Roots of Pentecostalism and the Charismatic Movement Moreno Dal Bello, 2016-05-02 The Pentecostal Charismatic movement owes a very great deal to the early Black Holiness Churches Black Holiness Pentecostalism which formed between 1885 and 1916 is not a denomination but rather a movement encompassing several denominations professing belief in Spirit baptism accompanied by several signs including speaking in tongues with historic roots embracing but not always restricted to both a Wesleyan Arminian and finished work of Calvary orientation Very few publications be they Christian or secular and for reasons known only to them have ever touched on the curious connection between those early Black Holiness Churches from which Pentecostalism and Charismaticism emerged and the Voodoo religion of those very black men and women that made up these early gatherings **Pentecostalism and Christian Unity** Wolfgang Vondey, 2010-03-01 This volume of ecumenical documents key texts and critical essays is the first collection of its kind exclusively dedicated to Pentecostalism and its contributions to Christian unity In the first part a cadre of internationally renowned scholars addresses the ecumenical heritage and perspectives of the Pentecostal movement since the early twentieth century Part 2 offers a collection of final reports from international dialogues with Pentecostal participation The final part contains programmatic essays in response to The Nature and Mission of the Church a major study on the doctrine of the church published by the World Council of Churches Most of these essays were first presented by the ecumenical studies group of the Society for Pentecostal Studies currently the only organized ecumenical think tank among Pentecostals in North America Since its formation in 2001 the group has encouraged Pentecostal participation in ecumenical concerns has hosted Roman Catholic Pentecostal conversations at the annual meeting of the Society has invited international scholarly debates on ecumenical matters and has engaged in the study of ecumenical consensus statements The essays and documents in this collection model the dedication and commitment among Pentecostals today that engage the challenges and opportunities of Christian unity from the perspective of a tradition that has often been falsely accused of being anti ecumenical This collection presents an invaluable resource for teachers scholars and pastors interested in engaging the global Christian arena from the worldwide and ecumenical image of Pentecostalism Contributors Carmelo E Alvarez Harold D Hunter Douglas Jacobsen Veli Matti Karkkainen Frank D Macchia Raymond R Pfister Cecil M Robeck Jr Paul van der Laan Wolfgang Vondey *Pentecostalism,*

Catholicism, and the Spirit in the World Stan Chu Ilo, 2019-10-17 This volume's essays are an ecumenical ensemble of the best scholars and leading practitioners in the Pentecostal and Charismatic movements from all four corners of the world. The contributors bring together various denominational perspectives and dialogue for understanding the present momentum of these Spirit movements in the world church. Their diverse methodologies transverse the traditional and new approaches to studying these movements. Pointing the way forward, the authors highlight some of the lessons learned in their scholarly engagement with Spirit movements. These lessons offer significant insight and viewpoints for the academy in the historical analysis of these movements. They also serve as a good guide for pastoral discernment and accompaniment for God's people in their daily lives as well as for social ministries in the world church. This volume addresses questions of salvation and eschatology, health and healing, prosperity and poverty, suffering and death, fear and faith, despair and hope. Other topics include the conflict between charism and institution and the tension between cultic clericalism and the affirmation and use of the gifts and talents of lay members of Christ's faithful in the church.

Pentecostalism and Catholic Ecumenism In Developing Nations John Segun Odeyemi, 2019-04-29 Through fieldwork research, this book seeks to explore Catholic ecumenism and the proliferation of Pentecostalism. Using data gathered from four West African countries, it additionally endeavors to investigate the sociopolitical impact of Pentecostalism, which is growing exponentially and is seen by many as the new face and phase of Christianity on the continent. This book puts a search light on the reality of West African Pentecostalism and its relationship with the older Christian traditions. It cogently asks if Pentecostalism is a cog in the wheels of the fragile ecumenical work among West African Christianity and wonders about its impact on the poor, existing social, economic, and political situations common to most West African politics and governments. This book is for professionals and students of religion and theology and is useful for the casual reader.

Catholicism most notably the growth of a Catholic Charismatic movement However another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which individual Pentecostals exercise their faith By carefully exploring this diversification the book at hand breaks new ground in the literature on Latin American Christianity Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals faith communities and societies More specifically the chapters of the book look into certain transformations of Pentecostalism such as theological renewals and new kinds of religious competition between Pentecostal churches a growing political and civic engagement of Pentecostals an observed de institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities composed of multiple intra and extra ecclesial points of identification and the emergence of new generations of Pentecostals children of Pentecostal parents many of whom have higher levels of education and higher incomes than the previous generations within their churches In addition Catholic responses to Pentecostal competition are also addressed in several chapters of the book

Pentecostal Imagination and the Retrieval of Identity Paul S. Baker,2023-01-27 How does identity survive the passage of time How can we be sure that our church community in the present is a faithful representation of the originating community in the past This book explores how Pentecostalism the world s fastest growing expression of Christianity since its inception at the beginning of the twentieth century can identify as the same community that birthed the church in the first century A community that spans two millennia of church history presents numerous challenges which raise crucial questions In the case of Pentecostalism these questions concern the criteria we might employ in order to recognize various instances of that community both in the present and throughout the past The Pentecostal emphasis on the Holy Spirit as the founding force behind the early church suggests some exciting possibilities By bringing together Pentecostal theology and hermeneutical philosophy this volume develops a model which attempts to discern the Pentecostal Spirit from within history Rather than arriving at a historical survey of various theologies of the Spirit this book instead advances a historiography which is itself inherently Spirit oriented a pneumatology of history
