Deeper understanding of history is enhanced by encasing it in art and interest Crime fiction is one of the widest and most rapidly growing forms of literature Historical crime fiction serves effectively the double purpose of entertaining while it teaches The truth of the narrative account the editors of this volume believe is dependent on the understanding of human nature reflected in the author who writes the narrative Historical crime fiction the editors of this volume write has an obligation and a golden opportunity It must bring the past up to the present through the device of timeless crime and it must take the reader into the world about which is being written so that the characters are alive and the events interesting and challenging Professional writers of fiction need to be more effective than mere authors of dates and assumed motivations Therefore they can fill in human motivations and drives where no records exist and can aid the professional historians in what historian David Thelen calls the challenge of history which is to recover the past and interpret it for the present The essays in this volume accept the challenge and make major accomplishments for meeting it **Encyclopedia of North Dakota Indians** Donald

Responding to the rapid spread of the Ghost Dance among tribes of the western United States in the early 1890s James Mooney set out to describe and understand the phenomenon He visited Wovoka the Ghost Dance prophet at his home in Nevada and traced the progress of the Ghost Dance from place to place describing the ritual and recording the distinctive song lyrics of seven separate tribes His classic work first published in 1896 and here reprinted in its entirety for the first time includes succinct cultural and historical introductions to each of those tribal groups and depicts the Ghost Dance among the

Sioux the fears it raised of an Indian outbreak and the military occupation of the Sioux reservations culminating in the tragedy at Wounded Knee Seeking to demonstrate that the Ghost Dance was a legitimate religious movement Mooney prefaced his study with a historical survey of comparable millenarian movements among other American Indian groups In addition to his work on the Ghost Dance James Mooney is best remembered for his extraordinarily detailed studies of the Cherokee Indians of the Southeast and the Kiowa and other tribes of the southern plains and for his advocacy of American Indian religious freedom

Democracy's Mountain Ruth M. You See in Clear Water Geoffrey O'Gara, 2011-04-20 The Wind River runs from the alpine lakes of the Continental Divide through the nestled valleys of the northern Rocky Mountains and out onto high windblown plains More than a century ago in what would become Wyoming the federal government set aside 44 million acres on which to confine the unrelated Shoshone and Arapaho tribes By now the Wind River Reservation has been reduced to 2 3 million acres but the battle over control of this land and especially the river that runs through it is far from over In this magnificent watershed Geoffrey O Gara a touching wise and penetrating writer according to Edward Hoagland sets a remarkable story that illuminates the larger unfinished struggle for the heart of the West He ranges from the Indian wars to the present day and from the nineteenth century Shoshone chief Washakie to his great grandson now head of the tribal council and he also traces the complex legal struggle over water rights for generations monopolized by white farmers for irrigation that after two decades is still unresolved At the heart of O Gara s account are the citizens of Wind River itself the people on the various sides of the many complex conflicts the tragedy and resilience of the nine thousand Shoshone and Arapaho contending with the depredations of reservation life and the indifference of those who first took their land and have gradually assumed control of their water In all this is a powerful moving story of great relevance and guarded promise of nations with different languages cultures and birthrights still searching for a way to live together
