CHORDS

[Intro]

D A

[Verse 1]

My heart, my heart's an empty canvas
I never could've planned this
The way you looked tonight
When the moonlight hits your eyes
And the moment they meet mine
It's photographic

[Verse 2]

And your smile, your smile is like the stars
It illuminates the dark
And when I need you most
Right here is where you are
Even if we're worlds apart
It's enigmatic

[Chorus]

I sit here, painting perfect pictures
Of every moment with you

The Art of Partimento Giorgio Sanguinetti, 2012-04-03 At the height of the Enlightenment four conservatories in Naples stood at the center of European composition Maestros taught their students to compose with unprecedented swiftness and elegance using the partimento an instructional tool derived from the basso continuo that encouraged improvisation as the path to musical fluency Although the practice vanished in the early nineteenth century its legacy lived on in the music of the next generation In *The Art of Partimento* performer and music historian Giorgio Sanguinetti chronicles the history of this long forgotten Neapolitan art Sanguinetti has painstakingly reconstructed the oral tradition that accompanied these partimento manuscripts now scattered throughout Europe Beginning with the origins of the partimento in the circles of Corelli Pasquini and Alessandro Scarlatti in Rome and tracing it through the peak of the tradition in Naples *The Art of Partimento* gives a glimpse into the daily life and work of an eighteenth century composer *The Art of the Partimento* is also a complete practical handbook to reviving the tradition today Step by step Sanguinetti guides the aspiring composer through elementary realization to more advanced exercises in diminution imitation and motivic coherence Based on the teachings of the original masters Sanguinetti challenges the reader to become a part of history providing a variety of original partimenti in a range of genres forms styles and difficulty levels along the way and allowing the student to learn the art of the partimento for themselves at their own pace As both history and practical guide *The Art of Partimento* presents a new and innovative way of thinking about music theory Sanguinetti's unique approach unites musicology and music theory with performance which allows for a richer and deeper understanding than any one method alone and offers students and scholars of composition and music theory the opportunity not only to understand the life of this fascinating tradition but to participate in it as well **The Harmonicon**, 1826 **The Art of Accompaniment from a Thorough-Bass** F.
