Countryside Commission, 1969 **Pennine Way** Stephen Platt, 2020-07-08 The Pennine Way is a tough old walk It's about 270 miles long 435 km was the first National trail in England and is one of the most famous long distance walks I did it a couple of weeks before I should have during the Covid pandemic of 2020 when the guidelines encouraged outdoor exercise but advised against overnight stays away from home There was no accommodation or catering en route and few shops open I arranged two poste restante food drops at post offices in Alston and Hawes at approximately one third and two thirds of the way That meant I had to wild camp and carry food for a week Lockdown during the Covid pandemic was a great time to do the Pennine Way No one else was on the walk In fact hardly anyone had done it for months and nature had reclaimed the way and at times the path was almost indistinct The guidelines that everyone should stay at home meant that the villages and settlements I passed through were deserted It was like a sci fi movie when everyone has disappeared When I got back people asked me what was the best bit The problem is that so much happens in the 17 days of a walk like this so much that is singular and arresting But with the repetition of walking each day over similar ground it becomes difficult for the mind to encompass and remember Alfred Wainwright who devised the walk in 1938 said he wrote his pictorial companion for himself so he could relive the walk back in the comfort of home In part that's what motivated me But I also needed to make sense of what I'd done to map it out and to fit the parts together as a whole **Pennine Way North** Tony Hopkins, 2004 This is the complete official guide for the long distance walk or the weekendtroller The guide includes the whole route split into convenient sections ircular routes off the trail for shorter walks details of public transportnd villages on or near the route with facilities for walkers usefulrganizations and sources of further information on accommodation theountryside Access Charter on your rights and responsibilities when out inhe countryside and background information on local history wildlife rchaeology geology industry and land use **Pennine Way** Keith Carter, Edward de la Billiere, Chris Scott, 2008 Hiking route guide to the 256 mile Pennine Way Britain's best known National Trail 135 large scale maps 3 1 8 inches to 1 mile full details of all accommodations restaurants pubs The Pennine Way Footprint (Firm), 1988-01-01 **PENNINE WAY**, 2019 **Pennine Way North 2007** Tony Hopkins, 2000 Everything the walker needs to know when traversing this long distance path is included in this updated guide The northern section of the Pennine Way is covered here from Bowes across the rugged Durham moors past Hadrian's Wall to Kirk Yetholm **Heart of the Pennine Way**, 2015 **Pennine Way Companion** Alfred Wainwright, 2012-09-01 The Pennine Way England's first continuous long distance

path for walkers stretches for 268 miles from Derbyshire to the Scottish Borders along the length of the Pennines Inaugurated in 1965 it has become one of the most popular long distance footpaths in Britain For those starting in the south it runs from Edale in Derbyshire through the old West and North Ridings of Yorkshire Westmorland Cumberland and Northumberland before reaching its northern terminus at Kirk Yetholm just over the Scottish border Wainwright's handwritten guide to the route with its magnificent detailed maps and occasionally tongue in cheek text was first published in 1968 This new edition has been brilliantly revised and updated by Chris Jesty to meet the goal Wainwright set for the original edition to enable walkers to follow the Pennine Way without putting a foot wrong *A Walker on the Pennine Way* Colin Walker,1974 **The Pennine Way** Paddy Dillon,2010-03-15 A Paddy Dillon guide to walking The Pennine Way Britain's first National Trail from Edale Derbyshire England to Kirk Yetholm Scotland backpacking through the Peak District South and North Pennines Yorkshire Dales Hadrian's Wall Northumberland the Cheviots and the Borders The Pennine Way was the first long distance path to be created in Britain back in 1965 It traverses the backbone of England striving to stay high on the moors yet dropping down to delightful little towns and villages each evening It has always been a popular trail rightly regarded as a challenge running higher and wilder than any other National Trail Several hundred thousand walkers have walked its 435 kilometers 270 miles from Derbyshire to the Scottish Borders On its way from Edale to Kirk Yetholm the route passes through three national parks and a huge Area of Outstanding Natural Beauty Although much of the landscape is high and wild the route is well provided with accommodation and refreshment stops in the charming villages in the valley bottoms
