The Papers Of Andrew Johnson Vol 10 February July 1866:

The Papers of Andrew Johnson Andrew Johnson, 1967 The project continues with treatment of six extremely important months in Johnson's presidency and in the evolving of the Reconstruction story Documents have been selected from thousands for inclusion in full a few are summarized with identification for virtually every person and event mentioned Annotation copyright by Book News Inc Portland OR The Oath and the Office Corey Brettschneider, 2018-09-18 A clear-eyed accessible and informative primer vital reading for all Americans Kirkus Reviews starred review Can the president launch a nuclear attack without congressional approval Is it ever a crime to criticize the president Can states legally resist a president's executive order In today's fraught political climate it often seems as if we must become constitutional law scholars just to understand the news from Washington let alone make a responsible decision at the polls The Oath and the Office is the book we need right now and into the future whether we are voting for or running to become president of the United States Constitutional law scholar and political science professor Corey Brettschneider guides us through the Constitution and explains the powers and limits that it places on the presidency From the document itself and from American history's most famous court cases we learn why certain powers were granted to the presidency how the Bill of Rights limits those powers and what we the people can do to influence the nation's highest public office including if need be removing the person in it In these brief yet deeply researched chapters we meet founding fathers such as James Madison and Alexander Hamilton as well as key figures from historic cases such as *Brown v Board of Education* and *Korematsu v United States* Brettschneider breathes new life into the articles and amendments that we once read about in high school civics class but that have real impact on our lives today The Oath and the Office offers a compact comprehensive tour of the Constitution and empowers all readers voters and future presidents with the knowledge and confidence to read and understand one of our nation's most important founding documents Ulysses S. Grant Garry Boulard, 2024-06-10 Tolling slowly tolling the alarm bells of all America sent to every heart this morning the news long expected and long dreaded that Ulysses S Grant was dead announced the Boston Globe on July 23 1885 just hours after the one time Commanding General of the U S Army and former President of the United States had passed on Taking note of the extraordinary tributes and declarations of love expressed by people in all regions of the country black and white as Grant endured a months long struggle with throat cancer the paper asserted that such praise had sweetened the draught from Death's chalice till all the bitterness of the deadly poison had passed away and it was but as drinking from the Holy Grail In this work Ulysses S Grant The Story of a Hero Garry Boulard chronicles the career of one of the most consequential figures in American history Rightly regarded as a great military commander whose skills and strategic vision combined to bring about the end of the Civil War thus also forever obliterating a slavery that had entrapped nearly 4 million people Grant would serve two controversial terms as president working assiduously to foster a regional and racial reconciliation of the country At the time of his death he had just completed his

monumental two volume Personal Memoirs of U S Grant since praised by generations of historians and regarded as one of the most important works in all of American non fiction literature **The Swing Around the Circle** Garry Boulard,2008 In 1866 President Andrew Johnson was trying to find solutions to a bewildering array of immediate post Civil War challenges what to do about the recently liberated slaves how to bring the South back into the Union whether or not former members of the Confederacy should be pardoned and forgiven for their war time acts and building a thriving national economy that would provide jobs for millions of new veterans Confronted with an increasingly assertive Congress that had been frustrated by its lack of influence during the presidency of Abraham Lincoln Johnson decided to take his case directly to the American people for the fall mid term elections of 1866 becoming the first president in history to actively engage in a political campaign In a trade ride in which he was joined by the hero Ulysses S Grant the very young George Armstrong Custer and the legendary William Seward the secretary of state who was viciously attacked on the same night that Lincoln was murdered Johnson spoke to hundreds of thousands of voters from New York to Chicago and St Louis But because of his confrontational intemperate rhetorical style and habit of engaging hecklers in direct verbal battle Johnson alienated more people than he won over resulting not only in a thumping defeat for his cause at the polls but a move to impeach and remove him from office by opponents who were convinced that Johnson s behavior on the Swing Around the Circle showed that he was mentally unbalanced Repeatedly referred to by historians and reporters in the decades since the Swing Around the Circle has never been explored in one single book until now Andrew Johnson Garry Boulard,2021-04-05 Few presidents have been as eviscerated in history as Andrew Johnson who suddenly on a rainy morning in April of 1865 became the nation s new chief executive upon the assassination of Abraham Lincoln A man who rose from dire poverty through a sheer primal force of will Johnson was elected to every level of government always taking his case to the people in a remarkable if often chaotic career that included service as a state legislator member of Congress Governor of Tennessee U S Senator vice president and finally the presidency itself During the Civil War Johnson bravely stood up to Confederates his life repeatedly threatened serving at Lincoln s pleasure as the Military Governor of Tennessee and pushing for an end to slavery Yet he is the same man who upon succeeding Lincoln could not see his way clear to securing the full Constitutional rights for ex slaves Because of his endless fights and many confrontations Johnson s presidency has since been roundly condemned as one of the most disastrous in U S history Johnson notes Page Smith in his seminal People s History series put on full display a reckless and demonic spirit that drove him to excess to violence harsh words and actions He was thrust into a role that required tact flexibility and sensitivity to the nuance of public opinion qualities that Lincoln possessed in abundance but that Johnson lacked asserts historian Eric Foner He was an angry man notes David Stewart a chronicler of Johnson s impeachment trial and he was rigid and these were qualities that served him terribly as president Yet for all of the scholarly indictments of the 17th President indictments supported by a recent Siena College Research Institute historians survey placing him at the bottom in overall performance

