Slavery In The Twentieth Century The Evolution Of A Global Problem:

Slavery in the Twentieth Century Suzanne Miers, 2003-05-28 Well known Africanist Suzanne Miers places modern slavery in its historical context tracing the phenomenal development of the international anti slavery movement over the last hundred years She demonstrates how the problems of eradication seem greater and more intractable today than they had ever been with the expansion of slaving to include forced labor prostitution and the exploitation of children Her book will be a valuable resource for readers interested in world history slavery human rights race and ethnic studies labor and the world economy and international relations

Slavery in the Twentieth Century Suzanne Miers, 2003 Miers has written extensively about the slave trade of days past Here she looks at the period from 1919 to 2000 during which she says the definition of slavery was stretched to cover so many practices that the term became almost meaningless many of those practices were generally condemned internationally and contemporary forms of slavery became more widespread and pernicious She highlights both the campaign against the abuses by non government organizations and the efforts by governments to avoid action and evade criticism

Slavery in the Twentieth Century Suzanne Miers, 2003 Modern slavery is placed in its historical context tracing the development of the international anti slavery movement over the last hundred years with demonstrations on how the problems of eradication seem greater and more intractable today than they had ever been

Slavery in International Law Jean Allain, 2012-10-12 With the advent in the twenty first century of the trafficking conventions and the criminalisation of enslavement before the International Criminal Court the need to establish the black letter law dealing with human exploitation has become acute *Slavery in International Law* sets out the applicable law of human exploitation in the various sub areas of international law including general international law human rights law humanitarian law labour law and the law of the sea so as to create an overall understanding of what constitutes in law slavery and lesser types of human exploitation including forced labour and servitudes such as debt bondage or servile marriage as set out in the established definition of trafficking in persons

International Cooperation in the Early

Twentieth Century Daniel Gorman, 2017-09-21 The early 20th century world experienced a growth in international cooperation Yet the dominant historical view of the period has long been one of national military and social divisions rather than connections International Cooperation in the Early Twentieth Century revises this historical consensus by providing a more focused and detailed analysis of the many ways in which people interacted with each other across borders in the early decades of the 20th century It devotes particular attention to private and non governmental actors Daniel Gorman focuses on international cooperation international social movements various forms of cultural internationalism imperial and anti imperial internationalism and the growth of cosmopolitan ideas The book incorporates a non Western focus alongside the transatlantic core of early 20th century internationalism It interweaves analyses of international anti colonial networks ideas emanating from non Western sites of influence such as Japan China and Turkey the emergence of networks of international indigenous peoples in resistance to a state centric international system and diaspora and transnational ethno cultural religious identity networks

The Internationalisation of the 'Native Labour' Question in Portuguese Late Colonialism, 1945-1962 José Pedro Monteiro, 2022-11-22 This volume addresses the ways the native labour question in the Portuguese late colonial empire in Africa became a recurrent topic of international and transnational debate and regulation after the Second World War As other European colonial empires were tentatively transforming their labour and social policies in the aftermath of the war the Portuguese Empire in Africa resisted significant changes in this domain preserving a strict dual labour regime As a result a growing number of individuals networks and institutions abroad engaged with labour and social realities in Portuguese African colonies giving origin to a series of instances of denunciation of labour related abuses Portuguese authorities responded to these initiatives by selectively engaging with international norms languages and mechanisms However as global decolonisation gained momentum international and transnational events and processes would significantly constrain Portuguese imperial and colonial decision making procedures with the aim of retaining the empire Therefore the native labour question became in its own right a crucial political and diplomatic element of the broader struggles over the meaning of Portuguese imperial legitimacy As this volume argues these historical processes are critical to properly understanding the history of Portuguese late colonialism and its protracted trajectory of decolonisation

The Law and Slavery Jean Allain, 2015-05-19 The Law and Slavery sets out the articles book reviews and case notes by Professor Jean Allain which led to pioneering exploration of forced labour servitudes slavery the slave trade and trafficking in his 2013 Slavery in International Law Of Human Exploitation and Trafficking MNP This collection brings together Professor Allain s considerations of the evolution of legal abolition internationally his critique of the then status quo in the area of slavery and the law and goes on to develop the foundations of a legal understanding of various servitudes and slavery based on his archival research and legal analysis Professor Allain s research has transformed the landscape of how we understand contemporary slavery and those other servitudes which constitute human exploitation
