Fianna Fail, Partition and Northern Ireland, 1926-1971 Stephen Kelly, 2013-05-06 xx **A Failed Political Entity** Stephen Kelly, 2016-10-10 Charles Haughey maintained one of the most controversial and brilliant careers in the history of Irish politics but for every stage in his mounting success there was one issue that complicated and almost devastated his ambitions to lead Irish politics Northern Ireland In A Failed Political Entity Stephen Kelly uncovers the complex motives that underlie Haughey's fervent attitude towards the political and sectarian violence that was raging across the border Early in Haughey's governmental career he took a hard line against the IRA leading many to think he was antipathetic towards the situation in Northern Ireland Then in one of the most defining scandals in the history of modern Ireland The Arms Crisis of 1970 he was accused of attempting to supply northern nationalists with guns and ammunitions Whilst his role in this murky affair almost ended his political career the question of Northern Ireland was ever binding and would deftly serve to bring Haughey back to power as taoiseach in 1979 Through recent access to an astonishing array of classified documents and extensive interviews Stephen Kelly confronts every controversy examining the genesis of Haughey's attitude to Northern Ireland allegations that Haughey played a key part in the formation of the Provisional IRA the Haughey Thatcher relationship and Haughey's leading hand in the early stages of the fledgling Northern Ireland peace process **Official Irish Republicanism, 1962 to 1972** Sean Swan, 2007-06 A history of the Official Irish Republican movement from the IRA's 1962 ceasefire to the Official IRA's permanent ceasefire in 1972 The civil rights movement the outbreak of violence in August 1969 the links with the communist party the Official IRA's campaign the ceasefire and later developments towards Sinn Féin the Workers Party are explored This book is the first in depth study of this crucial period in the history of Irish republicanism Using his unprecedented access to the internal documents of the movement and interviews with key participants Swan's work will transform our understanding of this transformative period in the history of the movement Henry Patterson Author of The Politics of Illusion A Political History of the IRA and Ireland Since 1939 There is much fascinating material and also much good sense Richard English Author of Armed Struggle A History of the IRA and Radicals and the Republic Socialist Republicanism in the Irish Free State **Irish Statesman** George William Russell, 1928 **Encyclopedia of British and Irish Political Organizations** Peter Barberis, John McHugh, Mike Tyldesley, 2000-01-01 This major authoritative reference work embraces the spectrum of organized political activity in the British Isles It includes over 2 500 organizations in 1 700 separate entries Arrangement is in 20 main subject sections covering the three main p **Ireland** Richard B Finnegan, Edward T. The Celtic Tiger Kieran Allen,2000 The only comparative analysis of the foreign policies of European Union member states Examines those policies which are Europeanised through the EU s processes and those policies which are retained or excluded from these processes Analyses the dual impact of the Maastricht Treaty on the European Union and the post Cold War environment on the foreign policy processes of the EU s member states Argues for a distinctive approach to the foreign policy analysis of EU states which recognises the fundamental changes that membership brings after the Cold War but also acknowledges the diverse role of policies which states seek to retain or advance as being special All the empirical chapters are structured by six sets of explanatory questions

Parties and Party Systems in Liberal Democracies Steven B Wolinetz,2023-07-14 First published in 1988 Parties and Party Systems in Liberal Democracies considers the extent and ways in which Western European and North American parties and party systems changed in the 1970s and 1980s after decades of relative stability It examines changes in the nature and organisation of parties and relates this to changes in electoral behaviour and to wider social and economic change It concentrates on political parties as actors and the ways in which they maintain themselves and respond to the moves and gambits of both established and newer parties and to the increasingly numerous and vociferous single interest pressure groups One important argument put forward is that many social and economic changes have had a minimal impact because established parties have been able to adapt by redefining issues in their favour and have also been able to rely on residual support and access to patronage This engaging volume will have strong appeal for courses in political science government political behaviour and history

Democracy Within Parties Reuven Y. Hazan,Gideon Rahat,2010-07 This text presents a new approach to understanding political parties It sheds light on the inner dynamics of party politics and offers a comprehensive analysis of one of the most important processes any party undertakes its process of candidate selection

