The Parameters Of Military Ethics:

The Parameters of Military Ethics Lloyd J. Matthews, Dale E. Brown, 1989 Essays omhandlende den etiske dimension i det militære liv *The Parameters of Military Ethics* Lloyd J. Matthews, Dale E. Brown, 1989 Essays omhandlende den etiske dimension i det militære liv **Parameters**, 2007 *The Ashgate Research Companion to Military Ethics* James Turner Johnson, Eric D. Patterson, 2016-03-23 This Companion provides scholars and graduates serving and retired military professionals members of the diplomatic and policy communities concerned with security affairs and legal professionals who deal with military law and with international law on armed conflicts with a comprehensive and authoritative state of the art review of current research in the area of military ethics Topics in this volume reflect both perennial and pressing contemporary issues in the ethics of the use of military force and are written by established professionals and respected commentators Subjects are organized by three major perspectives on the use of military force the decision whether to use military force in a given context the matter of right conduct in the use of such force and ethical responsibilities beyond the end of an armed conflict Treatment of issues in each of these sections takes account of both present day moral challenges and new approaches to these and the historical tradition of just war Military ethics as it has developed has been a particularly Western concern and this volume reflects that reality However in a globalized world awareness of similarities and differences between Western approaches and those of other major cultures is essential For this reason the volume concludes with chapters on ethics and war in the Islamic Chinese and Indian traditions with the aim of integrating reflection on these approaches into the broad consideration of military ethics provided by this volume **Military Ethics** Malham M. Wakin, James Kempf, 1994-10 [Military Ethics](#) Igor Primoratz, 2017-05-15 Recent developments such as the new wars or the growing privatisation of warfare and the ever more sophisticated military technology present the military with difficult ethical challenges This book offers a selection of the best scholarly articles on military ethics published in recent decades It gives a hearing to all the main ethical approaches to war just war theory consequentialism and pacifism Part I includes essays on justice of war jus ad bellum focussing on defence against aggression and humanitarian armed intervention but also addressing topics such as conscientious objection and the relation of patriotism to war Articles in Part II deal with the central problems of justice in war jus in bello civilian immunity and collateral damage to civilian life and property Essays in Part III look into the moral issues facing the military as a profession such as the civil military relations the responsibilities of officers to their soldiers and to their military superiors and the status and responsibilities of prisoners of war **Routledge Handbook of Military Ethics** George Lucas, 2015-05-22 The Routledge Handbook of Military Ethics is a comprehensive reference work that addresses concerns held in common by the military services of many nations It attempts to discern both moral dilemmas and clusters of moral principles held in common by all practitioners of this profession regardless of nation or culture Comprising essays by contributors drawn from the four service branches Army Navy Air Force and Marine corps as

well as civilian academics specializing in this field this handbook discusses the relationship of ethics in the military setting to applied and professional ethics generally Leading scholars and senior military practitioners from countries including the US UK France China Australia and Japan discuss various national cultural views of the moral dimensions of military service With reference to the responsibilities of professional orientation and education as well as the challenges posed by recent technological developments this handbook examines the difficulties underpinning the fundamental framework of military service This book will be of much interest to students of military studies war theory ethics philosophy sociology war and conflict studies and security studies

Handbook of Administrative Ethics Terry Cooper, 2019-02-21 Delineating implications for administrative ethics from other fields such as sociology psychology and philosophy this reference provides a comprehensive review of administrative ethics in the public sector Detailing the context within which contemporary ethics training has developed the book examines the effectiveness of ethics training legal and organizational devices for encouraging desired conduct and other topics of particular relevance to the political and social contexts of public administration Written by over 25 leading scholars in public administration ethics the book creates a taxonomy for administrative ethics using the categories of modern philosophy

Ethics in the Indian Military Dr U C Jha, 2019-05-06 In today's tempestuous environment the issues of indiscipline corruption and criminality in the armed forces reflect broader issues of military ethics culture and leadership A military leader has to motivate his followers to achieve maximum results with minimum friction within the group The ability to motivate men stems largely from the ability to understand them It is time for military leaders to do some soul searching on the components of military ethics The book argues that the existing legal and policy framework is inadequate to regulate behaviour in the barracks as well as in conflicts It recommends reforms in the military legal system incentives practices and training This book is for policy makers in the armed forces military officers military lawyers academics journalists and those with an interest or professional involvement in the subject

