# The Armchair Of Baseball 2 The Armchair Library

**Larry Ruttman**

## **The Armchair Of Baseball 2 The Armchair Library:**

**Baseball and the Music of Charles Ives** Timothy A. Johnson, 2004 Baseball and the Music of Charles Ives offers readers an exceptionally rich understanding of Charles Ives Through intelligent discussion of Ives's musical compositions combined with solid research on the composer's lifelong love of the American pastime Ives's pioneering spirit and unique creativity are highlighted most clearly in this fascinating work **Public Library Catalog**, 1989 Baseball Books Mike

Shannon, 2024-10-14 It is widely and wrongly assumed that books are never so valuable as when they lie unopened before us waiting to be read Good books bear multiple readings and not merely because our memories fail us the desire to repeat a good reading experience can be its own powerful motivation And for bibliophiles books can also be works of art physical objects with an aesthetic value all their own This guide for the book loving baseball fan is written by one of the most knowledgeable collectors in the country author and editor Mike Shannon Beginning with a history of baseball books and collecting it also identifies the most sought after titles and explains how to find them what to pay and how to maintain their condition **Baseball's Shooting Stars** David J. Gordon, 2024-09-12 Every serious baseball fan can attest to the perennial excellence of stars like Babe Ruth and Ken Griffey Jr But how many can recall the exploits of Fred Dunlap George Stone Bobby Shantz or Mark Fidrych Each of these players performed like a superstar for a single season but none of them came close to replicating that success in subsequent years Some achieved early success and flamed out while others overcame early setbacks to achieve brief stardom late in their careers Some were one year wonders and others sustained solid careers after setting an early standard that they would never again reach This book contains the bittersweet stories of 30 such players who tantalized their fans with visions of greatness but ultimately fell short **The Dickson Baseball Dictionary**

**3e** Paul Dickson, 2009-02-24 The expanded and now definitive work on the language of baseball absorbing and enlightening reading Sports Illustrated Hailed as a staggering piece of scholarship Wall Street Journal The Dickson Baseball Dictionary has become an indispensable resource for those who love the game Drawing on dozens of nineteenth and early twentieth century periodicals as well as contemporary sources Paul Dickson's brilliant illuminating definitions trace the earliest appearances of terms both well known and obscure More than twenty five years in the making with the help of more than three hundred baseball and lexical experts this new edition is expanded by more than thirty percent to over 10 000 terms with 18 000 individual entries It introduces words and phrases from around the world of baseball including those introduced by Latin American ballplayers and statistical expressions relating to fantasy baseball and the SABR Moneyball era Packed with more than 250 photos many rare and previously unpublished The Dickson Baseball Dictionary will delight everyone from the youngest fan to the hard core aficionado The Whole Baseball Catalogue Bob Newhardt Carroll, 1990 Features the best baseball movies on video where to buy a backyard batting cage who broadcasts what games and where and how to get a job in baseball Baseball Before We Knew It David Block, 2025-04 Winner of the Seymour Medal from the Society for American

Baseball Research Winner of the North American Society for Sport History Book Award A Choice Outstanding Academic Title When *Baseball before We Knew It* was first published in 2005 it shattered many long held assumptions about the pastime s origins No baseball was not original to America No baseball did not come from the English game rounders Yes of course the Doubleday story was in fact a myth but for the first time its secret backstory had been revealed Beyond all its myth busting *Baseball before We Knew It* traveled back in time to uncover the true roots of the sport exploring the many antecedent ball games from Britain and elsewhere that contributed bits of themselves to baseball s evolution Now in this twentieth anniversary edition of his classic work David Block fills in more of baseball s origin story by summarizing the discoveries and advancements he and his fellow historians have accomplished over the past two decades Other new contributions also appear for the first time in this 2025 edition including a new foreword by John Thorn the official historian of Major League Baseball an expanded annotated bibliography of books relating to baseball s origins from before the Civil War and two new essays from the author *Baseball before We Knew It* is a comprehensive reliable and readable account of baseball s history before it became America s national pastime

**The Negro Leagues Chronology** Christopher Hauser,2015-07-11 Painstakingly researched and documented this volume is a comprehensive year by year reference work giving important yet often obscure dates in Negro League history From the Negro Leagues organized beginning in 1920 through their steep decline immediately after Jackie Robinson s 1947 breaking of the color barrier entries cover league meetings noteworthy games the commentary of columnists and important events on and off the field Controversies that defined the experience of black baseball organizers such as player rights disputes failure to adhere to league schedules and violations of league rules are also included here

**Jews and Baseball** Burton A. Boxerman,Benita W. Boxerman,2016-06-23 This history follows up on the well received first volume and traces the arc of Jews in baseball after Hank Greenberg retired in 1948 During this postwar period Jews saw greater acceptance into the American mainstream as organized anti Semitism was largely displaced by greater affluence education and a more geographically dispersed Jewish community Jews continued to flourish in baseball new stars like Al Rosen Sandy Koufax and Shawn Green debuted and off the field the era brought more Jewish owners executives sportswriters broadcasters and even a commissioner This book further demonstrates how and why Jews and baseball have continued to grow together

**Gathering Crowds** Paul Hensler,2021-04-28 When baseball s reserve clause was struck down in late 1975 and ushered in free agency club owners feared it would ruin the game instead there seemed to be no end to the baseball fever that would grip America In *Gathering Crowds Catching Baseball Fever in the New Era of Free Agency* Paul Hensler details how baseball grew and evolved from the late 1970s through the 1980s Trepidation that without the reserve clause only wealthy teams would succeed diminished when small market clubs in Minnesota Kansas City and Boston found their way to pennants and World Series titles The proliferation of games broadcast on cable and satellite systems seemed to create a thirst for more baseball rather than discourage fans from going to the ballpark And as fans clicked the

turnstiles and purchased more and more team licensed products the national pastime proved it could survive and thrive even as other professional sports leagues vied for the public's attention By the end of the 1980s baseball had positioned itself to progress into the future stronger and more popular than ever Gathering Crowds reveals how the national pastime moved beyond the grasp of the reserve clause to endure a lengthy strike and drug scandals and then prosper as it never had before The book also offers insight into how societal issues influenced baseball in this new era from women in the clubhouses and minorities finally named as managers to a gay player's debut at the big league level Gathering Crowds is a fascinating examination of baseball's transformation during this unprecedented era

The Short Writings of Nelson Algren Richard F. Bales, 2022-09-15 Nelson Algren was a renowned Chicago writer known for his social commentary and his novels like *The Man with the Golden Arm* and *A Walk on the Wild Side* Although he continues to be remembered almost exclusively for his novels this book aims to highlight the value and influence of his short form works Before he died in 1981 Algren had amassed a genre defying body of work including short stories articles poems and book reviews The present book features a comprehensive analysis and discussion of Algren's lost literature including everything but his novels One of the pieces covered is a masterpiece of race relations written in 1950 more than 60 years before the galvanization of the Black Lives Matter movement Another is a scathing poem about Algren's transatlantic love affair with Simone de Beauvoir Both items are reprinted in the book courtesy of the Algren estate This book also includes references to Algren's works that have yet to be studied by Algren scholars
