Skinner's Drift A Novel:

Skinner's Drift Lisa Fugard, 2013-03-07 Lisa Fugard's *Skinner's Drift* is a beautifully written and but that reveals the secrets and violence buried beneath the earth of a South African farm Skinner's Drift lying amongst the sandstone rocks of the eastern borders of South Africa beside the snaking bed of the Limpopo River was Eva Van Rensburg's home As a young girl she would range through its mopane trees at night hunting jackals with her stammering father But as soon as she grew up Eva fled the farm and has not returned for more than ten years Now as her father lies dying in hospital with only his claustrophobic sister for company Eva must go back to confront her family and remember the beauty and the horror of her life on Skinner's Drift Praise for *Skinner's Drift* A wonderfully brave novel unflinchingly and lovingly written It is books like this books that shake the dust out of our heads and hearts that allow us all to understand our past slightly better and walk forward more confidently Alexandra Fuller An achingly beautiful book Monica Ali Fugard wonderfully captures the swift rivers of change in which contempt and fear resentment righteousness and loyalty churn in one unending torrent Daily Mail Lisa Fugard grew up in South Africa and now lives in the desert of Southern California with her husband and young son Her short stories have been published in magazines and literary journals and she has written many travel pieces for the New York Times *Skinner's Drift* is her first novel *Skinner's Drift* Lisa Fugard, 2006-02-24 Ten years after leaving South Africa the country of her birth and the place where her mother died Eva van Rensburg returns to her dying father a violent man whose terrible secret Eva has kept since she was a child In this beautiful first novel Lisa Fugard paints a haunting portrait of a family careering toward disaster She vividly describes the isolation of Eva's rebellious and lonely English mother the desperation of her Afrikaner father as drought destroys his farm the conflicts among the black farmworkers as the younger generation questions the loyalty and subservience of their elders and the dangerous silence of a young girl who witnesses too much Like Nadine Gordimer and J M Coetzee Fugard has written a profoundly moving family drama subtly set against the backdrop of a country in turmoil She moves with extraordinary agility between intimate and revelatory domestic scenes and the fiercely challenging land This is a powerful story from a stunning new writer [Trauma, Memory, and Narrative in the Contemporary South African Novel](#), 2012-01-01 The contributions to this volume probe the complex relationship of trauma memory and narrative By looking at the South African situation through the lens of trauma they make clear how the psychic deformations and injuries left behind by racism and colonialism cannot be mended by material reparation or by simply reversing economic and political power structures Western trauma theories as developed by scholars such as Caruth van der Kolk Herman and others are insufficient for analysing the more complex situation in a postcolony such as South Africa This is because Western trauma concepts focus on the individual traumatized by a single identifiable event that causes PTSD Post Traumatic Stress Disorder What we need is an understanding of trauma that sees it not only as a result of an identifiable event but also as the consequence of an historical condition in the case of South Africa that of colonialism and more

specifically of apartheid For most black and coloured South Africans the structural violence of apartheid s laws were the existential condition under which they had to exist The living conditions in the townships pass laws relocation and racial segregation affected great parts of the South African population and were responsible for the collective traumatization of several generations This trauma however is not an unclaimed and unclaimable experience Postcolonial thinkers who have been reflecting on the experience of violence and trauma in a colonial context writing from within a Fanonian tradition have on the contrary believed in the importance of reclaiming the past and of transcending mechanisms of victimization and resentment so typical of traumatized consciousnesses Narration and the novel have a decisive role to play here

Intersectional Trauma in American Women Writers' Incest Novels from the 1990s Marinella Rodi-Risberg,2022-03-24 This book explores the intersections of sexualized gendered and racialized traumas in five US novels about father daughter incest from the 1990s It examines how incest can be connected to wider past and present

structural oppression and institutional abuse and what fiction looks like that testifies against and references a historical background of slavery poverty settler colonialism annexation and immigration Investigating the means of resistance used against attempts at silencing and denial in these texts the book also shows how contemporary women s novels can propose social change Overall this study uniquely argues that the individual trauma of incest in these texts must be understood in relation to histories of and present collective wounding against marginalized communities By sitting at the intersections between trauma theory and US third world feminism it allows for theory to meet literary activism
