The Art of I. Compton-Burnett Charles Burkhart, 1972 **The Art of I. Compton-Burnett; a Collection of Critical Essays. With Contributions by John Betjeman [and Others].** Charles Burkhart, 1972 Ivy Compton-Burnett Barbara Hardy, 2016-03-16 The first fully detailed and critically contextualised study of the novels of Ivy Compton Burnett Ivy Compton Burnett is a strikingly original novelist writing conversation novels in which talk is the medium and subject She is innovative like Joyce and Woolf but more accessible and less theoretical a modernist unawares She makes readers think and her terse cool witty style reminds us that the novel is an art To read most living writers of fiction after reading her is to feel novelists have become lazy and made their readers lazy She requires attention and she doesn't write to pass the time or invite identification but she is amusing and challenging This re valuation of a neglected artist is a close analysis of forms ideas and language in novels which range from her first conventionally moral love story Dolores which she tried to suppress to startling stories about landed gentry in Victorian and Edwardian England Key Features Provides incisive and accessible close readings of Compton Burnett's language life narratives emotional expression and thought Presents new work of a leading critic Places Compton Burnett in the context of Modernist writing *Dark Humour and Social Satire in the Modern British Novel* L. Colletta, 2003-09-30 Colletta uses psychoanalytic theories of joke work and gallows humour to argue that dark humour is an important defining characteristic of Modernism She brings together the usual suspects alongside more often overlooked writers from the period and asks probing questions about the relationship between a dark humour that revels in the non rational the unstable and the fragmented and resists easy definition and political usefulness and the historical and social circumstances of the period Colletta makes a compelling argument that probing deeply into the nature of humour or satire that define these social comedies brings to light a more complex and more accurate understanding of the social changes and historical circumstances that define the modern era **The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set** Brian W. British Experimental Women's Fiction, 1945–1975 Andrew Radford, Hannah Van Hove, 2021-08-23 This book scrutinizes a range of relatively overlooked post WWII British women writers who sought to demonstrate that narrative prose fiction offered rich possibilities for aesthetic innovation What unites all the primary authors in this volume is a commitment to challenging the tenets of British mimetic realism as a literary and historical phenomenon This collection reassesses how British female novelists operated in relation to transnational vanguard networking clusters debates and tendencies both political and artistic The chapters collected in this volume enquire for example whether there is something fundamentally different or politically dissident about female experimental procedures and perspectives This book also investigates the processes of canon formation asking why in one way or another these authors have been sidelined or misconstrued by recent scholarship Ultimately it seeks to refine a new research archive on mid century British fiction by female novelists at least as diverse as

recent and longer established work in the domain of modernist studies
