Elizabeth & Margaret Andrew Morton,2021-03-30 Perfect for fans of The Crown this captivating biography from a New York Times bestselling author follows Queen Elizabeth II and her sister Margaret as they navigate life in the royal spotlight They were the closest of sisters and the best of friends But when in a quixotic twist of fate their uncle Edward VIII decided to abdicate the throne the dynamic between Elizabeth and Margaret was dramatically altered Forever more Margaret would have to curtsy to the sister she called Lilibet And bow to her wishes Elizabeth would always look upon her younger sister s antics with a kind of stoical amusement but Margaret s struggle to find a place and position inside the royal system and her fraught relationship with its expectations was often a source of tension Famously the Queen had to inform Margaret that the Church and government would not countenance her marrying a divorcee Group Captain Peter Townsend forcing Margaret to choose between keeping her title and royal allowances or her divorcee lover From the idyll of their cloistered early life through their hidden war time lives into the divergent paths they took following their father s death and Elizabeth s ascension to the throne this book explores their relationship over the years Andrew Morton s latest biography offers unique insight into these two drastically different sisters one resigned to duty and responsibility the other resistant to it and the lasting impact they have had on the Crown the royal family and the ways it adapted to the changing mores of the 20th century *The Collection* Chris Monaghan,2012-09 When an attempt is made to restart the particle accelerator at Geneva during August of 2015 a major disaster occurs Scientists who had gathered in Dublin found they were being called upon to solve a potential catastrophe While six personnel were the process of repairing the LHC Large Hadron Collider a void of accelerated mass is created trapping the team inside There seems little hope of survival In fact they have not gone anywhere They now existed in a massless light spectrum beyond which normal vision is not possible By rights they all should be dead crushed by the repressurisation of the LHC They soon realise changes are affecting their personalities as they are bombarded by an onslaught of highly charged protons causing actual places and events from the past come to life Bryce our hero recognises that Ellen Bryce s love interest can successfully use Mind Travel techniques to move through time and space The team using this same power focus on a particular element from the periodic table to literally move from place to place

The team move from place to place until they end up in nineteenth century New Zealand and discover a Maori warrior chief with a recognisable pendant around his neck It indicates the various experiments being conducted in Geneva in 2015 Upon retrieving the pendant they set off on their mission to regain the other remaining symbols indicated on the pendant The next item is an electrum necklace located near Queen Hatshepsut s Mortuary Temple Bryce manages to steal this whilst Hatshepsut and Senenmut make love in his tomb In the skirmish that follows Jason Bryce s best friend is wounded by an Egyptian spear They manage to escape by casting Senenmut s monetary offerings into the air of the Temple of Amun The team travel to the Rome of Augustus where they collect the original Res Gestae divi Augustae from the Temple of Vesta This is to fulfil the next experiment on the Maori pendant This collection goes relatively smoothly despite a confrontation Ellen has with some Praetorian Guards The collection of the death mask of the first wanax King from beneath the Lion s Gate at Mycenae becomes problematic John defeats the king but they now pay for his blood He manages to escape with the wounded Ellen only to be picked up by a shuttle from Fermilab in California After a fortunate earthquake at Mycenae the original team are given the job of reconstructing the damaged Cyclopean wall The Fermilab shuttle reappears with John aboard The original team find out from him that three years have elapsed within the period of the day he was absent With the death mask collected and on aboard the Fermilab rescue team departs but in doing so Jason is wounded once again In the process of collecting the original gold Phaistos disc from Crete Bryce has a sexual encounter with a princess Despite his shyness and lack of experience it was a necessary price to pay to retrieve the last item on the pendant The collecting process is becoming more of a test of survival John Affan and Babette are all seriously wounded during their time at Pozieres and their Fermilab shuttle is also damaged They are helped by Ray Palmer but it is only the beginning of their problems With LHC and Fermilab now working together they discover that an international espionage group is operating out of the Fermilab site There has been a security breach and a serious infiltration at the highest levels of the Fermilab management Billions of dollars in contributions had already been syphoned off This group had also replaced key personnel with doubles as they are systematically eliminated It is up to Bryce to put an end to their plan

**The Crusader** John Cleve,1974     The Comedia in English Susan Paun De García,Donald R.
