## **The People V The Warren Report:**

The People V. the Warren Report Rodger A. Remington, 2002 This writing is by a latecomer to literature of the JFK assassination It began as fascination with problems perceived in the methodology of the Warren Report which he photocopied in 1995 Most troublesome was reconciliation of the single bullet theory with the phenomenon of common sense Since 1997 that problem has generated an attempt to understand why defenders and critics of the Warren Report cannot persuade the American people to embrace differing conclusions and methodology Convinced the twain shall not soon meet this writing offers suggestions for future historians who will surely undertake to write history of the JFK assassination
