**Roots and Remedies of the Dependency Syndrome in World Missions** Robert Reese, 2010-06-17 The Christian movement is entering a new postcolonial era with centers of the faith on all continents American Christians have often felt uniquely qualified to lead this growing movement because of a long history of sending missionaries and funding mission projects Yet something is hampering the relationship between Western and non Western churches preventing the dynamic synergism that Christians might expect Roots and Remedies of the Dependency Syndrome in World Missions Robert Reese identifies this hindrance as the Dependency Syndrome a relic of colonial mission methods With three decades of experience in Zimbabwe Reese explains the roots of dependency and how this continues to cloud the vision of many well meaning Western Christians He documents the tragic results of relying too much on foreign ideas institutions personnel and funding that sideline non Western churches from fulfilling the Great Commission Reese addresses remedies for dependency examining healthy mission models tried and tested since the days of the apostle Paul From issues that arise from globalization to best mission practices in the twenty first century Roots and Remedies aims to achieve what most Christians are seeking but find elusive how all parts of the diverse Body of Christ around the world can cooperate productively to bring Christ where He is not now known without creating dependency

The History and Growth of Churches of Christ in Nigeria, 1948-2000 Eno O. Otoy Ed.D, 2021-05-28 Through God s providence three cities Lindwarmstrasse in Germany Johannesburg in South Africa and Ikot Usen Ibiono Akwa Ibom State Nigeria in that triangular connectedness became pivotal in the establishment of the Churches of Christ Restoration Movement in Nigeria A network of theologically trained young men without affiliation with an established religious group nor from a privileged aristocracy that could have funded the movement sacrificially and painstakingly pioneered the establishment of church in many communities of Nigeria The author earned his doctorate degree at Pepperdine University Taught school and served as a Counselor with the Los Angeles Unified School System for thirty years He travelled extensively in forty states of the United States England Germany the Netherlands Italy Spain extending to the Cameroons Togo Tanzania Liberia and Ethiopia His observations and studies of school systems a comparative knowledge of major religions and denominations provided him with the tools and most importantly his first hand knowledge of the teachings of the Church of Christ in the production of this engaging work He contends that evangelism should involve the spiritual emotional and physical growth pattern equivalent to Christ s Scriptural correctness and

adherence to it should take precedence over human ingenious doctrinaire and practices This is an excellent historical document for curious seekers      *The Paul and Barnabas Syndrome* Daniel C. Hardin,1991-09-01      **Zeus Syndrome** Joachim Kügler,2022-08-15 Zeus Syndrome A Very Short History of Religion Based Masculine Domination is a critical assessment of the biblical concepts of gender hierarchy and the intersection of sex gender power and religion Starting with MeToo and the abuse of religious power in the Catholic Church it also presents a concise selection of historical case studies In doing so the book demonstrates how a specific construction of the relationship between sex gender power and religion not only excludes women and every person conceived as feminine or effeminate from power but also produces almost automatically a rape culture which uses and excuses violent sexuality as an appropriate manifestation of masculine power Biblical studies is increasingly interdisciplinary and frequently focuses on contextualising the reading of biblical texts This volume focuses on how The Bible is intertwined with other religio cultural traditions in the Mediterranean world Biblical and extra biblical ancient concepts of gender hierarchy have left traces in the cultural memory particularly of the Western world The Bible is received and applied in the contemporary world above all in the politics news media and churches of Western post Christian societies and African Christianity Throughout this text religious history and biblical tradition are linked with recent conflicts to show how traces of these concepts continue to resonate and influence the world of today even in post Christian societies      *Restoring the Five-Fold Ministry 2nd Edition* Hartwell Paul Davis,2020-01-10 The church represents the largest organization in the world covering all nations all cultures and millions of members Church leadership like leadership in any organizations is of vital importance However the difference is that Jesus s model of leadership and use of power and authority can be different from leadership in the world of business The differences between the fivefold ministry gifts and the leadership of elders and deacons are often misunderstood and the changing nature of church leadership from biblical roots has resulted in several forms of maladaptive leadership in the church today the most common being the rise of the pastoral supremacy syndrome where the focus on the pastoral gift has effectively destroyed the fivefold ministry intended to be God s leadership design This books is about leadershipspecifically about leadership in God s church      **Those Challenging Cracks of Secularism** Rev. Oliver O. Nwachukwu,2014-01-09 Lack of religious enthusiasm is a universal nemesis with long ranging effects In Those Challenging Cracks of Secularism author Rev Oliver O Nwachukwu shows how secularism can further deepen dividing lines among people The negatives solicited by indifference to authentic religious values and the erroneous use of force to enlist membership by religious extremists are two extremities Those Challenging Cracks of Secularism opposes in the search for ultimate truth Aggrieved by the negative effects of competing alliances on core Christian religious teachings and values the book discusses the recent ecclesiastical wrangling in the Episcopal Church that began with the ordination of gay priests and blessing of same sex union It further treats the recent clerical sex abuse scandal allegations of cover up the financial burdens on the affected dioceses as well as homosexuality in the priesthood The

mythological anabasis of the Old Testament books have often been interpreted wrongfully by fanatics to engage in senseless killings of innocent people in the name of God something that has led to the mistaken practice of shutting religion off public places as private No one should be denied the privilege of close relationship with God through attitude of religious indifference Economic obsessions technological enslavement proliferations of arms racial intolerance and unbridled political correctness have diluted religious values so much that people are constantly burdened with mistrust and skepticism
