

Listen! you hear the grating roar  
Of pebbles which the waves suck back, and fling  
At their return, up the high strand,  
Begin, and cease, and then begin again,  
With tremulous cadence slow, and bring  
The eternal note of sadness—

Sophocles long ago,  
Heard it on the Aegean, and it brought  
Into your mind the quarrel-dimmed  
Of human misery—  
Find it again, and so it comes upon the  
Heard it, you say, when you were young, and then

The sea of faith

Went down like the full and flowing river,  
Lay like the folds of a bright girdle furled;  
But now I only hear  
Its melancholy, long, withdrawing roar,  
Retreating to the breath  
Of the night-wind down the vast edges drear  
And naked shingles of the world.

Ah, love, let us be true

To one another! for the world, which seems  
To lie before us like a land of dream,  
So various, so beautiful, so new,

Hath really neither joy, nor love, nor light,

Nor certitude, nor peace, nor help for pain;

And we are here as on a darkling plain

Swept with confused alarms of struggle and flight,

Where ignorant armies clash by night.

## **The Arnolds Thomas Arnold And His Family:**

**The Arnolds; Thomas Arnold and His Family** Meriol Trevor, 1973      *Mrs Humphry Ward and Greenian Philosophy* Helen Loader, 2019-03-26 This book examines Mary Ward's distinctive insight into late Victorian and Edwardian society as a famous writer and reformer who was inspired by the philosopher and British idealist Thomas Hill Green. As a talented woman who had studied among Oxford University intellectuals in the 1870s and the granddaughter of Dr Arnold of Rugby, Mrs Humphry Ward, as she was best known, was in a unique position to participate in the debates, issues, and events that shaped her generation: religious doubt and Christianity, educational reforms, socialism, women's suffrage, and the First World War. Helen Loader examines a range of biographical sources alongside Mary Ward's writings and social reform activities to demonstrate how she expressed and engaged with Greenian idealism both in theory and practice and made a significant contribution to British Society.

**A Victorian Wanderer** Bernard Bergonzi, 2003 Bernard Bergonzi has written an absorbing and fascinating biography of Thomas Arnold the Younger, 1824-1900, son of the celebrated headmaster of Rugby and younger brother of Matthew, father of Mrs Humphrey Ward and grandfather of Aldous Huxley. A scholar, teacher, and self-styled wanderer, Arnold's path in life took him, after a brilliant start at Oxford, to colonial New Zealand, to Tasmania, to Dublin, back to Oxford, and once more to Dublin where he died in 1900. This biography explores Arnold's diverse path through academia, his complex relationship with Catholicism, and his acquaintances with such luminaries as Wordsworth, Arthur Hugh Clough, Lewis Carroll, Gerard Manley Hopkins, and James Joyce.

*Bible and Novel* Norman Vance, 2013-07-05 The Victorian novel acquired greater cultural centrality just as the authority of the scriptures and of traditional religious teaching seemed to be declining. Did the novel supplant the Bible? The novelists often adopted or participated in a broadly progressive narrative of social change which can be seen as a secular replacement for the theological narrative of salvation history and the waning authority of biblical narrative. Victorian fiction seems in some ways to enact the process of secularization. But contemporary religious resurgence in various parts of the world and postmodern scepticism about grand narratives have challenged and complicated the conventional view of secularization as an irreversible process, an inevitable disenchantment of the world which is an aspect and function of the grand narrative of modernization. Such developments raise new questions about apparently post-Christian Victorian fiction. In our increasingly secular society, novel reading is now more popular than Bible reading. Serious novels are often taken more seriously than scripture. Norman Vance looks at how this may have come about as an introduction to four best-selling late Victorian novelists: George Eliot, Thomas Hardy, Mary Ward, and Rider Haggard. Does the novel in their hands take the place of the Bible? Can apparently secular novels still have religious significance? Can they make new imaginative sense of some of the religious and moral themes and experiences to be found in the Bible? Do Eliot and her successors anticipate some of the insights of modern theology and contemporary investigations of religious experience? Do they call in question long-standing
