2010/11](#) Dr. Mohsen Mohammad Saleh, 2011-05-23. This annual referential report has become an essential classic in the academic realm of Palestinian Studies. It includes the latest and most recent statistical and analytic data on the various developments related to the Palestinian issue. Al Zaytouna Centre for Studies and Consultations issued its Palestinian Strategic Report 2010/11, PSR 2010/11, which addresses the developments of the Palestinian issue in 2010/11. The PSR is considered one of the most important scientific studies published annually by Al Zaytouna Centre. The Report is rich with information, analyses, tables and charts, besides strategic visions and future outlooks. It is published for the sixth year in a row and it has become one of the major sources for experts and those interested in the Palestinian issue. It provides a comprehensive coverage of the developments of the Palestinian issue that happened over a year while abiding by strict scientific and professional standards. The Report is 444 medium-sized pages. It is co-authored by

15 researchers specialized in the Palestinian issue reviewed by four consultants and edited by Dr Mohsen M Saleh The PSR 2010 11 stresses that the uprisings witnessed in the Arab world since early 2011 especially in Egypt will have a direct impact on the Palestinian issue The impact will most likely be positive if the uprisings achieved their goals and yielded political regimes which express the real will of the Arab peoples However the Report notes that the internal affairs would most probably be the primary concern during the coming period Regarding the inter Palestinian reconciliation PSR 2010 11 asserts that the reconciliation agreement signed in Cairo last May still needs more serious steps to end the division and achieve real reconciliation on the ground It needs to resolve many obstacles through cooperation between the different parties away from external interventions and pressures On the Israeli level the Report mentions that 2010 has continuously witnessed the inclination of the Israeli society towards the extreme right It further notes the absence of any breakthroughs in 2011 especially in the light of Israel's rejection for the negotiations with President Mahmud Abbas The agreement signed with Hamas and the PA's attempts to obtain international recognition of the Palestinian State in September 2011 hindered such negotiations On the international level the PSR says that the international diplomatic efforts towards the Palestinian issue have failed again in 2010 They could not achieve any significant progress regarding the peace settlement track or the siege imposed on the Gaza Strip Moreover PSR 2010 11 includes a large number of figures and statistics on Israeli violations on different levels During 2010 98 Palestinians were killed in the West Bank and Gaza Strip including Jerusalem by Israeli forces and settlers while 967 Palestinians and international solidarity activists were wounded On the other hand Israel's internal security service mentioned that during 2010 9 Israelis were killed and 28 were wounded in operations carried out by the Palestinians Concerning settlement building the Report shows that despite the 10 month Israeli moratorium on settlement building Israel established 1819 buildings apartments in 133 settlements all over the West Bank including Jerusalem in addition to 1433 mobile homes caravans PSR 2010 11 also discusses the increased Israeli attacks on the Islamic and Christian holy sites in Jerusalem and historic Palestine during 2010 It further shows that the developments during that year revealed that the Judaization of Jerusalem has become the primary battle for Israel due to the obsession with the Jewishness of the state dominating the Israeli mind Concerning demographic indicators PSR 2010 11 mentions that at the end of 2010 the number of Palestinians around the world was around 11 14 million people More than half of them i e 5 75 million 51 6% live in Diaspora while the rest i e 5 39 million 48 4% live in historic Palestine The latter are distributed by 1 28 million people in the territories occupied in 1948 and 4 11 million in the 67 territories The Report mentions that if the current growth rates of the Palestinians and the Jews persist the number of Palestinians and Jews will become on par by 2017 where each will reach around 6 53 million Thus in 2020 around 49 2% of the population will be Jews as their number will reach 6 87 million compared to 7 09 million Palestinians Regarding the economic indicators in the West Bank and the Gaza Strip the Report shows that events during 2010 has not affected the direct dependence of the Palestinian economy on the

Israeli economy In addition the isolation of the Palestinian economy from the outside world continued due to the Israeli control of all international exits and Palestinian border crossings besides the Palestinian foreign trade PSR 2010 11 also refers to the enormous difference between the Palestinian economy in the West Bank and the Gaza Strip on one hand and the Israeli economy on the other Thus it shows for example that in 2010 the Palestinian GDP per capita was 1500 around 1925 in the West Bank and 877 in the Strip compared to 28 500 in Israel In addition the GDP amounted to 5 73 billion for the Palestinians compared to 217 13 billion for the Israelis *The Palestinian-Arab Minority in Israel, 1948-2000* As'ad Ghanem, Dr As'ad Ghanem, 2001-05-24 Examines the difficulties of Palestinian Arab political life in Israel The Palestinian Issue in Middle East Peace Efforts United States. Congress. House. Committee on International Relations. Special Subcommittee on Investigations, 1976 *Global Media Coverage of the Palestinian-Israeli Conflict* Nouredine Miladi, 2023-07-13 The attempts to evict Palestinian residents of Sheikh Jarrah in May 2021 caught the attention of the world While this small Palestinian neighbourhood in East Jerusalem had long been central to the Israel Palestinian conflict the planned expulsions pushed the situation back into the spotlight This book discusses the complexity of the media war that took place at the same time Across 20 chapters it compares Israeli Western Palestinian and Arab media to understand how different narratives were discussed supported and challenged In particular the book captures how social media became a site of online activism and alternative war narratives The volume is unique in focusing on a specific event from many different perspectives and with material from different countries and media platforms Case studies include the Spanish press the African press the BBC Al Jazeera English TRT World Television and digital media such as TikTok and Facebook as well as the impact of social media activism In doing so the book also comments on the extent that citizen journalists challenge the propaganda war A Report to the Congress Relating to the Palestinian Security Services and Palestinian Authority Reform United States.
