Garvan, Charles F. Hummel, Philadelphia Museum of Art, Henry Francis du Pont Winterthur Museum, 1982     **Sacred Song and the Pennsylvania Dutch** Daniel Jay Grimminger, Don Yoder, 2012 Sheds light on the process of cultural change that occurred over the course of a century or more in the majority of Pennsylvania German communities and churches The Pennsylvania Dutch comprised the largest single ethnic group in the early American Republic of the late eighteenth and early nineteenth centuries Yet like other ethnic minorities in early America they struggled to maintain their own distinct ethnic identity in everything that they did Eventually their German Lutheran and Reformed customs and folkways gave way to Anglo American pressure The tune and chorale books printed for use in Pennsylvania Dutch churches document this gradual process of Americanization including notable moments of resistance to change Daniel Grimminger's *Sacred Song and the Pennsylvania Dutch* is the only in depth study of the shifting identity of the Pennsylvania Dutch as manifested in their music Through a closer examination of music sources folk art and historical contexts this interdisciplinary study sheds light on the process of cultural change that occurred over the course of a century or more in the majority of Pennsylvania German communities and churches Grimminger's book also provides a model with which to view all ethnic enclaves in America and elsewhere and the ways in which loyalties can shift as a group becomes part of a larger cultural fabric Daniel Grimminger holds a doctorate in sacred music and choral conducting as well as a PhD in musicology He also holds a master of theological studies degree and is a clergyman in the North American Lutheran Church Grimminger teaches at Kent State University and is the pastor at Faith Lutheran Church in Millersburg Holmes County Ohio     *Bulletin of the Pennsylvania Museum*, 1903     **A Peculiar Mixture** Jan Stievermann, Oliver Scheiding, 2015-06-26 Through innovative interdisciplinary methodologies and fresh avenues of inquiry the nine essays collected in *A Peculiar Mixture* endeavor to transform how we understand the bewildering multiplicity and complexity that characterized the experience of German speaking people in the middle colonies They explore how the various cultural expressions of German speakers helped them bridge regional religious and denominational divides and eventually find a way to partake in America's emerging national identity Instead of thinking about early American culture and literature as evolving continuously as a singular entity the contributors to this volume conceive of it as an ever shifting and tangled web of contact zones They present a society with a plurality of different native and colonial cultures interacting not only with one another but also with cultures and traditions from outside the colonies in a peculiar mixture of Old World practices and New World influences Aside from the editors the contributors are Rosalind J Beiler Patrick M Erben Cynthia G Falk Marie Basile McDaniel Philip Otterness Liam Riordan Matthias Sch nofer and Marianne S Wokeck     **Bulletin of the Pennsylvania**
