## **The Annihilation Of Inertia Dostoevsky And Metaphysics Studies In Russian Literature And Theory:**

**The Annihilation of Inertia** Liza Knapp, 1996 Winner of 1996 AATSEEL Outstanding Translation Award This study is an exploration of the dichotomy of faith and science as presented in the writings of the 19th century Russian novelist Fyodor Mikhailovich Dostoevsky *A Devil's Vaudeville* William J. Leatherbarrow, 2005-05-24 A study of the demonic markers that run throughout Dostoevsky's fiction this also explores the narrative and generic implications of the way Dostoevsky inscribed the demonic in his fictional works implications that point to a new understanding of familiar concepts in the work of this Russian master **Orthodoxy, Modernity, and Authenticity** Heather Bailey, 2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored While commonplace now the idea that Jesus was merely human was at one time a novelty with significant socio political cultural and religious implications A case study in the Russian encounter with modernity Orthodoxy Modernity and Authenticity The Reception of Ernest Renan's *Life of Jesus* in Russia demonstrates that Renan's book has had long lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal Assessments of Renan's alternative belief system whether positive negative or mixed were often simultaneously evaluations of the moral socio political and spiritual condition of European society in general and Russian society in particular The interpretive history of Renan's *Life of Jesus* in Russia reveals a persistent disillusionment with a strictly materialist interpretation of history and of life **Dostoevsky's "Crime and Punishment"** Deborah A. Martinsen, 2022-02-22 *Crime and Punishment: A Reader's Guide* focuses on narrative strategy psychology and ideology Martinsen demonstrates how Dostoevsky first plunges the reader into Raskolnikov's fevered brain creating sympathy for him and she explains why most readers root for him to get away from the scene of the crime Dostoevsky subsequently provides outsider perspectives on Raskolnikov's thinking effecting a conversion in reader sympathy By examining the multiple justifications for murder Raskolnikov gives as he confesses to Sonya Dostoevsky debunks rationality based theories Finally the question of why Raskolnikov and others including the reader focus on the murder of the pawnbroker and forget the unintended murder of Lizaveta reveals a narrative strategy based on shame and guilt

**Dostoevsky and the Ethics of Narrative Form** Greta Matzner-Gore, 2020-06-15 Three questions of novelistic form preoccupied Fyodor Dostoevsky throughout his career how to build suspense how to end a narrative effectively and how to distribute attention among major and minor characters For Dostoevsky these were much more than practical questions about novelistic craft they were ethical questions as well Dostoevsky and the Ethics of Narrative Form traces Dostoevsky's indefatigable investigations into the ethical implications of his own formal choices Drawing on his drafts notebooks and

writings on aesthetics Greta Matzner Gore argues that Dostoevsky wove the moral and formal questions that obsessed him into the fabric of his last three novels *Demons* *The Adolescent* and *The Brothers Karamazov* In so doing he anticipated some of the most pressing debates taking place in the study of narrative ethics today

**Dostoevsky's Democracy** Nancy Ruttenburg, 2010-01-04 Dostoevsky's *Democracy* offers a major reinterpretation of the life and work of the great Russian writer by closely reexamining the crucial transitional period between the early works of the 1840s and the important novels of the 1860s Sentenced to death in 1849 for utopian socialist political activity the 28 year old Dostoevsky was subjected to a mock execution and then exiled to Siberia for a decade including four years in a forced labor camp where he experienced a crisis of belief It has been influentially argued that the result of this crisis was a conversion to Russian Orthodoxy and reactionary politics But Dostoevsky's *Democracy* challenges this view through a close investigation of Dostoevsky's Siberian decade and its most important work the autobiographical novel *Notes from the House of the Dead* 1861 Nancy Ruttenburg argues that Dostoevsky's crisis was set off by his encounter with common Russians in the labor camp an experience that led to an intense artistic meditation on what he would call Russian democratism By tracing the effects of this crisis Dostoevsky's *Democracy* presents a new understanding of Dostoevsky's aesthetic and political development and his role in shaping Russian modernity itself especially in relation to the preeminent political event of his time peasant emancipation

