Sleeping Giant Reading Program

Theodore A. Bailey

Sleeping Giant Reading Program:

Awakening the Sleeping Giant Marilyn Katzenmeyer, Gayle Moller, 2001-04-12 This Second Edition focuses on the development of teachers as leaders and the skills they need to accomplish the task. The authors skillfully guide the reader through the development process of teacher leadership, pointing out the benefits to students, staff, and community. The book describes the importance of teacher leadership and how teacher leaders can help other teachers to excel. Today's teachers must assume roles typically held by principals and other school administrators. By doing so, teacher leaders not only help to relieve stress on administrators but are also empowered and challenged as a result. In a clear, concise manner, the authors describe how teacher leadership can be a powerful tool in changing the current educational system. Teacher leadership in the school, combined with collaboration and support from the local community, is a recipe for positive change.

Wake the Sleeping Giant Theodore A. Bailey, 2000-06 *Wake the Sleeping Giant* uses anecdotes to show why students turn off in the school system, who is responsible for turning the students off, and methods with which to inspire the students to turn back on. Most of the difficulties which face children today do not originate in the home. They arise out of *The Sleeping Giant*, our educational system. This manuscript is written for parents and teachers. It not only criticizes, it gives solutions. While the solutions provided in this book cost little financially, they challenge the teachers, education administrators, and parents to change their whole approach to the child. One section of the book details the methods I have used to take eighth grade basic math classes from a third grade level to pre-algebra in less than three months. Another explains an educational game called Challenge, which I developed to encourage students to read for important facts, develop questions, learn to find the answers for themselves, and peer teach. The game is fun and can be used in conjunction with any text book. As can be seen nightly on local and national newscasts, our children are in crises. Parents, politicians, and educators are desperate to find ways to motivate children to read, write, and do math. I believe that *Wake the Sleeping Giant* helps us come closer to that ideal. A sequel is being written at this time.

The Sleeping Giant Ken McElroy, 2013-03-01 The idea behind *The Sleeping Giant*, Ken's fourth book, is to help inspire people to believe that they can be part of solving the world's economic problems by creating businesses which, in turn, create financial freedom, job growth, and reduce reliance on other sources. Entrepreneurship and self-empowerment are becoming the new American dream. *The Sleeping Giant* is awakening a generation of self-employed entrepreneurs who are ditching the corporate ladder and creating their own destiny. They're the new Business Class, an army of self-employed entrepreneurs, millions strong, living out their passions and changing the world by creating jobs and prosperity. This book brings together 20 entrepreneurs, each sharing their powerful and inspiring stories of how they found success through self-empowerment. Each one started with an idea, and most had no experience and no money. Yet their stories are of lives of freedom, passion, and fulfillment.
