**The Apothecary's Shop. Essays on Literature** Dennis Joseph Enright, 1967      **Essays on Literature and Society in Southeast Asia** Tham (Seong Chee), 1981      *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      *Thomas Mann Studies, Volume 2* Klaus W. Jonas, Ilse B. Jonas, 2016-11-11 Seldom if ever has there lived in the United States a foreign born writer who has won such universal acclaim and made such an impact on the American literary scene as Thomas Mann Not only have Mann's works with very few exceptions been translated but he is also one of the most eagerly collected of all modern authors This volume will serve any student of literature or collector who is anxious to locate materials on Thomas Mann Thomas Mann Studies Volume II is intended first of all as the bibliographical record for the period from 1954 to 1965 Since the death of Mann in 1955 a vast amount of material has been published about the man and his work This extraordinary book lists almost four thousand items of criticism about the novelist which are not to be found in any previous bibliography By far the majority of the items are in German followed by a large number in English French Italian and Swedish Other languages represented include Japanese Dutch Spanish Romanian Danish Polish and Russian Achieving its primary purpose of facilitating research in the rapidly growing area of Thomas Mann studies throughout the world this book forms the complete record of critical secondary literature about Mann published as well as unpublished through 1965 It also contains a comprehensive chapter on Mann's manuscripts describing the public and private collections in which his papers are now preserved      *E. M. Forster* John Colmer, 2021-06-23 Originally published in 1975 E M Forster The Personal Voice draws on information about the life and works of E M Forster that came to light following his death in 1970 Exploring in particular the publication of Maurice in 1971 The Life to Come in 1972 and the Forster papers in King's College Library Cambridge this volume is an extensive study of E M Forster It provides a comprehensive and detailed overview of Forster's work his intellectual and literary background his personality and the reception of his work E M Forster The Personal Voice places Forster's works in their social and cultural context and provides an excellent insight into his development as a writer      Reading of E.M.
