publication of a letter to Philip Mazzei in which Jefferson decried the former Samsons in the field and Solomons in the council who had been shorn by the harlot England made the vice president the uncomfortable target of intense partisan attention In addition Luther Martin publicly challenged Jefferson s treatment in Notes on Virginia of the famous oration of Logan Jefferson became president of the American Philosophical Society and presented a paper describing the fossilized remains of the megalonyx or great claw At Monticello he evaluated the merits of threshing machines corresponded with British agricultural authorities sought new crops for his rotation schemes manufactured nails and entertained family members and visitors
