**Geoffrey Cubitt**

## **The Art Of Deception Polish Language Ed:**

**The Language of Deception** Dariusz Galasiński, 2000 This book employs a discourse analytical approach to the study of deception It focuses on the deceptive messages themselves how language is used to deceive others and what kinds of linguistic devices are used The author develops a theory of deception based on his study of debates and interviews of American and British politicians

**The Political Economy of Art** Julie F. Codell, 2008 Political economy is defined in this volume as collective state or corporate support for art and architecture in the public sphere intended to be accessible to the widest possible public raising questions about the relationship of the state to cultural production and consumption This collection of essays explores the political economy of art from the perspective of the artist or from analysis of art's production and consumption emphasizing the art side of the relationship between art and state This volume explores art as public good a central issue in political economy Essays examine specific cultural spaces as points of struggle between economic and cultural processes Essays focus on three areas of conflict theories of political economy put into practices of state cultural production sculptural and architectural monuments commissioned by state and corporate entities and conflicts and critiques of state investments in culture by artists and the public amazon com edit desc
