

- ***1992 to the 2000 (Bill Clinton's presidency; Republican dominance in the Congress)***

In 1992, Democrat Bill Clinton won the presidency, with Democratic control of the House and Senate, but his party actually lost congressional seats, presaging the Democrats' debacle in 1994 when the Republicans took control of both the House and the Senate. In 1996, Bill Clinton was reelected, but the voters returned Republicans to control in Congress. Republicans also controlled most of the governorships in the states. After the 2000 elections, divided government took on a new meaning.

- ***2000 to 2008 (GWB, Republican dominance in Congress, and then Democrats' resurgence in 2006)***

Although Republican George W. Bush won the presidency, Congress became almost evenly divided, with the Republicans holding a slim majority in the House and the Democrats holding an even narrower majority in the Senate. The Republicans succeeded in 2002 in holding on to the House and in regaining control of the Senate. In 2004, the Republican dominance continued. But because of the fiasco in Iraq, Republicans lost both chambers to the Democrats in November 2006 election (once again, divided government!).

The Passing Of Divided Government The 1992 Elections The Clinton Presidency And A New Congress

Robert J. McKeever, Philip Davies

The Passing Of Divided Government The 1992 Elections The Clinton Presidency And A New Congress:

The Passing of Divided Government John F. Bibby, 1993 The Presidency, Congress, and Divided Government Richard S. Conley, 2002-11-27 Can presidents hope to be effective in policy making when Congress is ruled by the other party Political scientist Richard Conley brings to this crucial discussion a fresh perspective He argues persuasively that the conditions of divided government have changed in recent years and he applies a rigorous methodology that allows the testing of a number of important assumptions about party control of the legislative process and the role of the president Conley demonstrates that recent administrations have faced a very different playing field than those in the earlier post war years because of such critical developments in electoral politics as decreasing presidential coattails and the lack of presidential popularity in opposition members districts Moreover he identifies several changes in the institutional setting in Congress that have affected both the legislative success rates of presidents programs and the strategies presidents pursue These institutional factors include more assertive legislative majorities changes in leadership structure and increased party cohesion in voting Conley uses both case studies and sophisticated time series regression analyses to examine the floor success of presidential initiatives the strategies presidents use in working with the legislature and the use of veto power to achieve presidential aims Scholars of the presidency and those interested in the larger American political process will find in this book both food for thought and a model of analytic sophistication *Clinton's Elections* Michael Nelson, 2020-02-21 In the presidential elections of 1980 1984 and 1988 the three Democratic nominees won an average of about 10 percent of the Electoral College vote a smaller share than any party in any three consecutive presidential elections in US history In the next seven elections Democrats won the popular vote in all but one 2004 a feat not achieved by a political party since the Democratic Party's inception in the 1820s What separated these record setting runs was the election and presidency of Bill Clinton whose pivotal role in ushering in a new era of American politics for better and for worse this book explores Perhaps because Clinton's presidency was hobbled by six years of divided government ended in a sex scandal and impeachment and was sandwiched between Republican administrations it is easy to forget that he revived a presidential party that had become nearly moribund In *Clinton's Elections* Michael Nelson describes how by tacking relentlessly to the center Clinton revived the Democrats presidential fortunes but also paradoxically effectively erased the center in the process introducing the new political reality of extreme partisan divisiveness and dysfunctional government Tracing Clinton's place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016 Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories With its absorbing narrative and incisive analysis his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction Encyclopedia of the American Presidency, Fourth Edition Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent

introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more

Two Cultures of Rights Manfred Berg, Martin H. Geyer, 2002-03-11 This collection addresses key issues in the historical struggle for civil rights political rights and social rights in the United States and Germany from the late nineteenth century to the present Using a cross national comparative approach this book presents national case studies that explore the similarities and differences of conceptualizing rights on both sides of the Atlantic This book analyses the struggle for these rights by individuals and groups and how this struggle became an essential feature not only in political discourse but also in social and political practice and culture in both Germany and the United States More specifically the book examines the different ways rights have been denied due to race ethnicity gender and sexual orientation Considerable attention is given to the impact of Nazism and the struggle for social rights during and after World War II

Encyclopedia of the United States Congress Robert E. Dewhirst, John David Rausch, 2014-05-14 Presents an A to Z reference guide to individuals events and terms of importance to the United States Congress

