**The Anglo-Boer War** Owen Coetzer,1996 The Natal Campaign of the 2nd Boer War was the blight of many reputations The directives opinions and reports which permeated every element of the campaign *The Road to Infamy (1899-1900)* Owen Coetzer,1996 The Boer War Fred R. van Hartesveldt,2000-05-30 One hundred years after the Boer War the British continue to debate what went wrong while the war has significant nationalist overtones in today s South Africa This book examines changes in interpretations of the war and provides a bibliography of major sources on the Boer War now sometimes called the South African War The bibliography focuses on the military history but also includes some historical accounts of the political debate The first part of the book provides an extended historiographical essay while part two provides an annotated bibliography of the titles discussed in part one Historiographical questions concerning the Boer War are numerous Discussions of military operations focus on the early use of modern weaponry and the effect of guerrilla tactics on a traditional force while other historians debate the question of British military leadership and organization Questions also revolve around British imperialism and the scramble for Africa Frequently called the second war for freedom by South African authors the war was the reason that South Africa unlike other British colonies gained independence without majority rule This makes the war of continuing relevance to the turmoil in South Africa the collapse of the minority government and the continuing problems of the current government This book will provide a useful tool for those wishing to research the war

**The Victorians at War, 1815-1914** Harold E. Raugh Jr.,2004-10-25 Capturing the strength of the British Army from 1815 to 1914 this groundbreaking reference presents the most recent research on the most significant wars campaigns battles and leaders The Victorians at War 1815 1914 An Encyclopedia of British Military History surveys the major wars campaigns battles and expeditions of the British Army as well as its weaponry tactics and all other aspects of its operations from the end of the Napoleonic Wars to the dawn of World War I Containing numerous maps depicting various theaters of war this all encompassing volume explains why the numerous military operations took place and what the results were Biographies reveal fascinating facts about British and Indian Army officers and other ranks while other entries deal with recruitment training education and literacy uniforms equipment pay and conditions social backgrounds of the soldiers diseases and wounds they fell victim to and much more This volume is indispensable to those wanting to gain information about the British Army during this remarkable imperial era Roberts & Kitchener in South Africa, 1900-1902 Rodney Atwood,2012-02-02 The British Army was shocked by three military defeats in a week in South Africa in late 1899 The commanding General Sir Redvers Buller lost his nerve Something must be done was the cry across the Empire Britain sent forth not one but two military heroes Field Marshal Lord Roberts and Major General Lord Kitchener spent their first five weeks in South Africa restoring morale reorganising their forces and deceiving the enemy as to their intentions In the next four weeks their offensive transformed the war Kimberley and Ladysmith were relieved from Boer sieges and an enemy force

of 4000 under General Cronje was captured on the Modder River. A long and bitter guerrilla war ensued in a terrain ideally suited to fast moving Boer commandoes. On the dark side deeds were committed of which no civilised empire priding itself on justice and fair play could be proud. The comradeship in arms of Roberts and Kitchener, their differing yet complementary personalities, their strategic and tactical decisions are described and assessed using a wide variety of sources including personal papers and official correspondence. By these means resourcefulness the British Army despite its unpreparedness and poor leadership at many levels won a remarkable victory in the first of the twentieth century Peoples Wars. *Charles Warren* Kevin Shillington, 2021-08-08 The life of Charles Warren Royal Engineer is a compelling story full of action conflict triumph and disaster with reputations gained and lost. All set against the background of an expanding British Empire. It is a tale of secrecy Freemasonry and pioneering archaeology as the young Lt Warren still only in his twenties tunnelled under the Holy City of Jerusalem in search of evidence of the Temple of Solomon and Herod the Great. A man of high principle and dogged determination Warren thrived on a challenge searching for lost British spies in the desert of the Exodus or publically calling out the rapacious colonialism of Cecil Rhodes. Later in different circumstances he ordered the arrest of Winston Churchill. Although thrice knighted for his many achievements Warren is most widely remembered as the controversial Metropolitan Police Commissioner who failed to catch Jack the Ripper. In the end he faced the supreme challenge in the Anglo Boer War becoming the scapegoat for one of Britain's greatest military disasters the Battle of Spion Kop. In this new biography the first for 80 years historian and biographer Kevin Shillington delves into the records and presents a reassessment of Warren's reputation. Letters from Ladysmith Edward Spiers, 2010-11-30 Edward Spiers a leading authority on the Victorian British army presents here a select edition of letters from the siege of Ladysmith 1899/1900 that have not been seen since their original publication in metropolitan and provincial newspapers. The 250 letters were published in different British newspapers and provide crucial insights into contemporary perceptions of the battles that preceded the siege, the onset of the siege itself and the desperate and bloody attempts to relieve the town. Subsequent efforts to defend Ladysmith and to march to its relief became the great dramatic saga of the early phase of the Anglo-Boer War providing the context for a series of dramatic battles that embarrassed the Empire and destroyed established reputations. Much has been written about the failings of the British commanders but it is clear that in no other theatre in the war were the practical difficulties so real or the stakes so high. These letters reflect vividly the feelings of junior officers and other ranks as they struggled to cope with the demands of modern warfare. These eyewitness testimonies provide first hand commentary upon the events in Natal that shattered the pre-war confidence in Britain. **Ladysmith and the Second Boer War**,