Military Ethics and Emerging Technologies Timothy J. Demy, George R. Lucas Jr., Bradley J. Strawser, 2016-01-08 This volume looks at current and emerging technologies of war and some of the ethical issues surrounding their use Although the nature and politics of war never change the weapons and technologies used in war do change and are always undergoing development Because of that the arsenal of weapons for twenty first century conflict is different from previous centuries Weapons in today's world include an array of instruments of war that include robotics cyber war capabilities human performance enhancement for warriors and the proliferation of an entire spectrum of unmanned weapons systems and platforms Tactical weapons now have the potential of strategic results and have changed the understanding of the battle space creating ethical legal and political issues unknown in the pre 9 11 world What do these technologies mean for things such as contemporary international relations the just war tradition and civil military relations Directed at readers in the academic scientific military and public policy communities this volume offers current thought on ethics and emerging

technologies from internationally recognized scholars addressing the full spectrum of issues in present warfare technology It includes current and ongoing topics of multi discipline and international interest such as ethics law international relations war studies public policy science and technology This book was originally published in various issues and volumes of the Journal of Military Ethics

Military Professional Ethics, Code of Conduct, and Military Academies' Honor Codes United States Air Force Academy. Library,1985

Military professional ethics code of conduct and military academies' honor codes , *Moral Issues in Military Decision Making* Anthony E. Hartle,2004 Much has changed in warfare in recent years with America now dominant on the international scene and terrorism the new enemy In light of these changes the need for moral grounding in military actions is a more pressing concern than ever When it was originally published *Moral Issues in Military Decision Making* reflected the concerns posed by nuclear stalemate and the lessons of Vietnam In that highly praised work Anthony Hartle outlined the essential elements of the Professional Military Ethic created for American military forces In this new edition he reexamines the moral foundations for America s military leadership in the post 9 11 era Considering world affairs since the first edition the Gulf War Bosnia Afghanistan Iraq 9 11 and the emergence of the United States as an unrivaled military power Hartle explains how these events have raised ethical issues that differ dramatically from those of the Cold War by the war on terrorism homeland defense asymmetric warfare the proliferation of American military interventions and the UN s role in peacekeeping operations Using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture challenging superior officers use of overwhelming force and responding to fire in the presence of civilian shields In this revision Hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research In a new chapter on human rights he relates moral principles directly to values embedded in the Constitution and argues that overwhelming American military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect difficulties of applying conventional laws of war and human rights doctrine in military operations Hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of America s citizens and borders His book demonstrates that the American military must continue to observe those principles in order to be effective in its primary mission

Military Operations and the Mind Stéphanie A.H. Bélanger, Daniel Lagacé-Roy,2016-06-01 Offering a Canadian perspective on the emotional health of servicemen and women *Military Operations and the Mind* brings together researchers and practitioners from across the country to consider the impact that ethical issues have on the well being of those who serve Stemming from an initiative to enhance the lives of serving members by providing them with the best education and training in military ethics before and after deployments this volume will better inform politics and public policies and enhance the welfare of the soldiers sailors and airmen and women who serve in singular often harsh and sometimes dangerous conditions By integrating into the analysis the critical issue of well being this

emerging field demonstrates a more holistic approach and is distinct from other fields in military historical philosophical and behavioural studies The first study of its kind *Military Operations and the Mind* presents a new and helpful way to focus on the life of soldiers not only in operations overseas but also once they return home Contributors include Peter Bradley Royal Military College of Canada Victor M Catano Saint Mary's University Danielle Charbonneau Royal Military College of Canada Howard Coomb Royal Military College of Canada Karen D Davis Defence Research and Development Canada Colonel Richard Dickson Canadian Army Land Warfare Centre Joe Doty Duke University Allan English Queen's University Peter Gizewski Department of National Defence Heather Hrychuk Centre for Operational Research and Analysis E Kevin Kjelloway Saint Mary's University Allister MacIntyre Royal Military College of Canada Deanna Messervey Queen's University Damian O Keefe Saint Mary's University Brigadier General Ret ed G E Sharpe Shaun Tymchuk retired Canadian infantry officer SLt Ethan Whitehead Royal Canadian Navy and Daphne Xu National Institute of Education Singapore

Military Ethics and Peace Psychology Jean Maria Arrigo, Richard V. Wagner, 2014-07-16 First published in 2005 This is a special issue of the Journal of Peace Psychology which presents a dialogue on military ethics Including articles on the five obstacles facing military ethics decision making and collateral the question of whether wars can be justified unprofessional soldiers and lessons learned from the Battle of Algiers