Disillusioned Decades - Ireland 1966-87 Tim Pat Coogan,1987-12-01 From Se n Lemass to mass unemployment Ireland changed between 1966 and 1987 and Tim Pat Coogan argues in Disillusioned Decades not for the betterThe year 1966 was one in which to take stock fifty years since the Rising what had the Republic achieved In Disillusioned Decades Ireland s most celebrated and controversial historian Tim Pat Coogan looks at a country in bloom Se n Lemass was at the end of a successful term as Taoiseach the economy appeared stable and the newly founded Raid o Telif s ireann was providing homes around Ireland with art and culture through their television screens Over the next 21 years every aspect of Irish life was changed dramatically and profoundly By 1987 Ireland was a country characterised by high levels of urbanisation chronic unemployment mass emigration and a heroin problem comparable in percentage terms to New York What happened in those pivotal 20 years Tim Pat Coogan famous for his perceptiveness and sharp observations was editor of national newspaper The

Irish Press for most of this period reporting on the people and events that Disillusioned Decades analyses Using his in depth knowledge of the political cultural and social changes of the 1960s 70s and 80s rounded out with his personal reminiscences in Disillusioned Decades Coogan steps back to view the events in a wider context Throughout Disillusioned Decades Coogan paints a grim and no punches pulled picture of Ireland s trajectory from 1966 to 1987 Sharply perceptive and enlivened by frequent flashes of personal reminiscence this book presents a wealth of information and opinion in Coogan s distinctive and authoritative style

Church and Revolution Thomas Bokenkotter,2010-05-19 Though sometimes a source of controversy regarding certain issues the Catholic Church has in many ways lead the struggle for social justice and rights for the poor in our age Pope John Paul II never lets an opportunity pass without insisting on the need for greater respect for human rights and the need to alleviate the pains of poverty In the United States the Catholic Church is the single largest private organization providing assistance to the underprivileged operating soup kitchens and shelters for the homeless providing care for the sick and education for the needy But this struggle was not always a top priority In fact at the time of the French Revolution the Catholic Church was among the most conservative and reactionary of the world s powers Church and Revolution deals with the interesting historical question How did the Catholic Church develop from being a defender of the status quo to being a progressive force in world affairs Thomas Bokenkotter traces the development of social justice in the Church over the 200 years since the French Revolution through portraits of fifteen colorful figures who were all key to the political revolutions of the past two centuries and who also effected the Church s response to them including Salvadoran Archbishop Oscar Romero Irish emancipator Daniel O Connell founder of the American Catholic Worker movement Dorothy Day and Polish electrician and President Lech Walesa

Irish Media John Horgan,2012-11-12 Irish Media A Critical History maps the landscape of media in Ireland from the foundation of the modern state in 1922 to the present Covering all principal media forms print and electronic in the Republic and in Northern Ireland John Horgan shows how Irish history and politics have shaped the media of Ireland and in turn have been shaped by them Beginning in a country ravaged by civil war it traces the complexities of wartime censorship and details the history of media technology from the development of radio to the inauguration of television in the 1950s and 1960s It covers the birth development and sometimes the death of major Irish media during this period examining the reasons for failure and success and government attempts to regulate and respond to change Finally it addresses questions of media globalisation ownership and control and looks at issues of key significance for the future Horgan demonstrates why in a country whose political divisions and economic development have given it a place on the world stage out of all proportion to its size the media have been and remain key players in Irish history

Politics and Gender in Ireland Fiona Buckley,Yvonne Galligan,2016-02-08 This book explores the relationship between women the state and democratic politics in Ireland today It highlights the conservatism of the political culture shared by all traditions on the island and how this culture circumscribes women s political agency in Northern Ireland and Ireland The book explores

the opportunities and obstacles to women's participation and representation on each side of the border. The chapters take the view that public decision making institutions and processes are subject to rules and practices that reinforce the gendered foundations of democratic politics. They document women's continuing quest for full participation and equal representation in these male gendered arenas. The contributors focus on the marginalised experiences of women in modern politics in Ireland and detail their efforts to challenge the masculinized status quo. The book addresses the classical issues of citizenship participation representation and equal rights in a sustained analysis of the political systems on the island. It also deals with modern issues multiculturalism peace building the male gendered legislature and the unequal nature of women's citizenship in constitutional institutional and policy contexts. The book is completed by a comprehensive appendix of all women elected to political office on the island from 1918-2013. This book was published as a special issue of Irish Political Studies.
