Gardner Martin Kelley,2012-03-23 Synopsis The captain was an author of several sea stories of adventures since his birth at sea He had been born on the two mast schooner the LIZZIE MAE while she was hove to in a bad winter storm around Boon Island Lighthouse Now with recall he was ready to use his experienced for a new caper With so many boats being stolen from Floridas ports going to Cuba and Mexico it seemed that all one had to do was steal a sport fishing boat While after a bribe to officials another charter boat was in business If some person stole a loaf of bread to feed a hungry child he was a thief if someone stole big he was considered to be smart The captain decided he would think big He would use his experience to hi jack a big yacht One he had just read about in the newspaper She lay exposed at her dock site opposite the owners casino The PRINCESS seizure was completed and now was offshore of Atlantic City The problem was to keep her from being seen and the pirates caught The older captain used all of his experiences of a lifetime at sea He confused his pursuers with several divisionary course directions The deal was completed to return the PRINCESS to the owner No A last minute double cross killed the deal Part 2 The PRINCESS was off on a cruise to the Far East to be delivered to an oil rich sheik The captain and his pirate crew were off for another dangerous cruise The transfer of the big yacht was completed The successful pirate crew now no longer identified as pirates was free to return home They had their stashed aboard loot to incriminate them one last cruise to finalize the venture      **The Search for the "Molly Brown"** Capt. Gardner Martin Kelley,2011-09-22 Fred did not die on his island another heart attack did not happen He had plenty of money and maybe even some life time left Fred made up his mind he would go up and down the waterway searching for his lost boat

the MOLLY BROWN She had to be hidden very well no one has seen her With his old skiff he uses the current to drift south to a town He rides a bus to Charleston has a shootout with a black dope peddler that leaves him with drugs and a lot of cash He buys a boat that he can maneuver by himself yet big enough to live comfortable aboard With a new young boat bum and her little boy he is again having boating enjoyment Terry tells him of a catamaran sail boat that is peddling drugs and is about to come into port to unload Fred boards the drug boat to get rid of the drugs he had on his boat The deal misfires and Fred ends up with more drugs and cash aboard his boat He finds that he has incurred the wrath of a crooked Custom Officer and his partner They had planned a drug bust of their own Fred and his new boat the MOLLY TWO escapes to go north to find his old hidden dope burial ground to hide this dope He had plans to clear his boat of any incriminating evidence Fred is almost buried alive in the new sand silt that has been pumped to over fill his islands hiding place His stubborn insistence not to quit sustained him He lived to find his stash and offloads the dope With only the money aboard he resumes his searching for the MOLLY BROWN Stopped by the crooked Custom Officers he is physically abused in their anger To save his own life he has another shoot out and is victorious This is the story of Freds new adventures      *The Sprightly Lady and Her Hurricane and Short Stories from Capt. Gardner M. Kelley* Capt. Gardner Martin Kelley, 2015-08-20 The SPRIGHTLY LADY and her Hurricane and Short Stories from Capt Gardner M Kelley Thelma a rich SPRIGHTLY LADY with a nice yacht named for herself She was very disappointed She had been planning for a cruise to the Abacos in the Bahamas before going north for the summer She was looking at a picture of a body in a dingy behind a sailing yacht The body was not mentioned in the news Probably was dumped overboard to save trouble for the officials just another Bermuda Triangle mystery The lady decided that she would have to put off going there until she had some protection devises installed aboard This would be done at City Island New York Yacht Yard on the cruise north She had no intentions of letting her world her precious floating home be hi jacked The furthest we would go this winter would be Miami Florida The New River Yacht Yard is where the SPRIGHTLY LADY would soon be hauled out This was for anti fouling paint to be put on her bottom She had a long cruise ahead Thelma had spent much of her time at the lovely beach It was not as nice as she remembered it from the past The owner of the SPRIGHTLY LADY had enjoyed the winter months in Florida the lavish parties aboard the yacht and her visits ashore to see her friends Threats from the cold northerly winds were over for now She sat with her husband Dennis and two other couples at Patricia Murphys elegant restaurant She made the announcement We will be off for New York tomorrow Dennis protested I have a golf date tomorrow She said You have had enough golf for a while now you can keep me company The foliage along the banks is already changing I am anxious to see it all Photo by Jeremy D'Entremont      *Escape from the Atomic Fallout* Gardner Martin Kelley, 2013-07 The author along with his wife and two young grandsons are stranded at his almost bomb proof hunting camp in Marion Maine after a severe snow storm blocks the roads Unknown to the fact that there has been a disaster and all are dead the captain travels by snowshoes to investigate Rather than join his neighbors in death

he must get himself his wife and the two boys on a long and dangerous cruise The spindrift spray slashed across the windows of the pilot house The rugged boat built for such weather dove into the waves and up she rose higher and higher then down to stop with a crash and shudder Captain Kelley at the wheel watched the compass heading like a hawk keeping the vessel headed into the waves was a must If the boat rolled off course and got hit on the side by a wave it could be the end The heavy ice coating aloft in the rigging would not allow a quick rise His tired eyes peered again at the compass and then looked ahead into the darkness How anxiously he awaited daylight and the sun to melt off the ice from the rigging What was he doing out here on the ocean in the winter storm The answer to that question of course is the following interesting sea story The Escape from the Atomic Fallout The rugged sea captain with his wife and two young grandsons went on a visit to his Maine hunting camp in late November and are stranded by atomic bomb fallout They must get from the frigid cold weather to the warmer climate further down south The preparations and start in a boat must be made from Lubec Maine to the east coast of North Carolina near Cape Lookout Lighthouse

Subcommittee on Oceanography, 1988 [The Cape Hatteras Lighthouse](#) Dawson Carr, 2012-09-01 Since 1871 the Cape Hatteras lighthouse has been a welcome sight for sailors entering the treacherous region off North Carolina's Outer Banks known as the Graveyard of the Atlantic At 208 feet high it is the tallest lighthouse in the country and one of the state's most famous landmarks Through the years it has withstood the ravages of both humans and nature weathering numerous violent storms and two wars But perhaps the gravest threat the structure faced in recent history was the erosion of several hundred yards of beach that once stood between it and the ocean As powerful tides and rising sea levels increasingly endangered the lighthouse's future North Carolinians debated fiercely over how best to save it eventually deciding on a controversial plan to move the beacon inland to safety First published by UNC Press in 1991 this book tells the story of the noble lighthouse from its earliest history to the present day In this new edition Dawson Carr details the recent relocation of the treasured landmark For now it seems North Carolinians have succeeded in protecting their lighthouse as it has protected them for over a century
