Clarence, 2013-12 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **The American Tradition** John D. Carson, 2017-09-17 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates **The American tradition** Louis B. Bronner,2002 This lively reader traces the search for American tradition and national identity through folklore and folklife from the 19th century to the present Through an engaging set of essays Folk Nation shows how American thinkers and leaders have used folklore ranging from Paul Bunyan and Davey Crockett to quilts cowboys and immigrants to express the meaning and mystique of their country Simon Bronner has carefully selected statements by public intellectuals and popular writers as well as by scholars all chosen for their readability and significance as provocative texts during their time The common thread running throughout is the value of folklore in expressing or denying an American national tradition **"The" Shaping of the American Tradition** Louis Morton Hacker,1947 **The Films of Stan Brakhage in the American Tradition of Ezra Pound, Gertrude Stein and Charles Olson** R. Bruce Elder,2011-08-26 Since the late 1950s Stan Brakhage has been in the forefront of independent filmmaking His body of work some seventy hours is one of the largest of any filmmaker in the history of cinema and one of the most diverse Probably the most widely quoted experimental filmmaker in history his films typify the independent cinema Until now despite well deserved acclaim there has been no comprehensive study of Brakhage s oeuvre The Films of Stan Brakhage in the American Tradition fills this void R Bruce Elder delineates the aesthetic parallels between Brakhage s films and a broad spectrum of American art from the 1920s through the 1960s This book is certain to stir the passions of those

interested in artistic critique and interpretation in its broadest terms **American Tradition in Painting** John McCoubrey, 2000-01-15 First published in 1963 this classic text is accompanied by a new introduction and an epilogue that explore the increased diversity in American art since the book appeared **Backgrounds of Selective Service: Military obligation: the American tradition, a compilation of the enactments of compulsion from the earliest settlements of the original thirteen colonies in 1607 through the Articles of Confederation, 1789** [prepared and compiled by A.