Andrew Johnson challenges us as a singularly American story of triumph defeat and renewal a man who overcame the challenges of poverty class and alienation to reach the highest peaks of power in the country That drive was ironically most tellingly on display after Johnson left the White House denied even the opportunity of a party nomination for another term in office From the ashes of that loss Johnson methodically rose again winning election to the U S Senate and improbably returning to national prominence Andrew Johnson s renaissance coming 6 years after an unprecedented effort to impeach and remove him from the presidency represents one of the greatest comebacks in American political history and serves as a testament to a man who could never be totally defeated *Andrew Johnson and Ulysses S. Grant* Garry Boulard,2022-09-15

In the spring of 1865 after the end of the Civil War and the assassination of Abraham Lincoln two men bestrode the national government as giants Andrew Johnson and Ulysses S Grant How these two men viewed what a post war America should look like would determine policy and politics for generations to come impacting the lives of millions of people North and South black and white While both Johnson and Grant initially shared similar views regarding the necessity of bringing the South back into the Union fold as expeditiously as possible their differences particularly regarding the fate of millions of recently freed African Americans would soon reveal an unbridgeable chasm Add to the mix that Johnson having served at every level of government in a career spanning four decades very much liked being President and wanted to be elected in his own right in 1868 at the same time that a massive move was underway to make Grant the next president during that same election and conflict and resentment between the two men became inevitable In fact competition between Johnson and Grant would soon evolved into a battle of personal destruction one lasting well beyond their White House years and representing one of the most all consuming and obsessive struggles between two presidents in U S history **Unforgettable Sacrifice** Hilary N. Green,2025-02-25

Rediscover the Civil War through the voices that refused to be silenced *Unforgettable Sacrifice* offers a groundbreaking exploration into the heart of African American memory of the Civil War challenging conventional narratives and revealing a rich history preserved through oral traditions and communal efforts Through extensive archival research and stories shared on the porches of African American families Hilary Green provides a detailed examination of how diverse Black communities across the United States have actively preserved and contested the memory of the Civil War from the nineteenth century to the present By rejecting the reduction of their experiences to mere footnotes in history African Americans have established a vibrant commemorative culture that respects the complexity of their ancestors sacrifices and struggles From the rural landscapes of Black Pennsylvanians to the heart of emancipated communities in the South Green connects the narratives of those who not only fought on battlefields but also in the realms of memory and heritage ensuring their stories of resilience courage and patriotism are remembered *Unforgettable Sacrifice* brings to light the untold stories of ordinary African Americans who took extraordinary steps in remembrance and resistance By refusing to accept diluted narratives and lies they have ensured the legacy of the Civil War includes the end of slavery the valor of Black soldiers and