Public Policy in the United States Mark E. Rushefsky, 2014-12-18 The fifth edition of this well regarded text covers the period up through the 2012 elections It has been revised to make it sleeker more concise and up to date with a clear organisational structure This edition accomplishes these three important goals First it introduces readers to the American approach to public policy making as it has been shaped by our political institutions changing circumstances and ideology Second it surveys American public policy and policymaking in all the major policy areas from economic policy to health care policy to environmental policy and does so clearly and even handedly with well selected illustrations case studies terms and study questions Finally in addition to providing analytical tools and empirical information the book challenges readers to come to terms with the widely shared but often competing values that must be balanced and rebalanced in the ongoing policy making process affecting issues of the highest concern to the American public

Rivals for Power James A. Thurber, 2002 The first President Bush faced a long entrenched Democratic majority in both houses of Congress The first term Clinton entered into a unified

government for the first time in many years but all that changed in the midterm elections of 1994 The second President Bush faces a closely divided government whose balance could shift at any time Through it all the Presidential Congressional rivalry continues unabated What is it about the institutional relationship between Congress and the Presidency that ensures conflict even in the face of necessary cooperation Here well known scholars and practitioners of Congressional Presidential relations come together to explore both branches of government and what unites as well as divides them Highlights include chapters on budgetary politics in a time of surplus the impacts of campaign message and election mandates and Congressional Presidential relations during transitions Case studies of budget battles health care task forces and armed conflicts in foreign lands lend concrete detail to political theory First hand experience on the Hill and in the Oval Office and everywhere in between is reflected in each chapter Although nothing can rival election 2000 for its challenges to both Congress and the Presidency *Rivals For Power* shows how even an extraordinary electoral result is subject to the rules and rigors of Washington's built in rivalry

What's Going On? Katherine Tate, 2010-08-19 In political opinion surveys from the 1950s through the 1970s African Americans were consistently among the most liberal groups in the United States and were much further to the left than White Americans on most issues Starting in the 1980s Black public opinion began to move to the center and this trend has deepened since Why is this the case Katherine Tate contends that Black political incorporation and increased affluence since the civil rights movement have made Black politics and public opinion more moderate over time Black leaders now have greater opportunity to participate in mainstream politics and Blacks look to elected officials rather than activists for political leadership Black socioeconomic concerns have moved to the center as poverty has declined and their economic opportunities have improved Based on solid analysis of public opinion data from the 1970s to the present Tate examines how Black opinions on welfare affirmative action crime control school vouchers civil rights for other minorities immigration the environment and U S foreign policy have changed

Congressional Politics Leroy N Rieselbach, 2018-05-04 A revised and updated Congress text A year on Capitol Hill in 1993 gave Congressional authority Leroy Rieselbach many examples with which to illustrate traditional topics such as rules committees and norms as well as evolving issues such as the year of the woman

My Max Score AP U. S. History Michael Romano, 2011 Provides test taking tips and strategies reviews topics on the test and includes a full length practice exam with answers and explanations

Congress Reconsidered, 10th Edition Lawrence C. Dodd, 2013 Always a classic Dodd and Oppenheimer's *Congress Reconsidered* is the recognized source for in depth cutting edge scholarship on Congress geared to undergraduates Thoroughly updated for the 112th Congress

Presidential Institutions and Democratic Politics Kurt von Mettenheim, 1997 While many comparative analysts see parliamentary government as essential for stable democracy this volume argues that the American presidential system that separates and diffuses power can provide new perspectives for those building democratic institutions in Latin America Eastern Europe and the new republics of the former Soviet Union The authors recognize risks of rigidity gridlock and

excessive centralization in presidential institutions But they also emphasize the unexpected levels of legislative productivity during periods of divided government the dramatic reversal of declining popularity by Presidents Reagan and Clinton and the importance of direct appeals by presidents to the nation After examining the American presidential system the authors focus on the de facto separation of powers in European parliaments and presidentialism in France Latin America and Eastern Europe Both trends in European parliamentary systems and the dramatic changes within French presidential institutions suggest that scholars should temper broad generalizations about presidential or parliamentary government

