

The background of the book cover is a stylized illustration. At the top, a yellow rectangular box with a scalloped border contains the title and subtitle. Below this box, a blue sky with white clouds transitions into a landscape of rolling hills. The foreground is filled with a dense crowd of Native American people, depicted in a stylized, almost abstract manner with dark outlines and earthy tones. In the center of the crowd, a small fire burns brightly. The overall style is reminiscent of a folk art or a stylized painting.

Conley, 2001-11-01 A young Indian s rise to a high position in the Cherokee nation He is Young Puppy and through his eyes is seen a war between on the one side the Cherokee allied with the French and on the other the Indian slave catchers working for the Spanish By the author of War Woman **American Indian Literature** Kimberly Wieser-Weryackwe, 2025-07-10 Discover the essential people works movements and themes in American Indian literature American Indian literature is a varied and vibrant collection of Indigenous artistic expression American Indian novelists poets essayists and critics have over the last four centuries asserted powerful forms of intellectual and artistic sovereignty writing in English while building on discrete tribal oral traditions and forms of storytelling This encyclopedia introduces readers to the key historical and contemporary figures in American Indian literature and their defining works From the fiery sermons of Methodist minister William Apress to the Pulitzer Prize winning novel House Made of Dawn by N Scott Momaday to the critically acclaimed and commercially successful novels of Louise Erdrich this book illustrates the indelible and influential imprint American Indians have on the landscape of American letters Readers are also introduced to the key themes and context of American Indian literature exploring how it is inextricable from American literary history the American literary canon and the narrative of American history not on the fringes of the American experience but central to it

Native Women and Land Stephanie J. Fitzgerald, 2015-03-15 What roles do literary and community texts and social media play in the memory politics and lived experience of those dispossessed Fitzgerald asks this question in her introduction and sets out to answer it in her study of literature and social media by primarily Native women who are writing about and often actively protesting against displacement caused both by forced relocation and environmental disaster By examining a range of diverse materials including the writings of canonical Native American writers such as Louise Erdrich Linda Hogan and Elizabeth Cook Lynn and social media sites such as YouTube and Facebook this work brings new focus to analyzing how indigenous communities and authors relate to land while also exploring broader connections to literary criticism environmental history and justice ecocriticism feminist studies and new media studies **Deep Waters** Christopher B. Teuton, 2018-11-01 Weaving connections between indigenous modes of oral storytelling visual depiction and contemporary American Indian literature Deep Waters demonstrates the continuing relationship between traditional and contemporary Native American systems of creative representation and signification Christopher B Teuton begins with a study of Mesoamerican writings Din sand paintings and Haudenosaunee wampum belts He proposes a theory of how and why indigenous oral and graphic means of recording thought are interdependent their functions and purposes determined by social political and cultural contexts The center of this book examines four key works of contemporary American Indian literature by N Scott Momaday Gerald Vizenor Ray A Young Bear and Robert J Conley Through a textually grounded exploration of what Teuton calls the oral impulse the graphic impulse and the critical impulse we see how and why various

types of contemporary Native literary production are interrelated and draw from long standing indigenous methods of creative representation Teuton breaks down the disabling binary of orality and literacy offering readers a cogent historically informed theory of indigenous textuality that allows for deeper readings of Native American cultural and literary expression

War Woman Robert J. Conley, 2001-11-01 Few writers portray Native American life and history as richly authentically and insightfully as Robert J Conley Conley represents an important voice of the Cherokee past The novels in his Real People series combine powerful characters gripping plots and vivid descriptions of tradition and mythology to preserve Cherokee culture and history War Woman spans the late 1500s to mid 1600s War Woman a brave headstrong clever Cherokee is believed by many in her town to be a witch Having heard stories about the Spanish and believing there is great profit to be made by trading with them she leads a small band of youths on the treacherous road to La Florida This journey blessed with success and marred by terrible tragedy marks the beginning of War Woman s own personal journey as she leads her people by example and by guidance through terrifying times

Cherokee Dragon Robert J. Conley, 2001 Few writers portray Native American life and history as richly authentically and insightfully as Robert J Conley Conley represents an important voice of the Cherokee past The novels in his Real People series combine powerful characters gripping plots and vivid descriptions of tradition and mythology to preserve Cherokee culture and history In Cherokee Dragon the tenth novel in the series Robert Conley explores the life if Dragging Canoe the last great war chief of the united Cherokee tribe In the late eighteenth century as the English settlers begin steadily encroaching upon the Cherokee lands the Nation divided among several towns and many chiefs unites in a series of battles But the united front is not one that lasts Dragging Canoe s belief that they must fight the settlers to preserve their lands and their culture is far from universal

Cherokee Medicine Man Robert J. Conley, 2014-10-20 A modern medicine man portrayed through the words of the people he has helped Robert J Conley did not set out to chronicle the life of Cherokee medicine man John Little Bear Instead the medicine man came to him Little Bear asked Conley to write down his story to reveal to the world what Indian medicine is really about For Little Bear as for the Cherokee ancestors who brought their traditions over the Trail of Tears to Indian Territory the medicine is about helping people Visitors from neighboring states and Mexico come to him each one seeking help for a different kind of problem Each seeker s story is presented here exactly as it was told to Conley Little Bear has cured problems involving health relationships and money by uncovering the source of the problem rather than simply treating the symptoms Whereas mainstream medicine and counseling have failed his patients Little Bear s healing practices have proven beneficial time and again

reveal the radical impulses at the founding of the American Republic Here is a fresh new reading of the American Revolution that gives voice and recognition to a generation of radical thinkers and doers whose revolutionary ideals outstripped those of the Founding Fathers While the Founding Fathers advocated a break from Britain and espoused ideals of republican government none proposed significant changes to the fabric of colonial society Yet during this revolutionary period some people did believe that liberty meant liberty for all and that equality should be applied to political economic and religious spheres Here are the stories of individuals and groups who exemplified the radical ideals of the American Revolution more in keeping with our own values today This volume helps us to understand the social conflicts unleashed by the struggle for independence the Revolution s achievements and the unfinished agenda it left to future generations to confront

Mountain Windsong Robert J. Conley, 2014-12-11 Set against the tragic events of the Cherokees removal from their traditional lands in North Carolina to Indian Territory between 1835 1838 Mountain Windsong is a love story that brings to life the suffering and endurance of the Cherokee people It is the moving tale of Waguli Whippoorwill and

Oconeechee a young Cherokee man and woman separated by the Trail of Tears Just as they are about to be married Waguli is captured by federal soldiers and along with thousands of other Cherokees taken west on foot and then by steamboat to what is now eastern Oklahoma Though many die along the way Waguli survives drowning his shame and sorrow in alcohol Oconeechee among the few Cherokees who remain behind hidden in the mountains embarks on a courageous search for Waguli Robert J Conley makes use of song legend and historical documents to weave the rich texture of the story which is told through several sometimes contradictory voices The traditional narrative of the Trail of Tears is told to a young contemporary Cherokee boy by his grandfather presented in bits and pieces as they go about their everyday chores in rural North Carolina The telling is neither bitter nor hostile it is sympathetic by unsentimental An ironic third point of view detached and often adversarial is provided by the historical documents interspersed through the novel from the text of the removal treaty to Ralph Waldo Emerson's letter to the president of the United States in protest of the removal In this layering of contradictory elements Conley implies questions about the relationships between history and legend storytelling and myth making Inspired by the lyrics of Don Grooms's song Whippoorwill which open many chapters in the text Conley has written a novel both meticulously accurate and deeply moving
