Rubinstein, 2011-01-27 This authoritative and comprehensive guide to key people and events in Anglo Jewish history stretches from Cromwell's readmittance of the Jews in 1656 to the present day and contains nearly 3000 entries the vast majority of which are not featured in any other sources **The Jewish Heritage in British History** Tony

Kushner, 2012-11-12 In the contemporary British context heritage is a highly politicized and contentious term Tony Kushner writes in his introduction to this edited collection of essays on the subject of Jewish heritage thus setting the tone for a book as much interested in the preservation as it is the understanding of this culture This book provides a more theoretical framework for the pursuit of Jewish historiography and heritage preservation in Britain The essays collected here look both to the past and to the future discussing the nature of the Jewish heritage that has already been produced and looking toward possibilities of future development Kushner has collected a wide range of subjects from social history to architecture to the question of Jewish women This book will be of interest to students of social history and ethnic studies particularly Jewish history in London and Manchester It will be also of some use to those interested in architecture [The Jewish Heritage in British History](#) Antony Robin Jeremy Kushner, 1992 First Published in 1992 Routledge is an imprint of Taylor Francis an
