**The Path to Power** Robert A. Caro, 1990-02-17 The Years of Lyndon Johnson is the political biography of our time No president no era of American politics has been so intensively and sharply examined at a time when so many prime witnesses to hitherto untold or misinterpreted facets of a life a career and a period of history could still be persuaded to speak The Path to Power Book One reveals in extraordinary detail the genesis of the almost superhuman drive energy and urge to power that set LBJ apart Chronicling the startling early emergence of Johnson's political genius it follows him from his Texas boyhood through the years of the Depression in the Texas hill Country to the triumph of his congressional debut in

*Traditional Witchcraft and the Path to the Mysteries*  
Melusine Draco, 2015-03-27

Traditional Witchcraft and the Path to the Mysteries the sixth and last in the Traditional Witchcraft series is a voyage of discovery and as with every journey it is essential that we understand where we are now and where we want to be We need proper direction unlike that popular old Irish saying If I wanted to be going there I wouldn't be starting from here So let us make our preparations put our house in order and begin our journey of exploration and self discovery As with all stages of Life there are friends and acquaintances to consider the essence of some we will take with us the rest we will leave behind But as the genii from *Where the Rainbow Ends* says Time is short and we have far to travel
