**Listen! The Angels Speak** Carolyn Milne,2014-05 It was a cold wet day I made my friends a hot cuppa and stoked up the open fire We sat looking at the flames and talking My voice suddenly changed in mid sentence The words I was saying were beautiful and elegant but they were not mine I was startled and confused What was going on What was that amazing energy flowing through me After the initial shock I quieted my mind enough to hear Maitreya It was his energy and his words He was with me to teach me and to work through me Over the next few days Jesus and Mary Magdalene both came through me with messages and energy to guide me I realized that as each came and went I had an involuntary shudder When

I started to record their messages I found that my handwriting changed for each Six years later I still feel the amazing energies emotions and feelings of these Angelic Messengers I now know that this is not just for me but for all of humanity I don't have to be a saint I just need to have pure and loving thoughts at the time I am receiving and very importantly when I am recording Pure intention loving thoughts and lots of faith in me and in the Messengers allow this remarkable gift to flow through me I think of my higher consciousness as a dome The door to the Dome has a filter so only the Divine can enter The Messenger is never a force that controls me That is my deal with the Divine I always have free will The Messengers communicate to me by voice and sometimes by a knowledge of what to write in large blocks of information I work to bring these amazing messages to as many as possible

**Let the Angels Speak** Thomas A. Bruno, 1994     Speaking with Angels Iris Paxino, 2023-05-15

If you wish to learn you may learn I go now and will come again And yet I am always with you This was the conclusion to a surprising message that psychologist Iris Paxino received from a bright angelic entity who appeared to her unannounced radiating a comforting warmth filled light The angel's words left her awestruck and deeply moved Paxino had long had the gift of knowing angels but it was immediately apparent to her that this special encounter marked a new beginning She was in no doubt that she did indeed want to learn and thus began a lively intense dialogue that offered an abundance of insights into the work of angels She discovered that in addition to our guardian angel each of us has a circle of twelve angels who accompany us throughout life and beyond death that we have double and shadow angels and that families communities and social groups have their own angels as do specific landscapes In a series of intimate and enlightening conversations Paxino relates knowledge about these and other types of spiritual beings Angels suffer in sympathy with the earth and stand by us in the dark times of human existence Despite everything they do not condemn but love us with such

devotion that we can scarcely comprehend it
