Hitler's Armed SS Anthony Tucker-Jones, 2022-09-15 A history of Germany s Waffen SS from its origins to its evolution featuring insights to its leading commanders divisions war crimes and more The Waffen SS was one of the most formidable German military formations of the Second World War feared for its tenacity and ruthlessness in battle notorious for the atrocities it committed As a distinct fighting force derived from the Nazi Party s SS organization it stood apart from the other units of the German army Its

origins structure and operational role during the war are often misunderstood and the controversy still surrounding its conduct make it difficult today to get an accurate picture of its actions and its impact on the fighting Anthony Tucker Jones in this concise and fluently written account provides an absorbing and clear sighted introduction to it He traces its development under Himmler from modest beginnings in the early 1930s as Hitler s personal protection squad of elite soldiers to a force which eventually amounted to thirty eight divisions Towards the end of the war many Waffen SS units were formed from foreign volunteers and proved to be of poor quality but its premier panzer divisions thoroughly deserved their reputation as tough fighters Through accounts of the Waffen SS s major battles on the Eastern Front in Normandy and finally in defence of Germany a detailed picture emerges of the contribution it made to the German war effort especially when Hitler s armies were in retreat The parts played by the most famous Waffen SS formations Das Reich Totenkopf Leibstandarte SS Adolf Hitler among them and their commanders men like Dietrich and Hausser can be seen in the wider context of the war and Germany s defeat Praise for Hitler s Armed SS An extraordinarily informed and informative account that will prove to be a welcome and enduringly appreciated contribution to personal professional community and academic library World War II history collections and supplemental curriculum studies lists Midwest Book Review This is a good starter to understand the Waffen SS and its role on the battlefield It describes each SS Division and its key actions and outcomes Michael McCarthy Battlefield Guide The Allied Defense of the Malay Barrier, 1941-1942 Tom Womack, 2015-12-15 Though few realize it the Netherlands East Indies were the object of Japan s attack on Pearl Harbor in December 1941 Likewise their invasions of Guam Wake Island and the Philippines were mainly diversionary operations to safeguard their main assault on Dutch and British colonies Since the end of World War I Japan had coveted the vast East Indies oil reserves and the colony had feared invasion since Germany overran Holland in May 1940 Isolated politically the weakly defended archipelago was a tempting prize The East Indies government initially maintained a strict policy of neutrality while desperately working to build up its military strength As Japanese actions pushed the region toward war the Dutch reluctantly embraced closer ties with America and Britain For a brief period the East Indies were key players in Pacific War strategy This book details for the first time in English the Dutch prewar strategy their efforts to counter Japanese espionage and their sizable though largely forgotten military contribution in the early months of the Pacific War *New York Times Saturday Review of Books and Art* ,1981

U.S. National Security and the Communist Challenge Army Library (U.S.),1961 **Mailing List (Infantry School (U.S.))** ,1980 Tuskegee Airmen Samuel de Korte,2024-04-30 The history of 332nd Fighter Group the only segregated Fighter Group that served in combat during the Second World War During the Second World War the Tuskegee Airmen had not one but two enemies to overcome the German Luftwaffe and Jim Crow In this book the inspiring history of these men is recounted detailing the struggles the men faced at home and abroad The Tuskegee Airmen were black American pilots who served in the Army Air Corps during the Second World War However before earning their wings these men and women needed to prove themselves to their white countrymen After all the racism prevalent at the time meant that black Americans were deemed unsuitable for the demands of modern war After completing their training and conducting their first combat missions the real enemy was waiting for them the Luftwaffe As a result of their role escorting the bombers as well as their bright red tails the Tuskegee Airmen of 332nd Fighter Group earned the nickname the Red Tails The units served with distinction in several fierce engagements such as the 99th Fighter Squadron who fought in the skies over Anzio on 27 and 28 January 1944 and the 332nd Fighter Group who earned a Distinguished Unit Citation for its mission to Berlin on 24 March 1945 Holocaust Heroes Mark Felton,2016-09-19 This inspiring book examines the often incredible and nearly always tragic examples of Jewish resistance in ghettos and concentration camps during the Nazis Final Solution It shows that the Warsaw Uprising in Poland during April to May 1944 was not the only occasion of defiant opposition Throughout the Nazis extermination programme Jews and other prisoners fought back against their murderers often with stunning results The Germans were nearly always taken by surprise by the sudden emergence of armed Jewish resistance and often paid dearly This happened in ghettos and concentration campos including Treblinka Auschwitz Syreles and Sobibor throughout Poland and the Ukraine Some Jews tried to stop the machinery of the Holocaust by rising up and destroying the gas chambers while others bravely tried to take over an extermination camp and escape en masse In virtually every case the brave men and women who volunteered to fight back paid with their lives Importantly these men and women are not just portrayed as victims but also as brave and resourceful fighters and resisters against their tragic fate These are stories that are uplifting inspiring and often profoundly moving
