**The Penguin Book of Women Poets** Carol Cosman, Joan Keefe, Kathleen Weaver, 1979 Collection of poetry written by women which spans 3500 years and forty different literary traditions Women Poets, Male Publishers Lise Jaillant, 2025-03-17 We are often told that the women's movement of the 1960s and 1970s led to the rediscovery of forgotten women writers Without feminist presses such as Virago these women would have sunk into obscurity Thanks to Carmen Callil and other trailblazing feminist publishers a canon of women's literature emerged and living writers managed to survive and sometimes thrive in a literary marketplace that had so far been dominated by men Although obstacles remained the story is one of the triumphs over a misogynistic publishing industry a sector that had once sought to erase women writers of the past marginalise living authors and close the doors to any future legacy There are two problems with this oft repeated story First it focuses mainly on fiction rather than poetry founded in 1973 Virago did not start publishing poetry until the early 1980s Second it neglects the major role that conservative male publishers played in re-discovering women poets in post 1960s Britain With the growing influence of the Women's Liberation movement these publishers realised that there was a growing market for poetry by women At the same time the Arts Council of Great Britain started pushing for more diversity nudging its clients to make more room for women and ethnic minorities Drawing on extensive archival work and oral history interviews this open access book pushes the boundaries of a scholarship that has focused mainly on women's poetry in relation to women's presses Archival documents show the influence of the Arts Council and the market in pushing conservative publishers towards more diversity This evolution has had long term consequences on the canon of women's poetry a canon that was largely shaped by conservative publishing houses rather than radical feminist presses **THE PENGUIN BOOK OF WOMEN POETS; ED. BY...JOAN KEEFE, KATHLEEN WEAVER.** Carol Cosman (Ed), 1978 **Colonial Australian Women Poets** Katie Hansord, 2021-01-08 My book traces the significant poetic and political contributions made by non canonical women poets situating women's poetry both in colonial Australian print culture and in wider imperial and transnational contexts Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture Without the inclusion of periodical literature women's poetry in Australia during the colonial period would appear to have been fairly limited When periodical literature is taken into account this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well known influential and connected with political figures and literary circles In examining this poetry in the original context of the newspapers and journals the political intervention and the reception of that poetry is made much more apparent *The Bloodaxe Book of Contemporary Women Poets* Jeni Couzyn, 1985 Large selections with essays on their work by eleven poets Sylvia Plath Stevie Smith

Kathleen Raine Fleur Adcock Anne Stevenson Elizabeth Jennings Denise Levertov Elaine Feinstein Jenny Joseph Ruth Fainlight and Jeni Couzyn GCE set text *Renaissance Women Poets* Isabella Whitney, Mary Sidney Herbert Countess of Pembroke, Aemilia Lanyer, 2000 Whitney's two volumes of verse miscellany *Sweet Nosegay* 1573 and *The Copy of a Letter* 1567 were part of a literary trend of combining classical and Biblical references with popular and vernacular sources and reflect the growing literary appetites of the urban population As well a selection of her original poetry this volume includes Sidney's version of the Psalms of David and Petrarch's *Triumph of Death* Lanyer's poetry is devotional and is the most single minded and explicit in its advocacy of female spirituality and virtue Included here are *Salve Deus Rex Judaeorum* and *The Description of Cooke ham*

[Encyclopedia of Literary Translation Into English: A-L](#) O. Classe, 2000 [A Companion to Twentieth-Century Poetry](#) Neil Roberts, 2008-06-09

In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and

this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century Contemporary British Poetry James Acheson, Romana Huk, 1996-01-01 This collection of original essays focuses on new and continuing movements in British Poetry It offers a wide ranging look at feminist working class and other poets of diverse cultural backgrounds

Scott, 2013-04-28 *Caribbean Women Writers and Globalization* offers a fresh reading of contemporary literature by Caribbean women in the context of global and local economic forces providing a valuable corrective to much Caribbean feminist literary criticism Departing from the trend towards thematic diasporic studies Helen Scott considers each text in light of its national historical and cultural origins while also acknowledging regional and international patterns Though the work of Caribbean women writers is apparently less political than the male dominated literature of national liberation Scott argues that these women nonetheless express the sociopolitical realities of the postindependent Caribbean providing insight into the dynamics of imperialism that survive the demise of formal colonialism In addition she identifies the specific aesthetic qualities that reach beyond the confines of geography and history in the work of such writers as Oonya Kempadoo Jamaica Kincaid Edwidge Danticat Pauline Melville and Janice Shinebourne Throughout Scott's persuasive and accessible study sustains the dialectical principle that art is inseparable from social forces and yet always strains against the limits they impose Her book will be an indispensable resource for literature and women's studies scholars as well as for those interested in postcolonial cultural and globalization studies [The Cambridge Companion to Twentieth-Century British and Irish Women's Poetry](#) Jane Dowson, 2011-03-17 This Companion provides new ways of reading a wide range of influential women's poetry Leading international scholars offer insights on a century of writers drawing out the special function of poetry and the poets use of language whether it is concerned with the relationship between verbal and visual art experimental poetics war landscape history cultural identity or confessional lyrics Collectively the chapters cover well established and less familiar poets from Edith Sitwell and Mina Loy through Stevie Smith Sylvia Plath and Elizabeth
