The Miracle Of Jimmy Carter

Howard Norton

The Miracle Of Jimmy Carter:

The Miracle of Jimmy Carter Howard Melvin Norton, Bob Slosser, 1976 Here is Jimmy Carter man of faith and politics as seen by two veteran newsmen Pulitzer Prize winner Howard Norton and former assistant new editor in Washington for The New York Times Bob Slosser **The Miracle of Jimmy Carter** Howard Norton, 1976 A Companion to Gerald R. Ford and Jimmy Carter Scott Kaufman, 2015-10-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department *Jimmy Carter Ten Miracles* Julie Ann Shaffer, 2023-12-12 Jimmy Carter Ten Miracles invites you on a riveting exploration of the extraordinary life of the 39th President of the United States From the humble origins in Plains Georgia to the global stage of political power this biography unveils ten pivotal miracles that define Jimmy Carter s legacy Discover the Camp David Accords a diplomatic marvel that bridged divides and witness Habitat for Humanity s transformative impact This book transcends politics offering a narrative that speaks to resilience compassion and the enduring power of principled leadership A captivating journey awaits you a narrative that not only chronicles a presidency but explores universal themes of empathy diplomacy and the relentless pursuit of a better world Join us in uncovering the extraordinary life of a man who even in his post presidential years remains a lifelong miracle worker Ten Miracles is more than a biography it s an exploration of the indelible impact one individual can have on the world Illuminate your shelves with this compelling story of leadership hope and the enduring belief that miracles are not elusive events but the outcomes of dedicated compassionate and principled lives *Jimmy Carter, the Politics of Family, and the Rise of the Religious Right* J. Brooks Flippen, 2011 As Jimmy Carter ascended to the presidency the heir apparent to Democratic liberalism he touted his background as a born again evangelical Once in office his faith indeed helped form policy on a number of controversial moral issues By acknowledging certain behaviors as sinful while insisting that they were private matters beyond government interference J Brooks Flippen argues Carter unintentionally alienated both social liberals and conservative Christians thus ensuring that the debate over these moral family issues acquired a new prominence in public and political life The Carter era according to Flippen stood at a fault line in American culture religion and politics In the wake of the 1960s some Americans worried that the traditional family faced a grave crisis This newly politicized constituency viewed secular humanism in education the recognition of reproductive rights established by Roe v Wade feminism and the

struggle for homosexual rights as evidence of cultural decay and as a challenge to religious orthodoxy Social liberals viewed Carter's faith with skepticism and took issue with his seeming unwillingness to build on recent progressive victories Ultimately Flippen argues conservative Christians emerged as the Religious Right and were adopted into the Republican fold Examining Carter's struggle to placate competing interests against the backdrop of difficult foreign and domestic issues a struggling economy the stalled Strategic Arms Limitation Talks disputes in the Middle East handover of the Panama Canal and the Iranian hostage crisis Flippen shows how a political dynamic was formed that continues to this day

The Presidency of James Earl Carter, Jr Burton Ira Kaufman, Scott Kaufman, 2006 A thoroughly revised updated and newly illustrated version of the Gaddis Smith called the best book on the totality of the Carter presidency The new edition includes more on the former president's foreign and environmental policies and expands coverage of the personal Carter as well as his wife Rosalyn's activist role during his administration

The Outlier Kai Bird, 2021-06-15 Important a landmark presidential biography Bird is able to build a persuasive case that the Carter presidency deserves this new look The New York Times Book Review An essential re-evaluation of the complex triumphs and tragedies of Jimmy Carter's presidential legacy from the expert biographer and Pulitzer Prize winning co-author of American Prometheus Four decades after Ronald Reagan's landslide win in 1980 Jimmy Carter's one-term presidency is often labeled a failure indeed many Americans view Carter as the only ex-president to have used the White House as a stepping stone to greater achievements But in retrospect the Carter political odyssey is a rich and human story marked by both formidable accomplishments and painful political adversity In this deeply researched brilliantly written account Pulitzer Prize winning biographer Kai Bird deftly unfolds the Carter saga as a tragic tipping point in American history As president Carter was not merely an outsider he was an outlier He was the only president in a century to grow up in the heart of the Deep South and his born-again Christianity made him the most openly religious president in memory This outlier brought to the White House a rare mix of humility candor and unnerving self-confidence that neither Washington nor America was ready to embrace Decades before today's public reckoning with the vast gulf between America's ethos and its actions Carter looked out on a nation torn by race and demoralized by Watergate and Vietnam and prescribed a radical self-examination from which voters recoiled The cost of his unshakable belief in doing the right thing would be losing his re-election bid and witnessing the ascendance of Reagan In these remarkable pages Bird traces the arc of Carter's administration from his aggressive domestic agenda to his controversial foreign policy record taking readers inside the Oval Office and through Carter's battles with both a political establishment and a Washington press corps that proved as adversarial as any foreign power Bird shows how issues still hotly debated today from national health care to growing inequality and racism to the Israeli-Palestinian conflict burned at the heart of Carter's America and consumed a president who found a moral duty in solving them Drawing on interviews with Carter and members of his administration and recently declassified documents Bird delivers a profound clear-eyed evaluation

of a leader whose legacy has been deeply misunderstood The Outlier is the definitive account of an enigmatic presidency both as it really happened and as it is remembered in the American consciousness **The Age of Evangelicalism** Steven Patrick Miller, 2014 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America's born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey's doomsday prophecies and Marabel Morgan's sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times **Faith and the Presidency From George Washington to George W. Bush** Gary Scott Smith, 2006-10-12 Publisher description **The Uncollected Essays of Elizabeth Hardwick** Elizabeth Hardwick, 2022-05-24 Essays on music art pop culture literature and politics by the renowned essayist and observer of contemporary life now collected together for the first time The Uncollected Essays of Elizabeth Hardwick is a companion collection to The Collected Essays a book that proved a revelation of what for many had been an open secret that Elizabeth Hardwick was one of the great American literary critics and an extraordinary stylist in her own right The thirty five pieces that Alex Andriess has gathered here none previously featured in volumes of Hardwick's work make it clear that her powers extended far beyond literary criticism encompassing a vast range of subjects from New York City to Faye Dunaway from Wagner's Parsifal to Leonardo da Vinci's inventions and from the pleasures of summertime to grits souffl In these often surprising always well wrought essays we see Hardwick's passion for people and places her politics her thoughts on feminism and her ability especially from the 1970s on to write well about seemingly anything

Delve into the emotional tapestry woven by in Dive into the Emotion of **The Miracle Of Jimmy Carter** .