The Presidency A to Z Gerhard Peters, John T. Woolley, Michael Nelson, 2012-06-15 The one stop reference on all aspects of the U S presidency The Presidency A to Z Fifth Edition is an authoritative and accessible volume providing all the basic information readers need to understand the executive branch This new and extensively revised fifth edition features important new entries on Barack Obama Michelle Obama John McCain Guantanamo Bay and War in Afghanistan It also includes updated entries on Campaign Finance Iraq War Presidents relationship with Congress and many more More 300 comprehensive easy to read entries offer quick information and in depth background on how the executive branch has responded to the challenges facing the nation Readers will find Biographies of every president and many others important to the office Explanations of broader concepts and powers relating to the presidency Complete election coverage and analysis Discussions of relations with Congress the Supreme Court the bureaucracy political parties the media interest groups and the public Exploration of the policies of each president and their impact on U S and world history

Politics USA Robert J. McKeever, Philip Davies, 2014-05-22 Politics USA is a lively and authoritative introduction to American politics giving students a rich and varied resource for all aspects of their course The book provides expert and comprehensive analysis of US politics and government including in depth coverage of the presidency the Congress the Supreme Court and American foreign policy This third edition of Politics USA has been thoroughly updated to include analysis of Challenges and policies of the first Obama administration Recent results and developments in US elections Latest major decisions of the US Supreme Court Contemporary American Foreign Policy This is an ideal introduction for students of US politics as well as anyone seeking to understand any or all aspects of politics in one of the world s most powerful and globally influential countries

Revolving Gridlock David W. Brady, 2018-02-26 Despite the early prospects for bipartisan unity on terrorism initiatives government gridlock continues on most major issues in the wake of the 2004 elections In this fully revised edition political scientists David W Brady and Craig Volden demonstrate that gridlock is not a product of divided government party politics or any of the usual scapegoats It is instead an instrumental part of American government built into our institutions and sustained by leaders acting rationally not only to achieve set goals but to thwart foolish inadvertencies Looking at key legislative issues from the divided government under Reagan through Clinton s Democratic government to complete unified Republican control under George W Bush the authors clearly and carefully analyze important crux points in lawmaking the swing votes

the veto the filibuster and the rise of tough budget politics They show that when it comes to government gridlock it doesn't matter who's in the White House or who's in control of Congress it's as American as apple pie and its results may ultimately be as sweet in ensuring stability and democracy

Divided Government Morris P. Fiorina, 1996 The 1994 Mid Term elections the Republican Revolution that returned control of both Houses of Congress to the Republicans for the first time in over 40 years returned us to the state of divided government that has been the political norm since the 1950s In this timely new revision of his instant classic Morris Fiorina outlines the causes and consequences of ticket splitting and divided government

The Presidency and the Political System Michael Nelson, 2018-03-08 Written by top notch presidency scholars and carefully edited into a text reader format The Presidency and the Political System Eleventh Edition showcases a collection of original essays focused on a range of topics institutions and issues relevant to understanding the American presidency Author Michael Nelson rigorously edits each contribution to present students with a set of analytical yet accessible chapters and contextual headnotes introducing each essay You will read about different approaches to studying the presidency the elements of presidential power presidential selection presidents and politics and presidents and government New to the Eleventh Edition A new chapter focused on the Trump administration Chapter 10 discusses major shifts represented by the new administration especially in regards to the president's relationship with the media New coverage of Obama's second term enables you to compare and contrast Obama's two presidential terms as well as better understand how the similarities and differences of Obama's approach compared to his predecessors Revised time tested essays reflect current scholarship that explores the themes of modern presidential power and effectiveness

[Encyclopedia of U.S. Political History](#) Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features

Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt's presidency the Supreme Court's conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War

VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last

volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered **The Elections of 2016**
Michael Nelson, 2017-02-23 Bringing together a host of distinguished scholars Michael Nelson's The Elections of 2016 reliably delivers a nuanced analysis of yet another momentous cycle of political contests No other single volume can expose your students to the depth of analysis and expertise in this title Whether discussing particular races or taking a broader look at the national trends these contributors captivate students with engaging stories and political drama while weaving in important scholarship and expert analysis Available mere months after the election each chapter written specifically for this volume offers readers historical perspective as well as a look forward at the implications for the American political system New to this Edition Overview of Donald Trump's campaign and what factors led to him winning the election Analysis of the role that media and money played in the elections Provides a look at Congressional elections their outcomes and impact
