The Other Side Of The Night:

The Other Side of the Night Daniel Allen Butler, 2020-01-10 The New York Times bestselling author of *Unsinkable* recounts the disaster from the vantage point of nearby vessels Publishers Weekly A few minutes before midnight on April 14 1912 the unsinkable RMS Titanic on her maiden voyage to New York struck an iceberg Less than three hours later she lay at the bottom of the Atlantic Ocean While the world has remained fascinated by the tragedy the drama of those fateful hours was not only played out aboard the doomed liner It also took place on the decks of two other ships one fifty eight miles distant from the sinking Titanic the other barely ten miles away The masters of the steamships Carpathia and Californian Capt Arthur Rostron and Capt Stanley Lord were informed within minutes of each other that their vessels had picked up the distress signals of a sinking ship Their actions in the hours and days that followed would become the stuff of legend as one would choose to take his ship into dangerous waters to answer the call for help while the other would decide that the hazard to himself and his command was too great to risk responding After years of research Daniel Allen Butler now tells this incredible story moving from ship to ship on the icy waters of the North Atlantic in real time to recount how hundreds of people could have been rescued but in the end only a few outside of the meager lifeboats were saved He then looks at the US Senate investigation in Washington and ultimately the British Board of Trade inquiry in London where the actions of each captain are probed questioned and judged until the truth of what actually happened aboard the Titanic the Carpathia and the Californian is revealed Powerful very very well done New York Times bestselling author Clive Cussler

family when she was just fourteen Poetically weaving together modern insight and realities with childhood perceptions Pilon tells the haunting stories of her parents grandparents neighbors and friends Although the scenery of her native home had remained essentially unchanged since her childhood Pilon recalls streets that are no more homes and churches that have been demolished Yet the hills and forests the flowers and mountains the heat of old Bucharest remained the same The scenes and characters described in this book are simply unforgettable Despite the many tragedies it describes anti semitism political imprisonment and judicial execution were ruthless realities under communism Notes from the Other Side of Night is not a depressing book Pilon writes with a detached melancholy about events and characters that illustrate Hannah Arendt s terrifying banality of evil But she remembers as well those few who managed to remain human beings until the end Ultimately hope triumphs in this memoir This edition includes a new foreword which discusses the initial writing and publication of this and previous editions

Their stories provide a humorous and deeply moving description of village life where imperfect language skills and limited technical capabilities interacted with good intentions and stubborn dedication to produce embarrassment on the one hand and the occasional minor miracle on the other. This is not a feel good testimony to the Peace Corps on its golden anniversary. Rather it is a sobering depiction of the lives of volunteers living in one of the Peace Corps most demanding site countries where frustrations and challenges were found in abundance. Yet at the end of the day these stories generally attest to the wisdom of the Peace Corps concept which affirms the powers of volunteerism and the giving of self. For many it was the first time these volunteers had articulated their feelings since leaving India. Mary Jo Clark, Thomas Corbett, Michael Simonds and Haywood Turrentine compiled the book.