Making the Military Moral Don Carrick, James Connelly, David Whetham, 2017-09-08 This book offers a critical analysis both theoretical and practical of ethics education in the military In the twenty first century it has become increasingly important to ensure that the armed forces of Western and other democracies fight justly and behave ethically The good soldier has to be not only professionally skilled but morally intelligent At a time of relentless media scrutiny the publicising of incidents of morally and legally unacceptable behaviour such as the gross mistreatment of prisoners and the torture of suspected terrorists can do much to undermine the credibility of those who claim to hold the moral high ground in any particular conflict Written by an international team of academic theorists and military practitioners this volume provides inter disciplinary insights into the present state and the future of ethics education in the militaries of Western democracies The contributors critically address the central question of whether such education is sufficient to prepare members of the armed forces to face the peculiar challenges of conflict environments that are now primarily wars among the people in which the opposing combatants may have little or no regard for human life and fail to discriminate between soldiers and civilians when choosing their targets Drawing lessons from recent examples of unethical conduct this original book offers insightful and constructive advice both theoretical and practical as to how situations can be improved and on the means that could and should be employed towards this end This book will be of much interest to students of military studies ethics and international relations

It's Our Military Too Judith Stiehm, 2009 Women serve in help finance and give permission for the activities of this country's armed forces yet those who serve remain unknown and those who are accountable often forget their responsibility

Military Ethics George Lucas, 2015-12-03 What significance

does ethics have for the men and women serving in the military forces of nations around the world What core values and moral principles collectively guide the members of this military profession This book explains these essential moral foundations along with just war theory international relations and international law The ethical foundations that define the Profession of Arms have developed over millennia from the shared moral values unique role responsibilities and occasional reflection by individual members the profession on their own practices eventually coming to serve as the basis for the Law of Armed Conflict itself This book focuses upon the ordinary men and women around the world who wear a military uniform and are committed to the defense of their countries and their fellow citizens It is about what they do how they do it what they think about it how they behave when carrying out their activities and how they are expected to behave both on and off the battlefield whether in or out of uniform and what everyone and not just military personnel themselves needs to know about this The book also examines how military personnel are treated and regarded by those whom they have sworn to defend and protect as well as how they treat and regard one another within their respective services and organizational settings Finally the book discusses the transformations in military professionalism occasioned by new developments in armed conflict ranging counterinsurgency warfare and humanitarian military intervention to cyber conflict military robotics and private military contracting From China to Russia author George Lucas effectively sheds light on today's military ethics in existence throughout the world What Everyone Needs to Know is a registered trademark of Oxford University Press

Military Review, 2012

Obeying Orders Mark J. Osiel, 2017-07-05 A soldier obeys illegal orders thinking them lawful When should we excuse his misconduct as based in reasonable error How can courts convincingly convict the soldier's superior officer when after Nuremberg criminal orders are expressed through winks and nods hints and insinuations Can our notions of the soldier's due obedience designed for the Roman legionnaire be brought into closer harmony with current understandings of military conflict in the contemporary world Mark J Osiel answers these questions in light of new learning about atrocity and combat cohesion as well as changes in warfare and the nature of military conflict Sources of atrocity are far more varied than current law assumes and such variations display consistent patterns The law now generally requires that soldiers resolve all doubts about the legality of a superior's order in favor of obedience It excuses compliance with an illegal order unless the illegality as with flagrant atrocities would be immediately obvious to anyone But these criteria are often in conflict and at odds with the law's underlying principles and policies Combat and peace operations now depend more on tactical imagination self discipline and loyalty to immediate comrades than on immediate unreflective adherence to the letter of superiors orders backed by threat of formal punishment The objective of military law is to encourage deliberative judgment This can be done Osiel suggests in ways that enhance the accountability of our military forces in both peace operations and more traditional conflicts while maintaining their effectiveness Osiel seeks to civilianize military law while building on soldiers own internal ideals of professional virtuousness He returns to the ancient ideal of martial honor reinterpreting it in

light of new conditions arguing that it should be implemented through realistic training in which legal counsel plays an enlarged role rather than by threat of legal prosecution Obeying Orders thus offers a compelling answer to the question that has most haunted the moral imagination of the late twentieth century the roots and restraint of mass atrocity in war

The Parameters Of Military Ethics Introduction

In today's digital age, the availability of The Parameters Of Military Ethics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Parameters Of Military Ethics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Parameters Of Military Ethics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Parameters Of Military Ethics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Parameters Of Military Ethics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Parameters Of Military Ethics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Parameters Of Military Ethics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Parameters Of

Military Ethics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Parameters Of Military Ethics books and manuals for download and embark on your journey of knowledge?

FAQs About The Parameters Of Military Ethics Books

What is a The Parameters Of Military Ethics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Parameters Of Military Ethics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Parameters Of Military Ethics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Parameters Of Military Ethics PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Parameters Of Military Ethics PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by

selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
