KESSINGER LEGACY REPRINTS

The Parsis And Christian Propaganda

**James Hastings, John Alexander
Selbie, Louis Herbert Gray**

The Parsis And Christian Propaganda:

The Parsis and Christian Propaganda James Hope Moulton, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

The Parsis of India Jesse Palsetia, 2021-11-22 The Parsis of India examines a much neglected area of Asian Studies. In tracing key points in the development of the Parsi community, it depicts the Parsis' history and accounts for their ability to preserve, maintain, and construct a distinct identity. For a great part, the story is told in the colonial setting of Bombay city. Ample attention is given to the Parsis' evolution from an insular minority group to a modern community of pluralistic outlook. Filling the obvious lacunae in the literature on British colonialism, Indian society, and history, and last but not least Zoroastrianism, this book broadens our knowledge of the interaction of colonialism and colonial groups and elucidates the significant role of the Parsis in the commercial, educational, and civic milieu of Bombay colonial society. **The Harvard**

Theological Review, 1922 The Treasure of the Magi James Hope Moulton, 1917 Zoroastrian Theology Maneckji Nusservanji Dhalla, 1914 Journal, 1924 Includes the Institute's Annual report 1921-1933 **Gemini and the Sacred** Kimberley C. Patton, 2022-10-06 Why do twins remain uncanny to those born alone? In other words, most of us. Even with the rise of IVF and an increase in multiple births, why do we still do a double take when we encounter twins? Why has this been a near-universal response throughout human history, and how has it played out in religion and myth? Through the work of leading scholars in religion, folklore, and mythology, history, anthropology, and archaeology, *Gemini and the Sacred* explores how twinship has long been imagined, especially in the complex relationship of sacred twin traditions to twins on the ground, in biology, and lived experience. The book considers the multiple ways in which the doubling of a human being may be interpreted as auspicious and powerful or suppressed as unstable and dangerous. Why has this been so, and how does it affect living twins today? Treating both famous and lesser-known twins, including supernatural animal twins in the ancient Near Eastern and classical Mediterranean worlds, early Christianity, and Gnosticism, Vedic Hindu, West African, Black Atlantic, and native American traditions, ancient Mesoamerica, Celtic, Roman Britain, and Scandinavia, and in the special, fraught bond shared by all twins, the book offers a variety of perspectives on this topic of great cultural significance. **The Parsi Mind**

Jer Dara Randeria, 1993 *American Evangelicals in Egypt* Heather J. Sharkey, 2015-07-28 In 1854, American Presbyterian missionaries arrived in Egypt as part of a larger Anglo-American Protestant movement aiming for worldwide evangelization. Protected by British imperial power and later by mounting American global influence, their enterprise flourished during the next century. *American Evangelicals in Egypt* follows the ongoing and often unexpected transformations initiated by missionary activities between the mid-nineteenth century and 1967, when the Six-Day Arab-Israeli War uprooted the

Americans in Egypt Heather Sharkey uses Arabic and English sources to shed light on the many facets of missionary encounters with Egyptians These occurred through institutions such as schools and hospitals and through literacy programs and rural development projects that anticipated later efforts of NGOs To Egyptian Muslims and Coptic Christians missionaries presented new models for civic participation and for women s roles in collective worship and community life At the same time missionary efforts to convert Muslims and reform Copts stimulated new forms of Egyptian social activism and prompted nationalists to enact laws restricting missionary activities Faced by Islamic strictures and customs regarding apostasy and conversion and by expectations regarding the proper structure of Christian Muslim relations missionaries in Egypt set off debates about religious liberty that reverberate even today Ultimately the missionary experience in Egypt led to reconsiderations of mission policy and evangelism in ways that had long term repercussions for the culture of American Protestantism Ethnography (Castes and Tribes) Athelstane Baines,2021-03-22 No detailed description available for

Ethnography Castes and Tribes **The Making of an Indian Metropolis** Prashant Kidambi,2007-01-01 This book investigates the social history of colonial Bombay in the late Victorian and Edwardian eras Drawing together strands that have hitherto been treated separately and based on a wide range of untapped archival sources this book offers the first systematic analytical account of historical change in a modernizing colonial city In highlighting the colonial experience of historical processes that have attracted considerable attention in recent scholarship it restores the much neglected global dimension to a comparative discussion of these themes At the same time the volume demonstrates the manner in which the globalizing forces unleashed by European imperialism were appropriated and transformed in the colonial context

Ethnography Jervoise Athelstane Baines,1912 The Oriental Christian Spectator ,1833 The Hindustan Review ,1920 **The Government of India** James Ramsay MacDonald,1920 International Review of Missions ,1914

Zoroastrianism Ancient and Modern Phiroze Shapurji Masani,1917 **Light Against Darkness** Armin Lange,Eric M. Meyers,Randall Styers,2010-11-17 Light Against Darkness is comprised of articles that put on display the power and pervasiveness of dualistic thought Dualism has proved a potent cultural tool for clarifying and ordering reality Particularly in times of social stress and psychological insecurity it can offer a valuable conceptual grid that provides orientation to the world and a clear sense of identity At the same time though there are important questions to be asked about the social effects of binary thinking As history amply illustrates dualistic notions can readily be deployed to legitimate cultural demonization and to rationalize violence At a deeper level a dualist worldview can also obscure the possibilities to be found in multiplicity The articles in this volume treat Dualism across a wide historical spectrum and from multiple methodological perspectives The studies are organized around the religious and cultural contexts of Ancient Judaism and they include contributions from leading voices on ancient Persia Israel Greece and Egypt Experts on modern religious and philosophical thought not only lend context to concepts applied to the ancient world but engage recent European and American experiments in binary

thought All of the studies contribute to a richer and more complete portrait of dualism in ancient Judaism *Encyclopaedia of Religion and Ethics* James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928 *The Mahratta* , 1923
