## **The American West Out Of Myth Into Reality:**

**The American West** Peter H. Hassrick, 2000 Western art of America's frontier years from about 1825 to 1925 has traditionally been perceived as the art most representative of the country's cultural and historical essence European American explorers were accompanied or soon followed by adventuresome artists whose drawings and paintings provided the first glimpses that eastern audiences had of this vast region and captured both its romantic allure and its commercial possibilities The artists Albert Bierstadt George Catlin Marsden Hartley Alfred Jacob Miller Thomas Moran Fanny R Palmer Frederick Remington Charles M Russell and John Mix Stanley among others presented a fabulous vision of the West that was at once Edenic and bountiful as well as dangerous and forbidding After the Hunt Adrienne Ruger Conzelman, 2002 Features the art collection of William B Ruger the famed arms maker who passed away in June 2002 Christie's conducted a multi million dollar auction in December 2002 of the paintings that appear in the book The book includes approximately 20 paintings sold by Christies NY and includes 83 colour photos of William B Ruger's private collection The pieces depict the American West hunting wildlife historical and classic art and seascapes by artists such as Frederic S Remington Maxfield Parrish Albert Bierstadt Arthur Fitzwilliam Tait and many others Seth Eastman's Winnebago Encampment Alexander Phimister Proctor's The Indian Warrior and Frank Tenney Johnson's Cowboy on Horseback are examples The American West in Bronze, 1850-1925 Thayer Tolles, Thomas B. Smith, 2013-01-14 The American West in Bronze 1850 1925 is the first full scale exhibition to explore the aesthetic and cultural impulses behind the creation of statuettes with American western themes which have been so popular with audiences then and now Both the exhibition and this accompanying catalogue offer a fresh look at the multifaceted roles played by these sculptors in creating three dimensional interpretations of western life whether based on historical fact mythologized fiction or most often something in between Examples by such archetypal representatives of the West as Frederic Remington and Charles M Russell are complemented by the work of sculptors such as James Earle Fraser and Paul Manship who contributed to the popularity of the American bronze statuette even though their western subjects were less frequent Publisher's description *Lone Heroes and the Myth of the American West in Comic Books, 1945-1962* David Huxley, 2018-06-29 This book examines the role of comics in the perpetuation of the myth of the American West In particular it looks at the ways in which lone central characters and their acts of violence are posited as heroic In doing so the book raises questions both about the role of women in a supposedly male space in addition to the portrayal of Native Americans within the context of this violence Various adaptations of historical figures such as Buffalo Bill and Billy the Kid as well as film and television stars such as The Lone Ranger and Dale Evans are examined in detail Although concentrating on American comics examples both from Britain and France are also analyzed **Branding the American West** Marian Wardle, Sarah E. Boehme, 2016-02-17 Artists and filmmakers in the early twentieth century reshaped our vision of the American West In particular the Taos Society of Artists and the California based artist Maynard Dixon departed from

the legendary depiction of the Wild West and fostered new images or brands for western art. This volume, illustrated with more than 150 images, examines select paintings and films to demonstrate how these artists both enhanced and contradicted earlier representations of the West. Prior to this period, American art tended to portray the West as a wild frontier with untamed lands and peoples. Renowned artists such as Henry Farny and Frederic Remington set their work in the past, invoking an environment immersed in conflict and violence. This trademark perspective began to change, however, when artists enamored with the Southwest stamped a new imprint on their paintings. The contributors to this volume illuminate the complex ways in which early twentieth-century artists as well as filmmakers evoked a southwestern environment not just suspended in time but also permanent rather than transient. Yet as the authors also reveal, these artists were not entirely immune to the siren call of the vanishing West, and their portrayal of peaceful yet exotic Native Americans was an expansion rather than a dismissal of earlier tropes. Both brands cast a romantic spell on the West, and both have been seared into public consciousness. *Branding the American West* is published in association with the Brigham Young University Museum of Art, Provo, Utah, and the Stark Museum of Art, Orange, Texas. [The American West and Its Interpreters](#) Richard W. Etulain, 2023-05. Distinguished historian Richard W. Etulain brings together a generous selection of essays from his sixty-year career as a specialist on the US West in this essential volume. Each essay provides an invaluable overview of the rise of western literary history and historiography, including insightful evaluations of individual historians, revealing summaries of regional literature, and discussions of western stories yet to be told. Together, these writings furnish readers with useful considerations of important subjects about the American West. All those interested in the American West and its interpreters will find these illuminative moments of literary history and historiography especially appealing. *Idaho's Place* Adam M. Sowards, 2014-07-01. *Idaho's Place* is an anthology of the most current and original writing on Gem State history. From the state's indigenous roots and early environmental battles to recent political and social events, these essays provide much needed context for understanding Idaho's important role in the development of the American West. Through a creative approach that combines explorations of concepts such as politics, gender, and race with the oral histories of Idaho residents—the very people who lived and made state history—this unique collection sheds new light on the state's surprisingly contentious past. Readers, whether they are longtime residents or newcomers, tourists or seasonal dwellers, policy makers or historians, will be treated to a rich narrative in which the many threads of Idaho's history entwine to produce a complete tapestry of this beautiful and complex Western state. *Imagining the African American West* Blake Allmendinger, 2005-01-01 The literature of the African American West is the last racial discourse of the region that remains unexplored Blake Allmendinger addresses this void in literary and

