The Angel Chronicles Gd Thompson Sr, 2013-03 The time was the great rift between fallen angels as humans it was the supposed time of the great freedom when there were no rules on earth And that time was when earth wasn t even called earth It was nothing to them and something in the same moment The fallen angels almost had the same kind of planet as Aubrahteery which they gave up It was warm and lit all the time There was no darkness no coldness and no desolation Until their dark hearts took over and began to change their surroundings What the fallen angels

also didn't realize was that their new home verged changing with the reality of the darkness lying in the root of their hearts. The fallen angels didn't realize that darkness and negativity carried a lot more dead weight with it which is ultimately what forged the slowing planet with all the fallen angels as humans upon her surface. The Angel Chronicles the Angel Auberon, edited by Barberi P, 2002-01-07. The Angel Chronicles Books I V The Guardian Angels by the Angel Auberon. The Angel Chronicles tells the romantic tale of the beginning of human life and of the angels' concern for human beings that resulted in their forming an assembly of Guardian Angels. If you believe in angels all the better. But even if you do not believe in angels and see them only as a symbol of beauty and perfection you will want to read this book. In the context of an enchanting story beautifully told you will find many insights into human psychology and the human spirit. This unusual and inspiring book is a must for everyone. Hemmings P G Knight. The Angel Chronicles is magic. It is a small book of big believing it can change your life. Micheline Renauld. The Angel Chronicles Books I V The Guardian Angels by the Angel Auberon. Auberon's Words of Introduction. At the very beginning God asked the Angel Auberon the most noble of the Principalities to chronicle the events of all time. Auberon did as he was asked. In the year 2001 Auberon requested permission to come to Earth to tell his story. Auberon came to us at The White Notebook R Library entrusting us with the story he wished to give to those who lived on Earth. The story he left behind is one of love and of angel beneficence. It is entitled The Angel Chronicles. In his book Auberon describes how the world was created, how human life on Earth began and how the angels forever found ways to make a meaningful contribution to human beings. We at The White Notebook felt that Auberon left us with not only his words but with a greater respect for our potential as human beings with intelligent optimism and for many of us a return to hopefulness. We have listed for you below the Table of Contents and synopsis related to Book I. Book I The Primary Angels. The Existence of Angels. God Creates the Earth. Silvond Names the Constellations. The Twin Angels. The Assignment of Guardian Angels. The Guardian Angels According to Day of Birth. The Angels in Guardianship of Domestic Pets. The Primary Angels. God decided that the time had come to create a universe of worlds. In it would be a planet called Earth. God sent the angels out from their home in the beyondness for He had decided that the Earth would be sung into existence by them. The angels set to begin their work. Their finely feathered wings carried them in flight until they reached the center of the vast space of time. There they stopped. They breathed their beautiful breaths as they looked about and considered what they were to accomplish. The angels first sang into existence the planets and stars and the sun and the moon. They next sang their angel music until the Earth was made. All things upon the Earth the angels next sang into being the mountains and rivers and also the variety of creatures. God wished to inhabit the Earth. In this way the entire physical world emanated from purely spiritual beings. God and His angel emissaries. The angels thought they might rest. But Michael the Archangel came to them in a dream to remind them that they were also to sing into life the most wondrous of all creatures the human beings. The angels were astonished. Nonetheless they sang the most beautiful of alleluias and human beings were brought into existence. When the angels saw
