**Punched Jefferson Davis** Ben Wynne, 2018-11-07 Regarded as one of the most vocal well traveled and controversial statesmen of the nineteenth century antebellum politician Henry Stuart Foote played a central role in a vast array of pivotal events Despite Foote's unique mark on history until now no comprehensive biography existed Ben Wynne fills this gap in his examination of the life of this gifted and volatile public figure in *The Man Who Punched Jefferson Davis: The Political Life of Henry S. Foote, Southern Unionist* An eyewitness to many of the historical events of his lifetime Foote an opinionated native Virginian helped to raise money for the Texas Revolution provided political counsel for the Lone Star Republic's leadership before annexation and published a 400 page history of the region In 1847 Mississippi elected him to the Senate where he promoted cooperation with the North during the Compromise of 1850 One of the South's most outspoken Unionists he infuriated many of his southern colleagues with his explosive temperament and unorthodox ideas that quickly established him as a political outsider His temper sometimes led to physical altercations including at least five duels pulling a gun on fellow senator Thomas Hart Benton during a legislative session and engaging in run ins with other politicians notably a fistfight with his worst political enemy Jefferson Davis He left the Senate in 1851 to run for governor of Mississippi on a pro Union platform and defeated Davis by a small margin Several years later Foote moved to Nashville was elected to the Confederate Congress after Tennessee seceded and continued his political sparring with the Confederate president From Foote's failed attempt to broker an unauthorized peace agreement with the Lincoln government and his exile to Europe to the publication of his personal memoir and his appointment as director of the United States mint in New Orleans Wynne constructs an entertaining and nuanced portrait of a singular man who constantly challenged the conventions of southern and national politics *Faulkner and History* Jay Watson, James G. Watson William Faulkner remains a historian's writer. A distinguished roster of historians are drawn to him as a fellow historian, a shaper of narrative, reflections on the meaning of the past as a historiographer, a theorist and dramatist of the fraught enterprise of doing history, and as a historical figure himself, especially following his mid-century emergence as a public intellectual after winning the Nobel Prize for Literature. This volume brings together historians and literary scholars to explore the many facets of Faulkner's relationship to history, the historical contexts of his novels and stories, his explorations of the historiographic imagination, his engagement with historical figures from both the regional and national past, his influence on professional historians, his pursuit of alternate modes of temporal awareness, and the histories of print culture that shaped the production, reception, and criticism of Faulkner's work. Contributors draw on the history of development in the Mississippi Valley, the construction of Confederate memory, the history and curriculum of Harvard University, twentieth-century debates over police brutality and temperance reform, the history of modern childhood, and the literary histories of antislavery writing and pulp fiction to illuminate Faulkner's work. Others in the collection explore the meaning of Faulkner's fiction for such professional historians as C. Vann Woodward and Albert Bushnell Hart. In these ways, and more, *Faulkner and History* offers fresh insights into one of the most persistent and long-recognized elements of the Mississippian's artistic vision.

**Suicide or Murder?** Vardis Fisher, 2017-07-11 Meriwether Lewis 1774-1809 was an American explorer, soldier, politician, and public administrator, best known for his role as the leader of the Lewis and Clark Expedition, also known as the Corps of Discovery, with William Clark. Their mission was to explore the territory of the Louisiana Purchase, establish trade with, and sovereignty over the natives near the Missouri River, and claim the Pacific Northwest and Oregon Country for the United States before European nations. They also collected scientific data and information on indigenous nations. President Thomas Jefferson appointed Lewis Governor of Upper Louisiana in 1806. He died of gunshot wounds in what was either a murder or suicide in 1809. The death of Meriwether Lewis is one of the great mysteries of American history: Was he murdered at Grinder's Stand, or did he commit suicide? Vardis Fisher meticulously reconstructs the events and presents his own version of the case with the precision and persuasiveness of a fine trial lawyer. But Fisher was also a great novelist, and it is his sense of character that serves him best here. We know Lewis' complex sensibility as well as we know that of any man of his time; his Journals are so self-revealing, so exacting in the record they make of his musings, doubts, and elations. Fisher offers us this complex Lewis, and with equal perceptiveness sets the rough frontier scene at Grinder's Stand. The result is a fine mystery well solved that leans toward tragedy. *The Journal of American Indian Family Research - Vol. V, No. 4 - 1984*, **Blood in the Wilderness** Jack Edward Shay, 1998-09-11 Early August 1799.
