American Nietzsche dramatically recasts our understanding of American intellectual life and puts Nietzsche squarely at its heart *Truth, Torture, and the American Way* Jennifer Harbury, 2005-09-15 Jennifer Harbury's investigation into torture began when her husband disappeared in Guatemala in 1992 she told the story of his torture and murder in *Searching for Everardo* For over a decade since Harbury has used her formidable legal research and organizing skills to press for the U S government's disclosure of America's involvement in harrowing abuses in Latin America Southeast Asia and the Middle East A draft of this book had just been completed when the first photos from Abu Ghraib were published tragically many of Harbury's deepest fears about America's own abuses were graphically confirmed by those horrific images This urgently needed book offers both well documented evidence of the CIA's continuous involvement in torture tactics since the 1970s and moving personal testimony from many of the victims Most important Harbury provides solid convincing arguments against the use of torture in any circumstances not only because it is completely inconsistent with all the basic values Americans hold dear but also because it has repeatedly proved to be ineffective Again and again information obtained through these gruesome tactics proves unreliable or false Worse the use of torture by U S client states allies and even by our own operatives endangers our citizens and especially our troops deployed internationally *Women Writers of the American West, 1833-1927* Nina Baym, 2012-08-17 This book recovers the names and works of women who wrote about the American West during the nineteenth and early twentieth centuries some of them long forgotten and others better known such as Willa Cather and Mary Austin Holley It reveals how the authors showed women making lives for themselves in the West how they represented the diverse region and how they represented themselves ***Humour in Times of Confrontation, 1901 to the Present*** Shun-Liang Chao, Vivienne Westbrook, 2025-07-22 *Humour in Times of Confrontation 1901 to the Present* examines the various and surprising ways in which humour has been powerfully employed through a wider range of media than possible at any other time in history as a response to conflict With no earlier century undergoing more diverse more extensive and more intense conflicts than the period in question the last twelve decades provide a unique landscape to explore the farthest edge of humour its darkest side This book argues that such conflict has not only traumatically shaped the modern psyche but created a fertile ground for humour to grow and evolve with the advent of new representations and technologies The chapters in this volume focus on international conflicts that have been reported widely through news media but seldom regarded as material for serious humour studies Each chapter begins by engaging with a particular form of confrontation before providing a case study of how it has contributed to the creation enjoyment and or sharing of humour via different media This volume is a valuable resource to students and scholars of humour studies modern cultural and social history the history of technology and media studies *Broadway Musicals, 1943-2004* John Stewart, 2012-11-22 On March 31 1943 the musical *Oklahoma* premiered and the modern era of the Broadway musical was born Since that time the theatres of Broadway have staged hundreds of musicals some more noteworthy than others but all in their own way a part of
