## **The Other Side Of The War:**

**The Other Side of War** Ferdinand Protzman, Zainab Salbi, 2006 Zainab Salbi's media profile soared with her first book a memoir of growing up in Saddam Hussein's inner circle Her foundation Women for Women International plays a vital role in helping to heal war torn nations Here with images by award winning photographers Salbi presents a collection of letters and first person narratives by amazing women who survived war's devastation and now must find the strength to rebuild families and communities Overviews by the author explain how each nation's history led to violent conflict then the women tell their stories of horror cruelty and suffering but also of profound inspiration as they work toward renewal and toward the day their fierce determination is rewarded with productivity prosperity and lasting joy From publisher description      **The Other Side of War** Katharine Prescott Wormeley, 1889 Letters Wormeley wrote while a hospital volunteer caring for wounded soldiers during the peninsular campaign of the Civil War in 1862      **The Vietnam War from the Other Side** Cheng Guan Ang, 2013-07-04 Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes This book based on extensive original research including Vietnamese Chinese and former Soviet sources presents a history of the war from the perspective of the Vietnamese communists It charts relations with Moscow and Beijing showing how the involvement of the two major communist powers changed over time and how the Vietnamese despite their huge dependence on the Chinese and the Soviets were most definitely in charge of their own decision making Overall it provides an important corrective to the many one sided studies of the war and presents a very interesting new perspective      **The other side; or, Notes for the history of the war between Mexico and the United States ... Translated from the Spanish with notes** Albert C. Ramsey (Colonel.), 1850      **The Other Side ; Or, Notes for the History of the War Between Mexico and the United States** Ramón Alcaraz, 1850      **The Other Side: Or, Notes for the History of the War Between Mexico and the United States. Written in Mexico. Tr. from the Spanish, and Ed., with Notes** Ramón Alcaraz, 1850      **The Other Side** Martin Lahiff, 2013-07 Some forty scholarly works written by historians on both sides of the Border form the basis for this non scholarly attempt to provide a short simple story of events between the Spanish conquest of Mexico five centuries ago and Mexico's dominance of itself since its independence of two hundred years Better analysis of events here described in a factually chronologic way can be found in the writer's historical sources A reader knowing little of Mexico's history can get a good start with this writer's try to show what the large and beautiful land to the south has met and overcome on the way to what it has and what it will become      *Erving Goffman and the Cold War* Gary D. Jaworski, 2023-08-07 Erving Goffman and the Cold War presents a provocative new reading of the work of sociologist Erving Goffman Instead of viewing him as a marginal man or academic outsider Gary D Jaworski explores Goffman as a social theorist of the Cold War Goffman was deeply connected to both the ethos of his time and to a range of cold warriors and their critics such as Edward A Shils Thomas C Schelling and the researchers on brainwashing associated

with the Walter Reed Army Institute of Research among others Chapters on loyalty betrayal secrecy strategy interrogation provocation and aggression concretely illustrate these connections Erving Goffman and the Cold War shows that Goffman was much more than a microsociologist of mundane life he was a perceptive analyst of the Cold War America **The**

**Punishment** H. E. Goemans,2000-08-20 What makes wars drag on and why do they end when they do Here H E Goemans brings theoretical rigor and empirical depth to a long standing question of securities studies He explores how various government leaders assess the cost of war in terms of domestic politics and their own postwar fates Goemans first develops the argument that two sides will wage war until both gain sufficient knowledge of the other s strengths and weaknesses so as to agree on the probable outcome of continued war Yet the incentives that motivate leaders to then terminate war Goemans maintains can vary greatly depending on the type of government they represent The author looks at democracies dictatorships and mixed regimes and compares the willingness among leaders to back out of wars or risk the costs of continued warfare Democracies according to Goemans will prefer to withdraw quickly from a war they are not winning in order to appease the populace Autocracies will do likewise so as not to be overthrown by their internal enemies Mixed regimes which are made up of several competing groups and which exclude a substantial proportion of the people from access to power will likely see little risk in continuing a losing war in the hope of turning the tide Goemans explores the conditions and the reasoning behind this gamble for resurrection as well as other strategies using rational choice theory statistical analysis and detailed case studies of Germany Britain France and Russia during World War I In so doing he offers a new perspective of the Great War that integrates domestic politics international politics and battlefield developments