civilians and the ongoing struggle for democracy and full citizenship This book is a testament to the enduring power of memory and the steadfast spirit of the African American community It is an indispensable addition to the libraries of scholars general readers and descendant communities alike offering new perspectives on the lasting impact of the Civil War on American identity and the persistent pursuit of justice and equality *Civil Wars, Civil Beings, and Civil Rights in Alabama's Black Belt* Bertis D. English, 2020-10-06 Reconstruction politics and race relations between freed blacks and the white establishment in Perry County Alabama In his fascinating in depth study Bertis D English analyzes why Perry County situated in the heart of a violence prone subregion of Alabama enjoyed more peaceful race relations and less bloodshed than several neighboring counties Choosing an atypical locality as central to his study English raises questions about factors affecting ethnic disturbances in the Black Belt and elsewhere in Alabama He also uses Perry County which he deems an anomalous county to caution against the tendency of some scholars to make sweeping generalizations about entire regions and subregions English contends Perry County was a relatively tranquil place with a set of extremely influential African American businessmen clergy politicians and other leaders during Reconstruction Together with egalitarian or opportunistic white citizens they headed a successful campaign for black agency and biracial cooperation that few counties in Alabama matched English also illustrates how a significant number of educational institutions a high density of African American residents and an unusually organized and informed African American population were essential factors in forming Perry County's character He likewise traces the development of religion in Perry the nineteenth century Baptist capital of Alabama and the emergence of civil rights in Perry an underemphasized center of activism during the twentieth century This well researched and comprehensive volume illuminates Perry County's history from the various perspectives of its black interracial and white inhabitants amplifying their own voices in a novel way The narrative includes rich personal details about ordinary and affluent people both free and unfree creating a distinctive resource that will be useful to scholars as well as a reference that will serve the needs of students and general readers *The Development of the American Presidency* Richard J.

Ellis, 2015-06-26 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding beyond the current newspaper headlines The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis's own classroom pedagogy of promoting active learning and critical thinking is well

reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

The Journal of Mississippi History ,1993 Includes section Book reviews

The Presidents and the People Corey Brettschneider,2024-07-02 Winner of the American Bar Association s 2025 Silver Gavel Award American presidents have often pushed the boundaries established for them by the Constitution this is the inspirational history of the people who pushed back Imagine an American president who imprisoned critics spread a culture of white supremacy and tried to upend the law so that he could commit crimes with impunity In this propulsive and eminently readable history constitutional law and political science professor Corey Brettschneider provides a thoroughly researched account of assaults on democracy by not one such president but five John Adams waged war on the national press of the early republic overseeing numerous prosecutions of his critics In the lead up to the Civil War James Buchanan colluded with the Supreme Court to deny constitutional personhood to African Americans A decade later Andrew Johnson urged violence against his political opponents as he sought to guarantee a white supremacist republic after the Civil War In the 1910s Woodrow Wilson modernized popularized and nationalized Jim Crow laws In the 1970s Richard Nixon committed criminal acts that flowed from his corrupt ideas about presidential power Through their actions these presidents illuminated the trip wires that can damage or even destroy our democracy Corey Brettschneider shows that these presidents didn t have the last word citizen movements brought the United States back from the precipice by appealing to a democratic understanding of the Constitution and pressuring subsequent reform minded presidents to realize the promise of We the People This is a book about citizens Frederick Douglass Ida B Wells Daniel Ellsberg and more who fought back against presidential abuses of power Their examples give us hope about the possibilities of restoring a fragile democracy

Daniel Sickles: A Life Garry Boulard,2019-11-19 The name Daniel Sickles and the word controversy are synonymous Any student of 19th century American political history is familiar with Sickles 1859 murder of Philip Barton Key the son of Francis Scott Key who had seduced Sickles young wife That murder because Sickles was at the time a New York Congressman and Key a district attorney for Washington captured the country s imagination a front page event that inevitably ensnarled President James Buchanan a close Sickles friend inviting in the process explorations of what was seen as a sordid Washington society of the late 1850s Civil War historians know Sickles as the General who led the men of the Union s III Corps out onto the exposed expanse of the Peach Orchard at Gettysburg a decision many scholars have regarded as disastrous and one that nearly led to an overall Union defeat at the famous battlefield while losing for Sickles his right leg from Confederate shelling But these two singular if spectacular events in a very real sense represent only two days out of an

