**Cultivating a Thoughtful Faith** Dr Maxie D Dunnam, Steven G W Moore, 2005-09 A passionate call for theological thinking that challenges our intellect enriches our faith kindles our heart and infuses our daily life The assumption in much of the church is that theology is an obstacle to a vital growing faith not an aid to it In fact everyone is a theologian either a good one or a bad one So what are the advantages of thinking intentionally about matters of theology and how they can guide inform and nourish our faith What are the components of good thinking and what are some ways we can cultivate it As the contributors to this volume make clear theology is for everyday and every person as all are called to be thoughtful followers of Jesus They make the case for how a living thoughtful faith and how learning to think about God can launch your faith and make it powerful and alive This engaging volume will help lay people incoming college students and prospective seminarians understand that vital faith is as much about our mind as it is about a warm heart Cultivating a Thoughtful Faith challenges the intellect while touching the heart It advances our understanding of how to love God with all our minds We in Christian higher education celebrate this contribution to a deeper understanding of our calling Robert C Andringa President Council for Christian Colleges and Universities Washington D C Rather than reserving theology for a classroom or Sunday morning discussion these essays challenge the reader to make sure that theology engages the imagination and the intellect the heart

Vanhoozer, 2019-05-15 The foundation of discipleship is sound scriptural doctrine The value of sound doctrine is often misunderstood by the modern church While it can be dry and dull when it flows from the story of Scripture it can be full of life and love This kind of doctrine steeped in Scripture is critical for disciple making And it's often overlooked by modern pastors In Hearers and Doers Kevin Vanhoozer makes the case that pastors as pastor theologians ought to interpret Scripture theologically to articulate doctrine and help cultivate disciples scriptural doctrine is vital to the life of the church and local pastor theologians should be the ones delivering it to their communities With arresting prose and striking metaphors Vanhoozer addresses the most pressing problems in the modern church with one answer teach sound scriptural doctrine to make disciples **Growing the Church in the Power of the Holy Spirit** Brad Long, Paul K. popular New Testament scholar Scot McKnight pastoring must begin first and foremost with spiritual formation which plays a vital role in the life and ministry of the pastor As leaders pastors both create and nurture culture in a church The biblical vision for that culture is Christoformity or Christlikeness Grounding pastoral ministry in the pastoral praxis of the apostle Paul McKnight shows that nurturing Christoformity was at the heart of the Pauline mission The pastor s central calling then is to mediate Christ in everything McKnight explores seven dimensions that illustrate this concept friendship siblings generosity storytelling witness subverting the world and wisdom as he calls pastors to be conformed to Christ and to nurture a culture of Christoformity in their churches

Keck,2014-06-18 Congregations want to support their pastors but don t know how Pastors love their congregations but they don t know what to ask of their congregations to garner needed support Everyone wants to thrive together but so often we get stuck This clear and engaging guide helps pastors and congregations bridge communication gaps and set mutual goals and expectations Reverend Keck grounds his framework of expectations on both scholarly research and on interviews he s conducted with pastors and lay people He finds many common difficulties in churches arise from failing to discuss priorities and expectations and from not effectively working through the problems that arise when expectations aren t met For pastors and congregants to arrive at common expectations they need to understand each other their respective needs hopes and distinctive callings This book provides concrete steps to aid congregants and pastors communicate their mutual expectations Keck presents fifty expectation statements examples of what pastors and congregations can expect of one another a vital resource to anyone who seeks to initiate a discussion of expectations in their own church Elucidating goals and expectations allows congregations and pastors to support one another and flourish and fosters church health and harmony      **The Crossover** Demetrius A. neutral and coasting into eternity This book seeks to answer such questions It begins by exploring the contours of this spiritual transformation into Christlikeness before introducing various means God uses to bring this about The book seeks to give hope and instruction both to the weary and to the strong so that they can grow more like Christ through the means of grace that God has provided

**The Impact of Church Consultancy** Ian G. Duncum, 2019-01-14 This book follows the journey of ten churches who underwent church consultancies and explores in depth both the consultancy and its outcomes Pre consultancy and post consultancy snapshots four to five years apart of vitality indicators and attendance figures using National Church Life Survey and other data are used to compare these with churches that have not undertaken church consultancies Theologies of church consultancy church health and church growth are also developed and examined intersecting with a wide body of literature including contemporary ecclesiologies Consultancy outcomes are examined in detail This includes interviews with pastors of some of those churches reflecting on their perceptions of whether and how the church consultancy impacted the health and growth of their church Conclusions are drawn about the efficacy of church consultancy in influencing the health and growth of churches as well as contexts for the best use of church consultancy This is a significant book for denominational leaders theological lecturers pastors and church leaders as they encounter lack of health in churches and seek ways forward for greater health and impact in their local communities

*Planting Churches That Reproduce* Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only Gods supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirits power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The books first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1 8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts

**The Mentoring Church** Phil A. Newton, 2020-01-06 Ministry Book of the Year The Gospel Coalition 2017 Book Awards The critical missing element in Christian mentoring today the congregation Bringing up future leaders isn t just the job of the pastor but of the whole congregation This is an urgently needed book in churches today R Albert Mohler Jr president of The Southern Baptist Theological Seminary Young emerging leaders of the church many of whom have gone through leadership

training and traditional mentorship programs still too often find themselves unprepared for the realities of ministry. Many leave the ministry altogether overwhelmed. Phil Newton reveals a critical gap: single source mentorship is incomplete. Mentoring must involve the congregation, not just senior pastors, in order to bring forth mature, resilient leaders prepared for all that ministry entails. The solid, practical solutions in *The Mentoring Church* offer churches of any size both the vision for mentoring future leaders and a workable template to follow. With insightful consideration of theological, historical, and contemporary training models for pastor-church partnerships, Newton is a reliable guide to developing a church culture that equips fully prepared leaders.
