THE GUIDE TO ANSWERING ISLAM Daniel Janosik,2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective *A Guide for Christians Experiencing Heartbreak and Loneliness* Tyler Harmon,2025-03-20 Heartbreak and loneliness can leave us feeling lost and empty Yet even in our most painful moments God s Word offers us a powerful message of comfort hope and healing This guide is a journey through Scripture leading the reader to discover God s unwavering love and promises of a better tomorrow Pulling from key verses this guide shows how God s Word can ease our hearts and bring peace and understanding in a time of sorrow With reflections and personal stories this guide helps those who are hurting embrace their pain and find strength in God s promises Whether you re overcoming the end of a relationship

or navigating the solitude of life's challenges this guide offers a path to healing that is grounded in faith and the Word of God

Biblical Eschatology: Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only. For example, in 1861 John Mason Neale translated an ancient twelfth-century Latin hymn and its title was "O Come O Come Emmanuel." Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent. Do you know what the words really mean that you are singing? In 1878 Edward Hine wrote an article titled "Seven Eighths of the Bible Misunderstood" wherein he explains that seven eighths of the Bible is about national salvation, i.e. the national salvation of True Israel, whereas only one eighth of the Bible is about personal salvation. Did you know that? In the 1960s Pastor Sheldon Emery wrote an article titled "An Open Letter to Any Minister Who Teaches the Jews Are Israel" wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible. In 1998 Arnold E. Kennedy wrote a book titled "The Exclusiveness of Israel" wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel. So here we are in the Twenty-First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A.D. by Yahshuah and His disciples, i.e. the Gospel of the Kingdom. So where did the so-called churches and pastors go wrong? By the way, is there really a hierarchy in the Bible? In order to find out what the truth really is, we have to look at the original languages in which the Bible was written and then translated. For example, the Old Testament was written in Hebrew and Aramaic, then translated into Greek. The New Testament was written in Hebrew and Greek. Both Testaments were put together and translated into Latin, then German, and finally into English, from which the entire world received their own translation of the Bible. So what was the original meaning of the words used in the original languages, i.e. the etymology of the words? Once that is determined, then we can go onto the next phase and discuss types in the Bible. From there, what is the Law of First Mention? How should Bible prophecy be interpreted? Who are the keys to Bible prophecy? Where are we in the Bible prophecy timeline? During these discussions, we will find out who Yahweh chose of all the families of the earth to make His own. The churches teach universalism. The question then becomes: Who was Yahweh's Law given to? What are the Laws of Yahweh? And then the even bigger question becomes: Who was Yahshuah sent to? All of these questions and more will be answered as you read this book.

The Atheist's Guide to Reality: Enjoying Life without Illusions Alex Rosenberg,2011-10-03 A book for nonbelievers who embrace the reality driven life We can t avoid the persistent questions about the meaning of life and the nature of reality Philosopher Alex Rosenberg maintains that science is the only thing that can really answer them all of them His bracing and ultimately upbeat book takes physics seriously as the complete description of reality and accepts all its consequences He shows how physics makes Darwinian natural selection the only way life can emerge and how that deprives nature of purpose and human action of meaning while it exposes conscious illusions such as free will and the self The science that makes us nonbelievers provides the insight into the real difference between right and wrong the nature of the mind even the direction of human history The Atheist s Guide to Reality draws powerful implications for the ethical and political issues that roil contemporary life The result is nice nihilism a surprisingly sanguine perspective atheists can happily embrace **Personal Effort for the Salvation of Men.
