transparency beauty and formal structure of windows In its exclusive focus on paintings without human subjects this catalogue will offer a new approach to Wyeth's work being the first time that his non figural compositions have been published as a group The authors explore Wyeth's fascination with windows their formal structure and metaphorical complexity In essays that address links with the poetry of Robert Frost and the paintings of Edward Hopper Charles Sheeler and Franz Kline the authors consider Wyeth's statement that he was in truth an abstract painter
