Slavery Page DuBois, 2021-03-25 Life liberty and the pursuit of happiness is perhaps the most famous phrase of all in the American Declaration of Independence Thomas Jefferson s momentous words are closely related to the French concept of liberte egalite fraternite and both ideas incarnate a notion of freedom as inalienable human right that in the modern world we expect to take for granted In the ancient world by contrast the concepts of freedom and equality had little purchase Athenians Spartans and Romans all possessed slaves or helots unfree bondsmen and society was unequal at every stratum Why then if modern society abominates slavery does what antiquity thought about serfdom matter today Page duBois shows that slavery far from being extinct is alive and well in the contemporary era Slaves are associated not just with the Colosseum of ancient Rome but also with Californian labour factories and south Asian sweatshops while young women and children appear increasingly vulnerable to sexual trafficking Applying such modern experiences of bondage economic or sexual to slavery in antiquity the author explores the writings on the subject of Aristotle Plautus Terence and Aristophanes She also examines the case of Spartacus famous leader of a Roman slave rebellion and relates ancient notions of liberation to the all too common immigrant experience of enslavement to a globalized world of rampant corporatism and exploitative capitalism
