The American Situation

Amechi Okolo

The American Situation:

The Top 100 American Situation Comedies Mitchell E. Shapiro, Tom Jicha, 2015-10-27 A number of books and articles have been written ranking the best situation comedies of all time. These have all had something in common: subjective criteria based on the authors' opinions. This book attempts an objective ranking of the best 100 American sitcoms based on a mathematical formula taking into account four factors: ratings, longevity, peer acceptance, and spawning of other programs/spin-offs. The authors considered a field of 377 series which met at least one of four criteria: aired for at least three seasons, rated among top 30 series in at least one season, received at least one major Emmy nomination, or spawned at least one other series. A critical essay is provided for each series along with air dates and cast listings.

The American Exception, Volume 1 Frank J. Lechner, 2017-01-09 This book examines what makes the United States an exceptional society, what impact it has had abroad, and why these issues have mattered to Americans. With historical and comparative evidence, Frank J. Lechner describes the distinctive path of American institutions and tracks changes in the country's national identity in order to assess claims about America's exceptional qualities. The book analyzes several focal points of exceptionalist thinking about America, including the importance of the US Constitution and the American sense of mission, and explores several aspects of America's distinctive global impact, for example in economics and film. In addition to discussing the distinctive global impact of the US, this first volume delves into religion, law, and sports.

The American Economic Review, 1912 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges and the Handbook of the American Economic Association.

Investigation of Un-American Propaganda Activities in the United States United States Congress. House. Special Committee on Un-American Activities (1938-1944), 1940

The American Culture of War Adrian R. Lewis, 2006-12-21 The American Culture of War presents a sweeping critical examination of every major American war since 1941. Timely, incisive, and comprehensive, it is a unique and invaluable survey of over sixty years of American military history.

The American Worker and the Absurd Truth about Marxism Alan Johnson, 2023-03-20 In 1906, Werner Sombart famously quipped that the ship of American socialism had crashed on the reefs of roast beef and apple pie. Why did socialism never take ground in the USA? This volume opens with the first English translation of Karl Kautsky's 1906 long essay "The American Worker," an extended response published in *Die Neue Zeit* to Sombart's 1905 essay "Why Is There No Socialism in the United States?" Other essays and reviews are each marked by an effort to come to terms with the fact that Friedrich Engels's optimism that History would take care of class consciousness in the USA has been proven misplaced. Originally published as issue 4 of Volume 11, 2003 of Brill's journal *Historical Materialism*. For more details on this journal, please click [here](#).

The State of the American Mind: Stupor and Pathetic Docility Volume II Amechi Okolo, 2010-06-11 This book, *The State of the American Mind: Stupor and Pathetic Docility Volume One*, begins to unravel some of the most obvious perplexing, embarrassing, and enduring problems and contradictions of American history and sociology, viz. how could the American

revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves collude to establish and institutionalize the horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the first Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of Americas history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Harvard educated President Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands

Foreign Relations of the United States United States. Department of State,1955 **A Review of the Relations of the U.S. and Other American Republics** United States. Congress. House. Foreign Affairs,1958 *Departments of State and Justice, the Judiciary, and*

Related Agencies Appropriations: Department of State. Hearings Before the Subcommittee United States. Congress. House. Committee on Appropriations, 1947 In The Time Of The Americans David Fromkin, 2013-01-23 Coming of age during World War I and attaining their finest hour in World War II and the Cold War these men FDR Truman Eisenhower Marshall MacArthur transformed America from an isolated frontier nation into a global superpower As he tells their stories Fromkin author of *A Peace to End All Peace* shows how this generation not only made America great but largely succeeded in making it a force for good **Investigation of Communist Propaganda** United States. Congress. House. Special Committee on Communist Activities in the United States, 1930 **American English** Zoltan Kovecses, 2000-09-26 This book is a cultural historical rather than purely linguistic introduction to American English The first part consists of a general account of variation in American English It offers concise but comprehensive coverage of such topics as the history of American English regional social and ethnic variation variation in style including slang and British and American differences The second part of the book puts forward an account of how American English has developed into a dominant variety of the English language It focuses on the ways in which intellectual traditions such as puritanism and republicanism in shaping the American world view have also contributed to the distinctiveness of American English American Illustrated Magazine , 1910 **"Beyond This Narrow Now"** Nahum Dimitri Chandler, 2021-11-15 In *Beyond This Narrow Now* Nahum Dimitri Chandler shows that the premises of W E B Du Bois s thinking at the turn of the twentieth century stand as fundamental references for the whole itinerary of his thought Opening with a distinct approach to the legacy of Du Bois Chandler proceeds through a series of close readings of Du Bois s early essays previously unpublished or seldom studied with discrete annotations of *The Souls of Black Folk* *Essays and Sketches* of 1903 elucidating and elaborating basic epistemological terms of his thought With theoretical attention to how the African American stands as an example of possibility for Du Bois and renders problematic traditional ontological thought Chandler also proposes that Du Bois s most well known phrase the problem of the color line sustains more conceptual depth than has yet been understood with pertinence for our accounts of modern systems of enslavement and imperial colonialism and the incipient moments of modern capitalization Chandler s work exemplifies a more profound engagement with Du Bois demonstrating that he must be re read appreciated and studied anew as a philosophical writer and thinker contemporary to our time *Trade Preferences: Latin America and the Caribbean* United States. Congress. House. Foreign Affairs Committee, 1978 Keywords for African American Studies Erica R. Edwards, Roderick A. Ferguson, Jeffrey O.G. Ogbar, 2018-11-27 Introduces key terms interdisciplinary research debates and histories for African American Studies As the longest standing interdisciplinary field African American Studies has laid the foundation for critically analyzing issues of race ethnicity and culture within the academy and beyond This volume assembles the keywords of this field for the first time exploring not only the history of those categories but their continued relevance in the contemporary moment Taking up a vast array of issues such as slavery colonialism prison expansion sexuality gender

feminism war and popular culture Keywords for African American Studies showcases the startling breadth that characterizes the field Featuring an august group of contributors across the social sciences and the humanities the keywords assembled within the pages of this volume exemplify the depth and range of scholarly inquiry into Black life in the United States Connecting lineages of Black knowledge production to contemporary considerations of race gender class and sexuality Keywords for African American Studies provides a model for how the scholarship of the field can meet the challenges of our social world *Hearings* United States.