**Ernest Renan's Life of Jesus and the Orthodox Struggle Against the De-Christianization of Christ in Russia, 1863-1917**

Heather Leigh Bailey, 2001 *Russian Writers and the Fin de Siècle* Katherine Bowers, Ani Kokobobo, 2015-06-17 Russian literature has a reputation for gloomy texts especially during the late nineteenth century This volume argues that a fin de siècle mood informed Russian literature long before the chronological end of the nineteenth century in ways that had significant impact on the development of Russian realism Some chapters consider ideas more readily associated with fin de siècle Europe such as degeneration theory biodeterminism Freudian psychoanalysis or apocalypticism alongside earlier Russian realist texts by writers such as Turgenev Dostoevsky or Tolstoy Other chapters explore the changes that realism underwent as modernism emerged examining later nineteenth century or early twentieth century texts in the context of the earlier realist tradition or their own cultural moment Overall a team of emerging and established scholars of Russian literature and culture present a wide range of creative and insightful readings that shed new light on later realism in all its manifestations

**Dostoevsky at 200** Katherine Bowers, Kate Holland, 2021-07-20 Marking the bicentenary of Dostoevsky's birth Dostoevsky at 200 *The Novel in Modernity* takes the writer's art specifically the tension between experience and formal representation as its central theme While many critical approaches to Dostoevsky's works are concerned with spiritual and philosophical dilemmas this volume focuses instead on questions of design and narrative to explore Dostoevsky and the novel from a multitude of perspectives Contributors situate Dostoevsky's formal choices of narrative plot genre characterization and the novel itself within modernity and consider how the experience of modernity led to Dostoevsky's particular

engagement with form Conceived as a forum for younger scholars working in new directions in Dostoevsky scholarship this volume asks how narrative and genre shape Dostoevsky's works as well as how they influence the way modernity is represented Of interest not only to readers and scholars of Russian literature but also to those curious about the genre of the novel more broadly Dostoevsky at 200 is pathbreaking in its approach to the question of Dostoevsky's contribution to the novel as a form *Dostoevsky's Political Thought* Richard Avramenko, Lee Trepanier, 2013-05-23 Recognized as one of the greatest novelists of all time Fyodor Dostoevsky continues to inspire and instigate questions about religion philosophy and literature However there has been a neglect looking at his political thought its philosophical and religious foundations its role in nineteenth century Europe and its relevance for us today Dostoevsky's Political Thought explores Dostoevsky's political thought in his fictional and nonfictional works with contributions from scholars of political science philosophy history and Russian Studies From a variety of perspectives these scholars contribute to a greater understanding of Dostoevsky not only as a political thinker but also as a writer philosopher and religious thinker **The Intimate Stranger** Julian W. Connolly, 2001 The Intimate Stranger provides the first detailed investigation of a distinctive literary phenomenon a fascination with demons and devils in nineteenth century Russian literature Nearly all of the major authors of the period Pushkin Gogol Lermontov Dostoevsky and Tolstoy used images of devils to explore issues of human temptation sin and guilt in a troubled world Asking fundamental questions where does evil come from when does it appear in characters lives these writers created a remarkable array of demonic figures ranging from grotesque demons to handsome nihilists This book discusses the various literary religious and folkloric factors that influenced the representation of the demonic and it investigates the profound soul shattering effects that a personal encounter with the demonic may have on an individual's life Surprised by Shame Deborah A. Martinsen, 2003 Combines shame studies and literary criticism to uncover new perspectives on Dostoevsky as writer and psychologist with his lying characters as case studies American Book Publishing Record, 1996-05 The Collaborative Bibliography of Women in Philosophy Noël Hutchings, 1997 Dostoevskii: Stat'i i Materialy, 2014 *Forthcoming Books* Rose Arny, 1996-10 **NewsNet** American Association for the Advancement of Slavic Studies, 1999 **Whitaker's Books in Print**, 1998 Slavic Review, 1985 Coverage of Russian Eurasian and East European issues **Dostoevsky and the Annihilation of Inertia** Liza Knapp, 1985
