## **The Appalachian National Scenic Trail A Time To Be Bold:**

*Appalachian National Scenic Trail* Charles H. W. Foster, 1987 In 1968 management of the Appalachian Trail shifted from control by an informal alliance of private citizen volunteers to a designated responsibility of the National Park Service To protect it from adverse development Congress had made the trail part of the national park system and endorsed an unique private public cooperative management system involving scores of private organizations and public jurisdictions The volunteers still have the lead role in defining the work but public agencies have the accountability This June 1987 history is the inside story of how the pieces of that puzzle were put together by the chairman of a group of volunteers and state appointed officials that crafted this model of private public stewardship of public recreational lands *The Appalachian Trail* Philip D'Anieri, 2021 The conception and building of the Appalachian Trail is a story of the unforgettable characters who explored it defined it and captured national attention by hiking it D Anieri provides backstories for the dreamers and builders who helped bring the Trail to life over the past century A must read for anyone who wonders about our relationship with the great outdoors adapted from jacket **On the Trail** Silas Chamberlin, 2016-10-25 The first history of the American hiking community and its contributions to the nation's vast network of trails In the mid nineteenth century urban walking clubs emerged in the United States A little more than a century later tens of millions of Americans were hiking on trails blazed in every region of the country This groundbreaking book is the first full account of the unique history of the American hiking community and its rich nationwide culture Delving into unexplored archives including those of the Appalachian Mountain Club Sierra Club Green Mountain Club and many others Silas Chamberlin recounts the activities of hikers who over many decades formed clubs built trails and advocated for environmental protection He also discusses the shifting attitudes of the late 1960s and early 1970s when ideas about traditional volunteerism shifted and new hikers came to see trail blazing and maintenance as government responsibilities Chamberlin explores the implications for hiking groups future club leaders and the millions of others who find happiness inspiration and better health on America's trails With rich historical context Silas Chamberlin inspires new appreciation for trailblazers while sharing the legacy of hiking and its growing importance today as people find their way to a new relationship with the natural world Richard Louv author of *Last Child in the Woods* and *Vitamin N* Chamberlin has demonstrated that what at first looks simple walking on our own two feet has a complex history of changing cultural associations social infrastructure and national significance James Longhurst University of Wisconsin La Crosse **Tangled Roots** Sarah Mittlefehldt, 2013-11-01 The Appalachian Trail a thin ribbon of wilderness running through the densely populated eastern United States offers a refuge from modern society and a place apart from human ideas and institutions But as environmental historian and thru hiker Sarah Mittlefehldt argues the trail is also a conduit for community engagement and a model for public private cooperation and environmental stewardship In *Tangled Roots* Mittlefehldt tells the story of the trail's creation The project was one of the first in which the National Park Service attempted to create public

wilderness space within heavily populated privately owned lands Originally a regional grassroots endeavor under federal leadership the trail project retained unprecedented levels of community involvement As citizen volunteers came together and entered into conversation with the National Parks Service boundaries between local and nonlocal public and private amateur and expert frequently broke down Today as Mittlefehldt tells us the Appalachian Trail remains an unusual hybrid of public and private efforts and an inspiring success story of environmental protection Watch the trailer <http://www.youtube.com/watch?v=AFyhuGqbCGc>
