## **The Arab States And The Palestine Question Between Ideology And Self Interest The Washington Papers:**

The Arab States and the Palestine Question Aaron David Miller, 1986-05-15 Miller has written extensively on the Middle East and has been an analyst with the Department of State He is well acquainted with the so called Palestine Question The focus of the present study is upon the Palestinian cause and its less than full cooperative relationship with Jordan Syria and Egypt This volume is an excellent complement to Arthur Day s East Bank West Bank and is useful to the serious student of Middle East politics Choice

**On Both Banks of the Jordan** Asher Susser, 2017-05-18 To a large extent the history of the Hashemite Kingdom of Jordan has been shaped by the interaction between Jordan and Palestine and between Jordanians and Palestinians This book first published in 1994 discusses this relationship during one of its most critical phases through the prism of the biography of one of the main actors in this saga a Prime Minister in the 1960s and early 70s Wasf al Tall

**A History of Jordan** Philip Robins, 2004-02-09 Publisher Description *Routledge Library Editions: Jordan* Various Authors, 2021-03-11 Routledge Library Editions Jordan brings together some key works in the study of this strategically vital country Widely regarded as a rare country of calm in a turbulent region these classic titles provide an essential reference to the in depth study of Jordan and its particular status in the Middle East

**The Middle East**, 1989 The Middle East, Abstracts and Index, 2002 Conflict Change and Persistence Meirav Mishali-Ram, 2019-09-05 This book traces the roots of the two enduring rivalries the India Pakistan and Arab Israeli conflicts It then compares trends of development and change over time and examines their impact on the persistence of each conflict Covering a wide range of historical events spanning seven decades in the two regions including major militarized disputes and peace negotiations the study points to variation in interstate relations and a significant increase in animosity between states and non state players It shows how changes in the agenda and the identity discourse of the main actors involved in these conflicts have undermined the idea of a two state solution hindering the resolution of the persistent conflicts in South Asia and the Middle East

**New York University Journal of International Law & Politics** New York University. International Law Society, 1986

**Inheriting Syria** Flynt Leverett, 2005-04-15 Syria has long presented a difficult problem for American policymakers Actively supportive of groups such as Hezbollah it has occupied Lebanon for more than 20 years Damascus remains intransigent on Israel s complete withdrawal from the disputed Golan Heights as the sine qua non for peace with that state It is often mentioned in the same breath as members of the infamous axis of evil Syria occupies an important strategic position in the Middle East one made even more significant as America considers long term involvement in the reconstruction of Iraq As the policy challenges posed by Syria s problematic behavior have grown more pressing in the recent security environment the United States has had difficulty formulating a coherent and effective policy toward Damascus The death of long time dictator Hafiz al Assad has forced renewed debate on its place in the region The transition from Assad to his son Bashar has thrown Western consensus on how to deal with the Syrian leadership further into doubt In heriting Syria fills this void with a detailed analytic portrait of

the Syrian regime under Bashar's leadership. It draws implications for U.S. policy offering a bold new strategy for achieving American objectives largely via a strategy of coordinated engagement employing both sticks and carrots. This strategy would be independent of the Arab-Israeli peace process thus a historical departure for the United States. The author's long service in the foreign policy establishment has uniquely positioned him to provide valuable insights into this mysterious yet important country. This book will be of high interest to those concerned about the Middle East, the war on terror and the future of American foreign policy. Written for a general audience as well as the policymaking and academic communities, heriting Syria is an important resource for all who seek deeper understanding of this enigmatic nation and its leadership.

Strategic Calling James Allen Smith, 1993      **Middle East Review**, 1987      国際関係論 国際政治学 (Japan), 1987

Behind the Myth Andrew Gowers, Tony Walker, 1992. On the evening of December 14, 1988, in a crowded conference room in Geneva's Palais des Nations, Yasser Arafat opened a new chapter in the tangled and bloody history of the Palestinian resistance movement he has led for over 20 years. In a political departure that friends and foes alike had long doubted he would ever be able to make, Arafat explicitly recognized Israel, renounced terrorism, and set out in search of recognition from the West and a peaceful solution to the Arab-Israeli conflict. Book Jacket      *Die syrische Aussenpolitik unter Präsident Hafez Assad* Martin Stäheli, 2001. Unter Präsident Hafez Assad ist Syrien zu einem zentralen Akteur des Nahen Ostens geworden. Assad hat in den 30 Jahren seiner Herrschaft 1970-2000 Syrien als wichtigen Gegenspieler Israels etabliert. Unter Ausnutzung des globalen Ost-West-Konflikts gelang es Assad, den Libanon zu kontrollieren und im arabischen Raum eine dominante Stellung einzunehmen. Das Buch stellt diese Leistungen vor. Wer an einem tiefergehenden Einstieg in die nahostliche Zeitgeschichte interessiert ist, wird hier systematisch kenntnisreich und gut verständlich informiert. Das Parlament Franz Steiner, 2001.      *Choice*, 1986      Jordan and the Palestine Question Sami Al-Khazendar, 1997. Jordan is unique in its political, geographic and demographic complexion, located at the heart of a turbulent Middle East. With limited natural resources at its disposal, the country is exceptionally dependent on good foreign relations and foreign aid. This situation makes a fascinating subject for a case study of the relationship between foreign and domestic politics in the Arab world, a singularly under-researched and neglected subject.      **The Iranian Journal of International Affairs**, 1989