extraordinary lifetime of 94 years The rest of Sickles career was made up of his rise as a young stalwart of New York's notorious Tammany Hall his two terms in Congress leading up to the Civil War his contentious service as a military governor of the Carolinas after the War his newsworthy tenure as U S Minister to Spain in the late 1860s and early 70s and even his stint at the age of 70 as the sheriff of the county encompassing New York City Beyond the headlines were Sickles relationships with presidents ranging from Franklin Pierce to Abraham Lincoln and Ulysses S Grant not to mention an improbable friendship with Theodore Roosevelt at the turn of the century Daniel Sickles A Life is the first full length published treatment looking in depth at the entirety of one man's almost unbelievably colorful and contentious career Garry Boulard is the author of The Expatriation of Franklin Pierce The Story of a President and the Civil War iUniverse 2006 and The Worst President The Story of James Buchanan iUniverse 2015 Boulard's essays and reviews have appeared in the Journal of Southern History Journal of Ethnic Studies Louisiana History Journal of Mississippi History and Florida Historical Quarterly among many other publications

With Charity for All William Charles Harris, 1997 The first comprehensive examination of wartime Reconstruction this book offers a bold new interpretation of Lincoln's efforts to restore the seceded Union while the Civil War raged

The Development of the American Presidency Richard Ellis, 2022-05-02 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage Richard J Ellis looks at how the presidency has evolved in relation to the public to Congress to the executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change Each chapter promotes active learning beginning with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts New to the Fourth Edition Explicit and expanded attention to the role of norms in shaping and constraining presidential power with special focus on Trump's norm breaking and Biden's efforts to shore up norms Enhanced focus on the prospects for institutional reform including in the electoral college presidential relations with Congress war powers and the selection of Supreme Court justices A full reckoning with the Trump presidency and its significance for the future of American democracy presidential rhetoric the unilateral executive and the administrative state Coverage of the first year of Biden's presidency including presidential rhetoric relations with Congress and the bureaucracy use of the war powers and unilateral directives Comprehensive updating of debates about the removal power including the Supreme Court cases of *Seila Law v CFPB* and *Collins v Yellen* In depth exploration of the impact of partisan polarization on the legislative presidency and effective governance Analysis of the 2020 election and its aftermath Expanded discussion of

impeachment to incorporate Trump's two impeachments Examination of presidential emergency powers with special attention to Trump's border wall declaration Review of Biden's and Trump's impact on the judiciary Assessment of Biden's and Trump's place in political time **Historical Documentary Editions**, 1993 **Historical Documentary Editions 1993**, 1993 *Tennessee Historical Quarterly*, 2008 **Impeached** David O. Stewart, 2010-06-15 An account of the attempt to remove Andrew Johnson from the presidency It demolishes the myth that Johnson's impeachment was unjustified

A House Built by Slaves Jonathan W. White, 2022-02-12 Readers of American history and books on Abraham Lincoln will appreciate what Los Angeles Review of Books deems an accessible book that puts a human face many human faces on the story of Lincoln's attitudes toward and engagement with African Americans and Publishers Weekly calls a rich and comprehensive account Widely praised and winner of the 2023 Gilder Lehrman Lincoln Prize this book illuminates why Lincoln's unprecedented welcoming of African American men and women to the White House transformed the trajectory of race relations in the United States From his 1862 meetings with Black Christian ministers Lincoln began inviting African Americans of every background into his home from ex slaves from the Deep South to champions of abolitionism such as Frederick Douglass and Sojourner Truth More than a good will gesture the president conferred with his guests about the essential issues of citizenship and voting rights Drawing from an array of primary sources White reveals how African Americans used the White House as a national stage to amplify their calls for equality Even more than 160 years after the signing of the Emancipation Proclamation Lincoln's inclusion of African Americans remains a necessary example in a country still struggling from racial divisions today **Andrew Johnson** Hans Louis Trefousse, 1997-12 A study of President Johnson's public life and achievements as the man who succeeded Lincoln to the presidency in a time of political upheaval
