Carrell, 1997-07-10 This book first published in 1997 examines the influence of angelology on the christology of the Apocalypse of John In the Apocalypse Jesus appears in glorious form reminiscent of angels in Jewish and Christian literature in the period between 200 BCE and 200 CE Dr Carrell asks what significance this has for the christology of the Apocalypse He concludes that by portraying Jesus in such a way that he has the form and function of an angel and yet is also divine the Apocalypse both upholds monotheism and at the same time provides a means for Jesus to be presented in visible glorious form to his Church *The Angel Came* Ophelia Griggs, 2019-12-17 The revealing events in the book are compelling and intriguing They are powerful intense and realistically experienced The author shares her personal experiences about two beloved family members who cannot tell their story about surrendering to dying It is no secret that losing loved ones to death can be agonizing and challenging but the death described in the book made an entrance in a beautiful manner Death revealed moments of no defeat yet demanded attention from the author to grasp different perspectives about each beloved one The captivating occurrences of how each beloved one expired are unique revelations that will ignite discussions The author shares how she came to forgive the young man who murdered her brother and how the spiritual insight from God opened that door to forgiveness The shared supernatural encounters that started during the author s childhood are regarded as hidden treasures beyond human knowledge Some of those encounters were not of the Great Divine but because of curiosity the author got on a path leading to demonic practices unaware The dreams in the book are phenomenal and another discussion piece for those who desires the interpretation of dreams The hereafter is described dramatically and in the book points evidently to there being a life afar from the earthly realm The childhood memories are remarkably described with love and no regrets Those memories echo experiences and an environment that shaped the author s world The strong belief system and faith in God is the pillar that gets the author through those life challenges and devastating situations pertaining to her beloved ones and the medical issues leaving her non childbearing The experiences with fibroids and how they formed in the uterus from a natural and spiritual side leave pondering thoughts The fact of never

having children is accepted by the author **Behold, the Angels Came and Served Him'** Kristian A.

Bendoraitis,2015-11-19 Angels have been analyzed in Christological research due to their primary function as messengers and mediators between heaven and earth Their role in the Gospel narratives however has been largely unexplored Utilizing the Old Testament and sources from the Second Temple period to illustrate the variety of angel traditions Bendoraitis identifies how these traditions are reflected in Matthew s Gospel and interprets the passages in which angels appear or are represented resulting in a detailed exegesis of those passages which specifically mention angels Each reference is critically analyzed in view of its role in the Gospel s narrative and in light of Matthew s redactional hand In addition each chapter is accompanied by a discussion of relevant traditions of angels in order to illustrate how Matthew s use of angels has facilitated his Gospel s message The examination concludes by postulating three factors in the inclusion of angel traditions in Matthew s narrative pertaining both to Matthew s Christology and worldview **Angels on Command** Larry Keefauver,2004 The

The topos of Divine Testimony in Luke-Acts James R. McConnell Jr.,2014-07-21 In this study James McConnell addresses the concept of authoritative testimony in Luke Acts Specifically he argues that particular elements in the narrative of Luke Acts can be understood as instances of the topos of divine testimony through utterances and deeds considered in some ancient rhetorical handbooks to be the most authoritative form of testimony when seeking to persuade an audience McConnell claims the gods testimony was used in ancient law courts and political speeches to persuade a judge of a defendant s guilt or innocence and in attempts in public forums to convince others of a particular course of action Similarly the topos is used in ancient narratives and biographies to legitimate certain characters and discredit others The instances of the topos of God s speech both oral and through OT citations and deeds in Luke Acts are functioning in the same way The Words of the Angels, Or, Their Visits to the Earth and the Messages They Delivered Rudolf Stier,1877 The Ancient Tradition of Angels Normandi Ellis,2023-03-07 An in depth study into the mystery and purpose of angels Explains that angels are beings of light consciousness here to help our individual and planetary cosmic evolution Explores angels from Judeo Christian and Islamic faiths Hinduism and Buddhism the beliefs of ancient Egypt Yezidism and Zoroastrianism as well as what Theosophists Kabbalists Sufi masters Eastern gurus and modern mystics like Edgar Cayce have recounted about angels Examines contemporary angelic encounters including the author s own interactions with angels and also looks at the purpose of dark angels and fallen angels From the divine messengers of Western traditions to the devas of Eastern traditions to the meleks and spirit beings found along the Silk Road angels are one of the unifying themes of theology worldwide But what is an angel and why do they contact us believers and nonbelievers alike In this in depth study into the mystery and purpose of angels Normandi Ellis looks at the angelic dimensions of spiritual traditions around the world from the ancient past to present day She explores well known angels from Judeo Christian and Islamic faiths the Hindu devata and Buddhist spirit beings the spirit beings of ancient Egypt the Peacock Angel of Yezidism and the yazatas of Zoroastrianism She compares angelic visions from medieval Christians like Thomas Aquinas and John of Damascus with what Theosophists kabbalists Sufi masters Eastern gurus and modern mystics like Edgar Cayce have recounted about angels She looks at dark and fallen angels and their role in the grand cosmological plan Quoting from sacred traditions narrative myth and contemporary angelic encounters including her own personal interactions with angels the author clarifies the divergent aspects of angelic beliefs but also reveals the common points shared by all traditions Ellis shows how in whatever guise they appear angels are messengers She explains that angels are beings of light consciousness part of the universal life force that connects all beings And not only are angels actively helping in our planet s cosmic evolution they also help us see our own place in the cosmic plan