cultural studies with *Imagining the African American West* the first comprehensive study of African American literature on the early frontier and in the modern urban American West Allmendinger charts the terrain of African American literature in the West through his exploration of novels histories autobiographies science fiction mysteries formula westerns melodramas experimental theater and political essays as well as rap music and film He examines the histories of James P Beckwourth and Oscar Micheaux slavery the Civil War and the significance of the American frontier to blacks and the Harlem Renaissance the literature of urban unrest rap music black noir and African American writers including Toni Morrison and Walter Mosley His study utilizes not only the works of well known African American writers but also some obscure and neglected works out of print books and unpublished manuscripts in library archives Much of the scholarly neglect of the Black West can be blamed on how the American West has been imagined constructed and framed in scholarship to date In his study Allmendinger provides the appropriate theoretical cultural and historical contexts for understanding the literature and suggests new directions for the future of black western literature

*Failed Frontiersmen* James J. Donahue, 2015-02-04 In *Failed Frontiersmen* James Donahue writes that one of the founding and most persistent mythologies of the United States is that of the American frontier Looking at a selection of twentieth century American male fiction writers E L Doctorow John Barth Thomas Pynchon Ishmael Reed Gerald Vizenor and Cormac McCarthy he shows how they reevaluated the historical romance of frontier mythology in response to the social and political movements of the 1960s particularly regarding the Vietnam War civil rights and the treatment of Native Americans Although these writers focus on different moments in American history and different geographic locations the author reveals their commonly held belief that the frontier mythology failed to deliver on its promises of cultural stability and political advancement especially in the face of the multicultural crucible of the 1960s Cultural Frames Framing Culture American Literatures Initiative

**The American West** Suzan Campbell,Kathleen E. Ash-Milby,2001 The West is America When considered through time and space the West embraces the entire North American continent and its history Just as there is no one true West there is no one kind of western art Through the linked sometimes overlapping themes of people places and ideas art of the West can be viewed in ways not bounded by traditional notions offering myriad meanings as well as an exciting and rewarding new appreciation for America Americans and American art The Rockwell Museum in Corning New York was founded in 1976 to house and exhibit fine collections of western art Carder glass guns and antique toys In 2000 the Museum s Board of Trustees decided to reinvent the Museum focusing and building on its collections of western and Native American art In 2001 the Rockwell Museum reopened as the Rockwell Museum of Western Art With this catalog the Rockwell Museum of Western Art is pleased to present highlights of its splendid collection of western and Native American art truly the best of the West in the East Book jacket BOOK JACKET

**Possibility's Parents** Margaret Seyford Hrezo,Nicholas Pappas,2019-10-23 This book links the questions people ask about why things exist why the world is the way it is and whether and how it is possible to change their society or world with the societal myths they develop and teach to answer those questions and organize and bring order to their communal lives It also is about the need for change in western societies current organizing concept classical Lockean liberalism Despite the attempts of numerous insightful political thinkers the myth of classical liberalism has developed so many cracks that it cannot be put back together again If not entirely failed it is at this point unsalvageable in its present form Never the thought of just one person the liberal model of individual religious political and economic freedom developed over hundreds of years starting with Martin Luther s dictum that every man should be his own priest Although classical liberalism means different things to different people at its most basic level this model sees human beings as individuals who exist prior to government and have rights over government and the social good That is the individual right always trumps the moral and social good and individuals have few obligations to one another unless they actively choose to undertake them Possibility s Parents argues that Lockean liberalism has reached the end of its logic in ways that make it unable to handle the western world s most pressing problems and that novelists

whose writing includes the form and texture of myth have important insights to offer on the way forward
